Introduction

Public Health Seattle-King County (“PHSKC”), an agency of King County government, provides medical, dental, and behavioral health care for individuals experiencing homelessness. PHSKC receives a grant from the United States Department of Health and Human Services Health Resources and Services Administration (“HRSA”) pursuant to Section 330(h) of the Public Health Service Act to support this work.

HRSA regulations define the Scope of Project (“HRSA Scope of Project”) under a Section 330 grant as “the approved service sites, services, providers, service area(s) and target population(s) which are supported (wholly or in part) under the total section 330 grant- related project budget.” PHSKC, through its Healthcare for the Homeless Network (“HCHN”), administers the HRSA Scope of Project. HRSA, as a condition of receiving Section 330 grant funds and the resulting FQHC designation, requires the establishment of a Co-Applicant Board with specific authority to oversee the HRSA Scope of Project. The HCHN service sites, services, and providers that fall within the HRSA Scope of Project are collectively known as the “Health Center.” The Co-Applicant Board is also known as the “Health Center Board” under HRSA regulations.

These Bylaws define the powers of this Co-Applicant Board, known as the Healthcare for the Homeless Governance Council (the “Council”). The Council is authorized by King County Code sections 2.16.020D and E2 and 2.35A.010.

Article I: Purpose

The Council is the community-based governing board mandated by HRSA’s Bureau of Primary Health Care (“BPHC”) to oversee and set policy for the Health Center.

The Council shall work cooperatively with PHSKC and HCHN to support and guide the Health Center in its mission to provide comprehensive health care that is quality-driven, affordable and culturally competent to persons experiencing homelessness in King County, while ensuring compliance with all HRSA grant requirements. No individual entity or committee has veto power over the decisions made by the Council, and no collaboration or agreements related to fulfilling the HRSA Scope of Project will restrict or infringe upon the Council’s authorities and functions outlined in the Co-Applicant Agreement.

Article II: Responsibilities

The Council has specific responsibilities to meet the governance expectations of HRSA, while day-to-day operational and management authority reside with PHSKC and HCHN staff.

The Council’s responsibilities include providing advice, leadership and guidance in support of the Health Center’s mission.

The Council shall have the following responsibilities limited to the Health Center:

- i. Monitoring the financial status of the Health Center, including reviewing the results of the annual audit, and ensuring appropriate follow-up actions are taken.
- ii. Reviewing and approving the annual HRSA funding applications, including Budget Period Renewal applications and Service Area Competition applications.
- iii. Subject to the legal requirements for adoption and approval of a public agency budget, the Council shall review and approve the annual Health Center Scope of Project budget. In accordance with HRSA regulations, the parties agree that excess Program Income shall be used to further the goals of the Scope of Project.
- iv. Providing direction for long-range planning, including but not limited to identifying health center priorities and adopting a three-year plan for financial management and capital expenditures. The Council determines the format of its long-range/strategic planning.
- v. Assessing the achievement of project objectives through evaluation of health center activities, including service utilization patterns, quality of care, productivity [efficiency and effectiveness] of the center, patient satisfaction, and ensuring that a process is developed for hearing and resolving patient grievances.
- vi. Adopting health care policies related to the operations of the health center including quality-of-care audit procedures and the scope and availability of services to be provided within the HRSA Scope of Project, including decisions to sub-award or contract for a substantial portion of the services; service site location(s); and hours of operation of service sites.
- vii. Approving the selection and dismissal of, and evaluating the performance of the HCH Program Manager, subject to those limitations on Council authority over labor relations and employment described herein, and in federal, state and local law.
- viii. Adopting policy for eligibility for services including criteria for partial payment schedules.
- ix. Adopting, evaluating at least once every three years, and, as needed, approving updates to Sliding Fee Discount Program, Billing and Collections, and Quality Improvement/Assurance policies.
- x. Assuring that the health center is operated in compliance with applicable Federal, State, and local laws and regulations.

Article III: Limitations of Authority

King County and PHSKC shall maintain their respective authority over managing the financial status of the health center, fiscal, and personnel matters, including, but not limited to adopting and approving policies that support financial management and accounting systems and personnel policies, appropriating and authorizing funding and staffing for programs, financial management, charging and rate setting, contracting, labor relations and conditions of employment. The Council may not adopt any policy or practice, or take any action which is

inconsistent with or alters the scope of any decision or policy of King County or PHSKC regarding any fiscal or personnel issue, or which asserts control, directly or indirectly, over any non-HRSA Scope of Project fund or program. While the Council has the ability to approve the appointment, dismissal and evaluation of the HCH Program Manager, the Council does not have any authority to direct hiring, promotion, or firing decisions regarding any employee of King County or PHSKC, including the HCHN Program Manager.

PHSKC and the HCHN shall conduct the day-to-day operations of the HRSA Scope of Project. Such operational responsibilities shall include but not be limited to:

- i. Applying for and maintaining all licenses, permits, certifications, accreditations, and approvals necessary for the operation of the HRSA Scope of Project;
- ii. Compliance with the terms and conditions of the Grantee designation;
- iii. Unless otherwise stated in this Agreement, establishment of the HRSA Scope of Project's operational, management, and patient care procedures;
- iv. Establishing ongoing quality improvement programs.;
- v. Ensuring the effective and efficient operation of the Health Center.

Article IV: Members

The Council shall consist of twelve to eighteen (12-18) members. Appointments to fill vacancies will be made pursuant to the Council Bylaws. Of the 12 to 18 total seats on the board, the goal is 1/3 (with a minimum floor of 3 seats) to be designated for people who are current HCHN patients (as defined by HRSA as a current registered patient...[who has] accessed...services in the past 24 months at an in-scope site) or others who are currently homeless or have other pertinent lived experience with homelessness and can represent the perspective of potential patients, but who do not meet HRSA's definition of current patient board members.

Should HRSA revoke its longstanding waiver of the requirement that the majority of HCHN's governing body be comprised of patients, then at least 51% of seats on the board will be designated for current registered patients or others who are currently homeless or have other pertinent lived experience with homelessness and can represent the perspective of potential patients, but who do not meet HRSA's definition of current patient board members.

Every effort will be made to recruit consumer members to represent the consumer population in terms of factors such as ethnicity, location of residence, race, gender, age, LGBTQ, and economic status to ensure meaningful patient input is included. Non-patient health center board members must be representative of the community served by the health center.

All members of the Council shall be residents of King County. The City of Seattle, and each of the regions to the north, east, and south of the city's borders within King County must be represented by at least one member of the Council. The HCH Program Manager shall serve as an ex-officio non-voting member of the Council.

No more than one-half of the non-patient Council members may derive more than ten percent (10%) of their annual income from the health care industry, as required by HRSA regulations. No members shall have a financial interest which would constitute a conflict of interest. PHSKC employees and immediate family members (i.e., spouses, children, parents, or siblings through blood, adoption, or marriage) of employees may not be on the Council. The health center will verify annually that the Governance Council does not include members who are current employees of the health center or immediate family members of current health center employees.

Collectively, Council members shall possess expertise in health care, community affairs, finance, government, business, and legal affairs. One (1) member must be an executive leadership representative of a Community Health Center and appointed by the King County Community Health Center Council for a term of no more than two (2) years. Each member shall have a demonstrated commitment to people experiencing homelessness and the special needs of that population.

Article V: Appointment of New Members

Section 1: Nominations

The Council will be initially appointed by the director of PHSKC with input from key stakeholders to ensure broad community representation.

Anyone may nominate a person for voting membership on the Council so long as the nominee meets the membership requirements of these Bylaws. Nominations shall be given to the Chair in writing.

In addition, the Council shall ensure that thirty (30) days public notice is provided regarding current and pending vacancies. Such notice must be given sufficiently in advance to permit members of the public at least three weeks after the posting of the notice to apply for membership in writing by submitting an application, as developed and approved by the Council, before the selection process outlined in this Article.

A nominee must provide information sufficient to confirm that they meet the membership requirements of these Bylaws.

Section 2: Election

A list of nominees and applicants shall be presented to the Council at a meeting between two and four (2 - 4) months in advance of the expiration of terms for voting membership positions which are up for selection. A nominee may decline nomination. Each proposed new or returning member who is nominated or who applies shall be separately selected by a majority vote of these members present and voting at the meeting designated for such selections. A nominee or applicant who is so selected for membership shall begin the new term immediately upon the end of the term of the prior holder of the seat for which the selection was held.

Article VI: Term of Office

Upon establishment of the Council, initial terms shall be four (4) years for seven (7) of the members, and two (2) years for the remaining members to ensure terms are staggered. The term of office for all Council members thereafter shall be four (4) years. A member shall be limited to three (3) consecutive terms of membership. Any vacancy or removal from the Council shall occur pursuant to the Bylaws.

One (1) member must be an executive leadership representative of a Community Health Center and appointed by the King County Community Health Center Council for a term of no more than two (2) years. No single CHC will serve consecutive terms.

A partial term of less than four (4) years shall not count as a term as outlined above.

Article VII: Responsibilities and Rights of Members

Council members are expected to attend all meetings.

Council members shall demonstrate a commitment to working collaboratively with PHSKC and its staff, including HCHN staff, other Council members, others within the Health Center, and the public to support the Health Center's mission and ensure the maintenance of the HRSA grant, in accordance with the expectations, rules, and regulations of HRSA, King County law and policy, as well as the population served by the Health Center.

Council Members shall be entitled to receive agendas, minutes, and all other materials related to the Council, may vote at meetings of the Council, may hold office, and may chair Council committees.

Council Members may not act, or speak, on behalf of the Council without the Council's express consent.

Article VIII: Removal and Resignation

Any member may be removed whenever the best interests of the Health Center or the Council will be served. The member whose removal is placed in issue shall be given seven days (7) prior notice of proposed removal and a reasonable opportunity to appear and be heard at a meeting of the Council. A member may be removed pursuant to this section by a vote of two-thirds (2/3) of the total number of members then serving on the Council.

Continuous and frequent absences from Council meetings, without reasonable excuse, shall be among the causes for removal. In the event that any member is absent without acceptable excuse from three (3) consecutive Council meetings or from four (4) meetings within a period of six (6) months, the Council shall automatically give consideration to the removal of such person

from the Council in accordance with the procedures outlined in this Article.

A Council member wishing to resign prior to expiration of the term must provide resignation in writing to the Council. Alternatively, the Council will accept a verbal resignation of a Council member so long as it is properly documented in the Council minutes. The Council will send an email or letter to the Council member confirming the resignation. Following seven days (7) of receipt of the letter by the Council, the resignation is accepted.

Article IX: Vacancies

The Council shall have the ability to appoint members to fill vacancies to complete a term, following the procedures outlined in Article V. Anyone selected to fill a vacancy shall fill the remainder of the term. Vacancies due to term completion can be filled following procedures outlined in Article V.

Article X: Conflict of Interest

A conflict of interest is a transaction within the Health Center in which a Council member has a direct or indirect financial interest, as defined in more detail in Appendix A hereto. Actual or potential conflicts of interest or the appearance of a conflict of interest by Council members, employees, consultants and those who furnish goods or services to the Health Center must be declared by completing a conflict of interest declaration form (see Appendix "A").

In situations in which a conflict of interest may exist for a member of the Council, the member shall declare and explain the conflict of interest. No member of the Council shall participate in votes on a matter where a direct conflict of interest exists for that member or his/her organization. In any discussion where a member has a potential conflict of interest, he/she may participate but must disclose nature of conflict to Council members.

In addition to the requirements imposed by these Bylaws, Council members shall be subject to all applicable King County, state, and federal conflict of interest laws and rules.

Article XI: Compensation

Members of the Council shall serve without compensation. However, if a council member is from a family who meets HRSA income limits (as defined in the [HRSA Health Center Program Compliance Manual](#), Chapter 20, footnote 6) or if the member is a single person who meets HRSA income limits (as defined in the [HRSA Health Center Program Compliance Manual](#), Chapter 20, footnote 6), then the member is entitled to reimbursement for: (a) reasonable expenses actually incurred by reason of their participation in Council activities (e.g., transportation to council meetings, childcare during council meetings) or (b) wages lost by reason of participation in the activities of Council members.

Travel and meal expenses when traveling out on Council business shall be approved in advance

by the Council.

Article XII: Meetings

Section 1: Regular Meetings

The Council shall meet at least monthly and maintain records and minutes that verify and document its functioning. Where geography or other circumstances make monthly, in-person participation in board meetings burdensome, monthly meetings may be conducted by telephone or other means of electronic communication, where all parties can both listen and speak to all other parties.

Supportive materials for policy decisions to be voted upon shall be distributed to all members along with the agenda. If, on a rare occasion, such prior submission is precluded by time pressures, and if the urgency of a Council vote is established by the Chair of the Council, an item may be placed on the agenda even though supporting materials are not available in time to be distributed.
