PREAMBLE: RCW 70.05.035 requires the county legislative authority to

establish a local board of health. The jurisdiction of the board is

coeextensive with the boundaries of the county. The King County Council

adopted Ordinance 12098 in December 1995, which established a

federated board of health with membership from the King County

Council, elected officials of the City of Seattle, elected officials from

suburban cities of King County, and health professionals. Ordinance

12098 also ratified the existing rules and regulations of the former board

of health of the City of Seattle until such time as amended or repealed by

the King County Board of Health. In 1997, the Seattle City Council

adopted Resolution 29615 to transmit the “Seattle Health Code” to the

King County Board of Health. The Seattle Health Code consists of 28

items in the Seattle Municipal Code that the Seattle City Council
identified for adoption into the Board of Health Code. It is the intent of the King County Board of Health to identify the sections of the Seattle Health Code to be transmitted in accordance with Seattle City Resolution 29615 to the Seattle City Council; to identify and readopt and ratify sections of the Seattle Health Code which this Board may at a later date consider for amendment or repeal; and to readopt and ratify the Code of the King County Board of Health, including the adopted provisions of the Seattle Health Code.
