Washington Medicaid Program covers limited dental services for all children and adults for Washington State residents with Washington Apple Health (ProviderOne/Medicaid) for clients 21 years of age and older. Includes people who already have Medicaid AND people who are eligible for "Expanded Medicaid," part of health care reform (Affordable Care Act/Obamacare). Comprehensive services included for pregnant people plus one-year postpartum people. For a dental emergency or dental pain with facial swelling and/or fever, you may obtain relief of these symptoms at any area hospital emergency room or community clinic walk-ins. Be sure to state "I'm in pain" when seeking emergency treatment. Medicaid / Medicare, sliding scale, and reduced fees may be available. If a Medicaid provider is charging for services covered under Medicaid, you may call 1-800-562-3022 and register a complaint which will then go through the appropriate process for resolution.
