Patients we serve

“CarePoint is exactly that; a place where I feel truly cared for. They’re thorough, knowledgeable, strategic and they give me the encouragement needed to make healthy choices. I’m prediabetic, but in their care, I can keep diabetes away for good and craft a healthy lifestyle full of purpose.”

— CarePoint Patient

“When I came to CarePoint my health was failing and I didn’t even know how badly. If I would have stayed on the same path, I wasn’t heading in a good direction. Today I feel amazing.”
