2017 King County Board of Health Work Plan

The Board of Health work plan focuses on actions and policies that address the major causes of poor health in King County. The Board of Health is committed to improving the health of all residents in King County and focuses specifically on addressing health disparities impacting the most vulnerable of our community. Potential policies will be developed through an equity and social justice lens with the goal of mitigating health disparities related to race, gender, economic status and place.

Prevention Strategies

- Cancer Prevention
 - Vaping, cannabis and other tobacco-related policies
 - Explore an expanded local regulation to address youth access and poisonings related to vaping products
 - Monitor state cannabis legislation with particular focus on youth access and distribution of I-502 revenues to prevention and education activities
 - Consider local regulation of smokeless tobacco in sports venues
 - Tobacco 21 – support state legislation to raise legal age to purchase
- Reproductive and sexual health
- Childhood vaccination – HPV progress report
- Healthy eating and active living
 - Adverse health effects of soda and sugar sweetened beverages

Health System Transformation in King County

- Status report on the design of the Accountable Community of Health, a regional-level collaborative structure, to maximize prevention and reduce health inequities
- Monitor opportunities and threats related to changes to the Affordable Care Act including changes in access to preventative services and other federal funding mechanisms including the Medicaid 1115 waiver
- Support change to suspend rather than terminate Medicaid coverage for incarcerated individuals

Public Health Financing

- Support state public health funding in alignment with the Foundational Public Health Services
- Monitor financing opportunities and innovative state funding mechanisms

Healthy Housing

- Consider proposed Healthy Housing Guidelines & Recommendations
