### Snow/Emergency Service

**Servicio de emergencia/nieve**

During most snow conditions, routes 312 and 522 will operate via the snow routes shown in this timetable. If Metro declares an emergency, Route 522 will continue to operate as designated Emergency Service Network route, using its same route number and snow routing as shown. Route 312 will not operate during emergency conditions. Visit kingcounty.gov/metroroute and sign up for Transit Alerts to stay informed during adverse conditions.

Due to the majority of the routes, the routes 312 and 522 operate on the routes they are used in this program, designated for adverse circumstances. If Metro declares an emergency, the Routes 312 and 522 will be continued operating as a route designated in the Red Service of Emergency, with the same number of routes and services that are currently in service, and any statement made in the Red Service of Emergency will be valid in the Emergency Service Network.

### Accessible Formats

People with disabilities who need this information in accessible formats may call 206-477-0066 (voice) or TTY Relay: 711.

### Night Stop Program

For your added safety at night, you may request to exit the bus at a location along your route other than a regular bus stop. To do so, please go to the front of the bus and ask your driver at least one block before your desired stop. Safety considerations will determine if the driver can comply with your request. Night Stop service is available only from 8 pm to 5 am and is for dropping off only. Night Stop is not provided in downtown Seattle.

### Night Rider Tip

You can help drivers spot you when it is dark or during times of reduced visibility by wearing brightly colored clothing and by standing in the most visible area of the bus stop. We don’t want to miss you.
