WHEREAS, to provide adequately for student safety, security, instruction, classroom and support services, and technology needs, the Board of Directors of the District (the “Board”) deems it necessary to levy taxes upon all of the taxable property within the District in excess of the maximum annual tax levy permitted by law to be levied within the District without a vote of the electors, such levy to be made for three years commencing in 2024 for collection in the school years 2024-2025 through 2027–2028, inclusive, as authorized by Article VII, Section 2 of the State Constitution and RCW 84.52.053, with such excess taxes to be deposited into the District’s Capital Projects Fund, or a sub-fund thereof, and used to pay for a portion of the Projects; and

WHEREAS, the Constitution and laws of the State require that the question of whether the District may levy such excess taxes be submitted to the qualified electors of the District for their ratification or rejection; and

WHEREAS, the Board deems it necessary and advisable to place the proposition for such excess tax levies before the District’s voters at an election to be held within the District on April 23, 2024;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF KENT SCHOOL DISTRICT NO. 415, KING COUNTY, WASHINGTON, as follows:

Section 1. The Board hereby finds and declares that the best interests of the District’s students and other residents require the District to carry out the Projects as hereinafter provided, at the time or times and in the order deemed most necessary and advisable by the Board.

Section 2. Upon approval by the voters of the proposition in substantially the form set forth below, the Projects the District will finance with proceeds from the excess property tax levies will include:

The District shall make other capital project expenditures as found necessary by the Board of Directors. The District may repay any obligations hereafter incurred for the foregoing purposes.

If available funds are sufficient, the District shall acquire, construct, equip and make other capital or technology improvements to the District, all as the Board finds necessary; provided that such funds may be used only to support the construction, modernization, replacement, and

remodeling of school facilities or implementation of the District's technology program.

Incidental costs incurred in connection with carrying out and accomplishing the foregoing shall be deemed part of the Projects. Such costs shall include, but are not limited to: payments for fiscal and legal expenses; establishing and funding accounts; necessary and related engineering, architectural, planning, consulting, permitting, inspection and testing costs; administrative and relocation expenses; site improvement and demolition costs; and costs for other similar activities or purposes, all as deemed necessary and advisable by the Board and permitted by law.

The Projects, or any portion or portions thereof, shall be acquired or made insofar as is practicable with available money and in such order of time as shall be deemed necessary and advisable by the Board. The Board shall determine the application of available money between the various parts of the Projects so as to accomplish, as near as may be, all of the Projects. The Board shall determine the exact order, extent and specifications for the Projects. The Projects are to be more fully described in the plans and specifications to be prepared by the District's architects and engineers and to be filed with the District.

If the District shall determine that it has become impracticable to accomplish any of such improvements or portions thereof by reason of changed conditions or needs, incompatible development, costs substantially in excess of those estimated, or acquisition by a superior governmental authority, the District shall not be required to accomplish such improvement and may apply levy proceeds as set forth in this section. If any or all of the improvements have been completed, or their completion duly provided for, or their completion found to be impractical, the District may apply the levy proceeds or any portion thereof to other portions of the improvements or to other capital purposes of the District, as the District in its discretion shall determine. Notwithstanding any provision of this resolution to the contrary, levy proceeds may only be used to support the construction, modernization or remodeling of school facilities or implementation of

the District's technology program.

Section 3. The Board hereby finds and declares that the best interests of the District's students and other residents require submission to the District's voters, for their approval or rejection, the proposition of whether the District shall levy excess property taxes upon all of the taxable property within the District in order to provide funding for the Projects. Upon approval by the voters of the proposition in substantially the form set forth below, the following taxes for the District's Capital Projects Fund will be levied upon all of the taxable property within the District in excess of the maximum annual tax levy permitted by law to be levied within the District without a vote of the electors:

- C. \$65,900,000, said levy to be made in 2026 for collection in 2027.

The exact levy rate and the actual amounts collected shall be adjusted based upon the actual assessed value of the property within the District at the time of the levy. At this time, based upon information provided by the King County Assessor's Office, the estimated levy rate for the 2025 collection is \$1.36 per thousand dollars of assessed valuation, the estimated levy rate for the 2026 collection is \$1.36 per thousand dollars of assessed valuation, and the estimated levy rate for the 2027 collection is \$1.36 per thousand dollars of assessed valuation.
