

Maria waxay qabtaa
infekshan cudurka
Tiibishada waxayna
dareemaysaa caafimaad.

Maria has TB infection and feels healthy.

Waxaad qabbi kartaa
cudurka Tiibishada welina
waxaad dareemi kartaa
caafimaad. Middaana
waxaa lagu magacaabaa
infekshan Tiibishada.

You can have a type of TB and still feel
healthy. This is called TB infection.

**Dhakhtarkaaga ayaa kaa baari kara infekshan Tiibishada. Haddii
aad qabtid infekshan Tiibishada, dhakhtarkaaga wuxuu kusiin
karaa daawo.**

Your doctor can test you for TB infection. If you have TB infection, your doctor
can give you medicine.
