

# CORE Data Dictionary for DDECS Adult Services Providers

King County's Department of Community and Human Services (DCHS) uses the Client Outcomes Reporting Engine (CORE) as a way for providers to submit data about the individuals they serve to DCHS. In CORE, data for the Developmental Disabilities and Early Childhood Supports (DDECS) Division Adult Services providers is reported monthly on **reporting spreadsheets** downloaded from the CORE web portal (<https://core.kingcounty.gov>). This data dictionary document does the following:

- Includes the data elements that providers will need to collect for monthly reporting and billing submitted via **reporting spreadsheets** in CORE;
- Defines each data element and their response options for CORE;
- Indicates which data elements are pre-filled in **reporting spreadsheets** and which data elements need to be reported by providers.

Please note, CORE continues to be tested and improved and while we will work to limit changes, **all data elements and response options listed here are subject to change.**

The following sections list and define the data elements required for each program **as of January 2023 reporting (submitted in February 2023)**. Data elements are listed in the order they will appear in the reporting spreadsheet used for submissions.

## Contents

School-to-Work .....	3
Individual Employment .....	15
Group Supported Employment.....	27
Community Inclusion .....	38
Individualized Technical Assistance .....	44
Appendices.....	50
Appendix A –City List.....	50
Appendix B –County List .....	51
Appendix C –School District List.....	52
Appendix D –Job Type List .....	53
Appendix E –Job Loss Reason List .....	54
Appendix F –Service Termination Reason List .....	55

## School-to-Work

The following data elements will be included on the individual-level reporting spreadsheets for School-to-Work in CORE. Some of the data elements included on the spreadsheet will automatically populate via information contained in CORE and added by DDECS Program Managers. Data that is pre-populated on reporting spreadsheets and does not need to be reported by providers is highlighted in grey below and indicated in the “reported by” column.

**\*IMPORTANT NOTE:** For S2W only, if you do not see a student on the reporting spreadsheet that you expect to be there, call your DDECS Program Manager to discuss. Unlike other programs, you cannot add students to a reporting spreadsheet for S2W.

## Individual Employment

The following data elements will be included on the individual-level reporting spreadsheets for Individual Employment in CORE. For individuals that have an active County Service Authorization (CSA) at the time you download your reporting spreadsheet, some of the data elements included on the spreadsheet will automatically populate via information contained in CORE (i.e., DDA authorization information and some demographic details). Data that *can* be pre-populated on reporting spreadsheets is highlighted in grey below and indicated in the “reported by” column.

Note that for individuals that do not have an active CSA and for individuals you may be manually adding to the reporting spreadsheet, there are some fields highlighted in grey below that are *required* fields for CORE to accept the submission (acuity, race/ethnicity fields, preferred language, city, and zip code). When/if individuals you add to the spreadsheet become authorized by DDA, the demographic information you submitted previously will be replaced in the system by data from DDA.

Category	CORE Data Element	CORE Options	Reported by?
Demographics	<b>Agency Client ID</b> <i>Required</i>	Please provide the number your agency uses to keep track of the individual in your data systems. This number <b>cannot</b> be the same as the individual’s ADSA ID. It needs to be unique to the individuals and should never change, even if the individual shifts to other programs.  DCHS can provide TA for generating random IDs if needed.  No restrictions. Can accept text, numbers, spaces, symbols, etc.	Provider
	<b>ADSAClient Id</b>	The ADSA Client ID from DSHS DDA.  Numeric	CORE or Provider*
	<b>Client First Name</b> <i>Required</i>	Text, 50 characters	CORE or Provider*

	<b>Disability Detail</b>	Optional open text box	Provider

## Group Supported Employment

The following data elements will be included on the individual-level reporting spreadsheets for Group Supported Employment in CORE. For individuals that have an active County Service Authorization (CSA) at the time you download your reporting spreadsheet, some of the data elements included on the spreadsheet will automatically populate via information contained in CORE (i.e., DDA authorization information and some demographic details). Data that *can* be pre-populated on reporting spreadsheets is highlighted in grey below and indicated in the “reported by” column.

Note that for individuals that do not have an active CSA and for individuals you may be manually adding to the reporting spreadsheet, there are some fields highlighted in grey below that are *required* fields for CORE to accept the submission (acuity, race/ethnicity fields, preferred language, city, and zip code). When/if individuals you add to the spreadsheet become authorized by DDA, the demographic information you submitted previously will be replaced in the system by data from DDA.

Category	CORE Data Element	CORE Options	Reported by?
Demographics	<b>Agency Client ID</b> <i>Required</i>	Please provide the number your agency uses to keep track of the individual in your data systems. This number <b>cannot</b> be the same as the individual’s ADSA ID. It needs to be unique to the individuals and should never change, even if the individual shifts to other programs.  DCHS can provide TA for generating random IDs if needed.  No restrictions. Can accept text, numbers, spaces, symbols, etc.	Provider
	<b>ADSAClient Id</b>	The ADSA Client ID from DSHS DDA.  Numeric	CORE or Provider*
	<b>Client First Name</b> <i>Required</i>	Text, 50 characters	CORE or Provider*

## Individualized Technical Assistance

The following data elements will be included on the individual-level reporting spreadsheets for Individualized Technical Assistance in CORE. For individuals that have an active County Service Authorization (CSA) at the time you download your reporting spreadsheet, some of the data elements included on the spreadsheet will automatically populate via information contained in CORE (i.e., DDA authorization information and some demographic details). Data that *can* be pre-populated on reporting spreadsheets is highlighted in grey below and indicated in the “reported by” column.

Note that for individuals that do not have an active CSA and for individuals you may be manually adding to the reporting spreadsheet, there are some fields highlighted in grey below that are *required* fields for CORE to accept the submission (acuity, race/ethnicity fields, preferred language, city, and zip code). When/if individuals you add to the spreadsheet become authorized by DDA, the demographic information you submitted previously will be replaced in the system by data from DDA.

Category	CORE Data Element	CORE Options	Reported by?
Demographics	<b>Agency Client ID</b> <i>Required</i>	Please provide the number your agency uses to keep track of the individual in your data systems. This number <b>cannot</b> be the same as the individual’s ADSA ID. It needs to be unique to the individuals and should never change, even if the individual shifts to other programs.  DCHS can provide TA for generating random IDs if needed.  No restrictions. Can accept text, numbers, spaces, symbols, etc.	Provider
	<b>ADSAClient Id</b>	The ADSA Client ID from DSHS DDA.  Numeric	CORE or Provider*
	<b>Client First Name</b> <i>Required</i>	Text, 50 characters	CORE or Provider*

## Appendices

### Appendix A –City List

List options for cities within CORE:

Algona	Kenmore	Snoqualmie
Auburn	Kent	Snoqualmie Valley/Northeast King County (Unincorporated)
Bear Creek/Sammamish (Unincorporated)	Kirkland	Southeast King County (Unincorporated)
Beaux Arts	Lake Forest Park	Tukwila
Bellevue	Maple Valley	Unincorporated King County Other (includes any community not otherwise listed)
Black Diamond	Mercer Island	Vashon/Maury Island
Bothell	Milton	West Hill (Unincorporated)
Burien	Newcastle	Woodinville
Carnation	Normandy Park	Yarrow Point
Clyde Hill	North Bend	Other King County City Not Listed
Covington	North Highline (Unincorporated)	Washington State (outside of King County)
Des Moines	Pacific	Outside of Washington State
Duvall	Redmond	Prefer not to say
East Federal Way (Unincorporated)	Renton	Unknown
East Renton (Unincorporated)	Sammamish	
Enumclaw	SeaTac	
Federal Way	Seattle	
Hunts Point	Shoreline	
Issaquah	Skykomish	

## Appendix B –County List

List options for counties within CORE are numeric. See below for response options and associated county name:

01 Adams	15 Island	29 Skagit
02 Asotin	16 Jefferson	30 Skamania
03 Benton	17 King	31 Snohomish
04 Chelan	18 Kitsap	32 Spokane
05 Clallam	19 Kittitas	33 Stevens
06 Clark	20 Klickitat	34 Thurston
07 Columbia	21 Lewis	35 Wahkiakum
08 Cowlitz	22 Lincoln	36 Walla Walla
09 Douglas	23 Mason	37 Whatcom
10 Ferry	24 Okanogan	38 Whitman
11 Franklin	25 Pacific	39 Yakima
12 Garfield	26 Pend Oreille	
13 Grant	27 Pierce	
14 Grays Harbor	28 San Juan	

### Appendix C –School District List

List options for school district within CORE:

Auburn School District  
Bellevue School District  
Enumclaw School District  
Federal Way School District  
Fife School District  
Highline School District  
Issaquah School District  
Kent School District  
New Horizon  
Lake Washington School District  
Mercer Island School District  
Northshore School District  
Renton School District  
Riverview School District  
Seattle Public Schools  
Shoreline School District  
Snoqualmie Valley School District  
Tahoma School District  
Tukwila School District  
Skykomish School District  
Vashon Island School District  
Other King County School District  
Other School District Outside King County

## Appendix D –Job Type List

List options for job type within CORE:

- Clerical
- Labor
- Management
- Self Employed
- Service
- Administrative Support Occupations
- Animal Husbandry, Agriculture and Related Occupations
- Education Occupations
- Food Services Occupations
- Lodging, Building and Related Occupations
- Machine Trade Occupations
- Manufacturing, Construction and Related Occupations
- Medical/Health Care Occupations
- Personal Service Occupations
- Physical Sciences and Laboratory Technology Occupations
- Professional and Support Specialists
- Social Service Occupations
- Wholesale/Retail Trade Occupations
- Other Occupations

## Appendix E –Job Loss Reason List

List options for job type within CORE:

- Attendance issues
- Career advancement
- Dissatisfied with job
- Economic reasons
- Health-related reasons
- Inappropriate social behavior
- Mental health reasons
- Moved
- New job
- Potential loss of benefits
- Retirement
- Scheduling issues
- Temporary or seasonal employment
- Transportation issues
- Unlawful behavior
- Work performance issues
- Other

## Appendix F –Service Termination Reason List

List options for service termination reason within CORE:

- Behavioral issue
- Deceased
- Desires service vendor does not provide
- Health related
- Ineligible
- Insufficient funding
- Moved
- No longer wants employment
- Retirement
- Transfer to another agency
- Unhappy with services
- Other
- Completed program
- Exited school

\*Note that “Completed program” and “Exited school” are intended to be S2W reasons only, though ITA providers may find “Completed program” to be useful as well. Providers do not need to report service termination reasons for S2W students in CORE; that is done by DDECS program managers, though they also use this same list.
