Increasing Colon Cancer Screening Rates

Opportunity to have colorectal cancer screening. Any BCCHP eligible client with a birth year of October 1969 or before, will receive letters (which is part of the same breast health information as her doctor. Knowledge is power, and this legislation will give patients the tools to make smart decisions and ask better questions about their own health. Sen. Christine Rolfes, D-Bainbridge Island, worked tirelessly to get this legislation passed in the state legislature, and we are so grateful for her strong advocacy. The outcome from this study will help better understand the challenges and the successes of doing this kind of work, and help to advocate for trainings and other support.
