

RCW 84.52.069

Emergency medical care and service levies.

***** CHANGE IN 2011 *** (SEE 5628.SL) *****

(1) As used in this section, "taxing district" means a county, emergency medical service district, city or town, public hospital district, urban emergency medical service district, regional fire protection service authority, or fire protection district.

(2) A taxing district may impose additional regular property tax levies in an amount equal to fifty cents or less per thousand dollars of the assessed value of property in the taxing district. The tax shall be imposed (a) each year for six consecutive years, (b) each year for ten consecutive years, or (c) permanently. A tax levy under this section must be specifically authorized by a majority of at least three-fifths of the registered voters thereof approving a proposition authorizing the levies submitted at a general or special election, at which election the number of persons voting "yes" on the proposition shall constitute three-fifths of a number equal to forty percent of the total number of voters voting in such taxing district at the last preceding general election when the number of registered voters voting on the proposition does not exceed forty percent of the total number of voters voting in such taxing district in the last preceding general election; or by a majority of at least three-fifths of the registered voters thereof voting on the proposition when the number of registered voters voting on the proposition exceeds forty percent of the total number of voters voting in such taxing district in the last preceding general election. Ballot propositions shall conform with RCW 29A.36.210. A taxing district shall not submit to the voters at the same election multiple propositions to impose a levy under this section.

(3) A taxing district imposing a permanent levy under this section shall provide for separate accounting of expenditures of the revenues generated by the levy. The taxing district shall maintain a statement of the accounting which shall be updated at least every two years and shall be available to the public upon request at no charge.

(4) A taxing district imposing a permanent levy under this section shall provide for a referendum procedure to apply to the ordinance or resolution imposing the tax. This referendum procedure shall specify that a referendum petition may be filed at any time with a filing officer, as identified in the ordinance or resolution. Within ten days, the filing officer shall confer with the petitioner concerning form and style of the petition, issue the petition an identification number, and secure an accurate, concise, and positive ballot title from the designated local official. The petitioner shall have thirty days in which to secure the signatures of not less than fifteen percent of the registered voters of the taxing district, as of the last general election, upon petition forms which contain the ballot title and the full text of the measure to be referred. The filing officer shall verify the sufficiency of the signatures on the petition and, if sufficient valid signatures are properly submitted, shall certify the referendum measure to the next election within the taxing district if one is to be held within one hundred eighty days from the date of filing of the referendum petition, or at a special election to be called for that purpose in accordance with RCW 29A.04.330.

The referendum procedure provided in this subsection shall be exclusive in all instances for any taxing district imposing the tax under this section and shall supersede the procedures provided under all other statutory or charter provisions for initiative or referendum which might otherwise apply.

(5) Any tax imposed under this section shall be used only for the provision of emergency medical care or emergency medical services, including related personnel costs, training for such personnel, and related equipment, supplies, vehicles and structures needed for the provision of emergency medical care or emergency medical services.

(6) If a county levies a tax under this section, no taxing district within the county may levy a tax under this section. If a regional fire protection service authority imposes a tax under this section, no other taxing district that is a participating fire protection jurisdiction in the regional fire protection service authority may levy a tax under this section. No other taxing district may levy a tax under this section if another taxing district has levied a tax under this section within its boundaries: PROVIDED, That if a county levies less than fifty cents per thousand dollars of the assessed value of property, then any other taxing district may levy a tax under this section equal to the difference between the rate of the levy by the county and fifty cents: PROVIDED FURTHER, That if a taxing district within a county levies this tax, and the voters of the county subsequently approve a levying of this tax, then the amount of the taxing district levy within the county shall be reduced, when the combined levies exceed fifty cents. Whenever a tax is levied countywide, the service shall, insofar as is feasible, be provided throughout the county: PROVIDED FURTHER, That no countywide levy proposal may be placed on the ballot without the approval of the legislative authority of each city exceeding fifty thousand population within the county: AND PROVIDED FURTHER, That this section and RCW 36.32.480 shall not prohibit any city or town from levying an annual excess levy to fund emergency medical services: AND PROVIDED, FURTHER, That if a county proposes to impose tax levies under this section, no other ballot proposition authorizing tax levies under this section by another taxing district in the county may be placed before the voters at the same election at which the county ballot proposition is placed: AND PROVIDED FURTHER, That any taxing district emergency medical service levy that is limited in duration and that is authorized subsequent to a county emergency medical service levy that is limited in duration, shall expire concurrently with the county emergency medical service levy.

(7) The limitations in RCW 84.52.043 shall not apply to the tax levy authorized in this section.

(8) If a ballot proposition approved under subsection (2) of this section did not impose the maximum allowable levy amount

authorized for the taxing district under this section, any future increase up to the maximum allowable levy amount must be specifically authorized by the voters in accordance with subsection (2) of this section at a general or special election.

(9) The limitation in RCW 84.55.010 shall not apply to the first levy imposed pursuant to this section following the approval of such levy by the voters pursuant to subsection (2) of this section.

(10) For purposes of this section, the following definitions apply:

(a) "Fire protection jurisdiction" means a fire protection district, city, town, Indian tribe, or port district; and

(b) "Participating fire protection jurisdiction" means a fire protection district, city, town, Indian tribe, or port district that is represented on the governing board of a regional fire protection service authority.
