09:14:16 From Yesenia Mendoza : Does the survey get filled out by us or by the client?

09:14:53 From sharissa : Briefly go their carrier website

09:15:03 From sharissa : So we can find benefits information

09:25:20 From Carol (she/her) : What is the effective date 12-months coverage to start?

09:26:27 From Selamawit.Getahun- CMCH : For Pregnancy Medical- postpartum extension, I tried to contact WA healthplanfinder but I am informed the client need to call to HCA to request extension. As a navigator we can't get any information from HCA unless I am Authorized Representative. My question is why not the application reviewed and extended by HCA instead of waiting clients call or we navigators update the application with client contest and give the decision based on that. I am saying this because there are language and other related issues.Thanks

09:26:39 From Samantha Del Vecchio : For clients who are not resource eligible for classic medical, how long with the COFA islander medical program last?

09:26:45 From JoneCx1 : Also when will clients be able to enroll into Apple Health for COFA Islander clients?

09:29:08 From NoHLA : Question for Shaunie - HCA will pay retro claims for the COFA Islander folks if they have uncovered medical bills dating back to end of December 2020, right?

09:32:42 From JoneCx1 : Thank you Shaunie! Thank is a huge issue calling HCA

09:33:47 From NoHLA : Selamawit and others - I would like to hear about the specific cases where the pregnancy medical postpartum is not extended automatically. Northwest Health Law Advocates is concerned about this issue. Please contact me to discuss at emily@nohla.org or 773-870-2755.

09:56:07 From Samantha Del Vecchio : Hello Monica, we don't call out to clients for application interviews. The client would have needed to call us for an interview within 30 days of when the DCAP application was submitted.
