About Quilted

01

We are building and championing
a model for equitable access to
**compassionate, evidence-based,
whole person pregnancy care.**

our values

care for the whole person.

honor community.

be anti-racist.

be bold, kind, and brave.

keep growing, make it better.

Why

02

the problem

inadequate prenatal care

66%

Of uninsured pregnant people receive no prenatal care in the first trimester

32%

Of pregnant people on Medicaid receive no prenatal care in the first trimester

poor access

1 out of 2

Counties in the US lack adequate access to prenatal care

26

Days on average wait time to see an OB/GYN

adverse outcomes

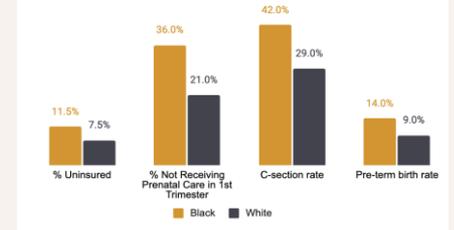

9.9%

Babies born prematurely in the US

31.9%

Cesarean Delivery Rate In US vs. 20.7% in 1996

unacceptable disparities

2-3x

Maternal Mortality Rate among Black and Indigenous people

Midwife-Led Care

Leads to better outcomes.

Labor inductions

C-section rates

Preterm births

Interventions

How

03

end-to-end experience

High-touch, High-tech, High-value care for the whole person
