PERMITS

Policy and Permit Status for Group Events

The Department of Local Services, Permitting Division is not issuing new Temporary Use Permits (TUP) and Fire Event Permits based on the [Governor's pandemic guidelines](#). For those that have submitted, but not yet received a group event permit, you may withdraw the permit application and request a refund.

Applicants that have approved TUP and/or Fire Event permits, per the Governor's guidelines for Phase 1, events and gatherings of greater than five (5) individuals, are not permitted.

Based on information available on the date above, the soonest we can expect any change to the Governor's guidelines for King County is July 6, 2020. Please continue to check our web site for updated information.

If you have questions, please email DPERWebInquiries@KingCounty.gov.
