

Plan Review Design Guidance

Effective December 1, 2020

Schedule “A” applies to all buildings three stories or more required to obtain a full plumbing plan review. Buildings by specific “Occupancy and Use” regardless of height or number of floors requiring a full plan review.

Exception: Schedule “A” does not apply to single-family homes or townhouses

Each plumbing system or document listed below has design guidance and data needed in each plumbing system design to be considered a complete set of plans including designer qualifications.

Note: To view data, “click” blue highlighted data.

SCHEDULE “A”

If your plumbing system is not listed below, “[click here](#)” for specific “Occupancy and Use” buildings less than three stories required to have a plumbing plan review. Still not sure you need a plan review, call Harpreet Sandhu at 206-477-8638
