EXECUTIVE SUMMARY

A. Fourth Quarter 2013 Highlights

This report provides fourth quarter 2013 utilization information for the 132 park-and-ride (P&R) facilities currently operating in the King County Metro Transit (Metro) service area. These P&R's represent a total capacity of 25,397 parking spaces, an increase of 254 spaces from fourth quarter 2012. During this quarter, 19,485 spaces were used on an average daily basis, resulting in an average utilization rate of 77 percent of available parking capacity. More than half of the 65 permanent P&R's averaged 80 percent or higher daily utilization during the fourth quarter.

Overall P&R use rose by 273 vehicles (one percent) in the fourth quarter over the same quarter the previous year. Permanent P&R use increased by 299 vehicles, while leased P&R use decreased by 26 vehicles.

The local economy, job and housing growth continued to improve, with some sectors stronger than others and the occasional mixed economic signal. Demand is strongest among suburban commuters, particularly on the Eastside. The data continue to demonstrate strong linkages between P&R usage, transit ridership and economic growth.

The cost of fuel may have had minimal effect on changes in park-and-ride demand this quarter. At the beginning of the fourth quarter, the average retail price of gasoline was \$3.74 per gallon, gradually dropping through the end of November to level off in December and end the quarter at \$3.44 per gallon. The quarter closed with gas prices \$0.30 per gallon (or eight percent) lower than at the beginning of the quarter, and nearly no change in price from the\$3.46 per gallon in December 2012. *

B. Park-and-Ride Changes

The southern lot of North Seattle P&R closed November 12 for Sound Transit's Northgate Link light rail extension construction project, with replacement parking provided nearby. See page 2 for details.

Calvary Christian Assembly Church leased P&R in northeast Seattle closed October 1. See page 6 for details.

Sound Transit opened two leased P&Rs mid-quarter near two of their most popular and fully utilized park-and-ride transit facilities – Federal Way Transit Center and Tukwila Interurban Boulevard Station (TIBS). See page 6 for details.

C. Construction Updates and Projects of Interest

Evergreen Point Bridge P&R – The P&R lot is located in the southeast corner of the SR-520/Evergreen Point lid. With construction continuing on the two-year Eastside Transit and HOV project, only the northern portion of lot with 31 spaces is available. When the new park-and-ride opens summer 2014, the original park-and-ride capacity of 50 spaces will be restored.

Northgate Station – Sound Transit is constructing the Maple Leaf Portal from the future Northgate Station to Roosevelt Station as part of the Northgate Link light rail extension. Northward progress required closure of the southern lot (38 spaces) of WSDOT-owned North Seattle P&R on November 12 to commuter parking. Alternative leased commuter parking (47 spaces) is available nearby at the former Marie Callender's parking lot at 9538 1st Avenue NE. See pages 4 and 6 for additional information on the lots.

First Quarter 2014 Look Ahead:

Sound Transit construction for the Northgate Link light rail extension will also close the northern lot of North Seattle P&R in March. Replacement commuter parking will be leased and improvements made at the former Ernst/Malmo site at 5th Avenue NE and NE 103rd Street on Northgate Mall property. When the nearly 200-space Ernst/Malmo lot opens, the Marie Callender's leased P&R lot will close.

South Kirkland Park-and-Ride TOD/Expansion Project – The transit portion of the transit-oriented development (TOD) project, including the 530-stall P&R garage, was completed in September 2013. The housing phase of the TOD project continues and is scheduled to be completed in late 2014. The mixed-use housing project in the south parcel includes 242 apartments and retail space. Because construction staging for the housing temporarily displaces 50 spaces in the surface lot, the Northwest University 6710 Building P&R (lot #671) will remain open for replacement parking through late 2014. When completed, the South Kirkland P&R will have 833 regular and 19 ADA parking spaces in the garage and on the surface, for a total of 852 spaces. This compares to 608 total spaces prior to the expansion, an increase of 244 parking spaces.

Tukwila Sounder Station – Sound Transit is building a permanent Tukwila Sounder Station to replace the existing temporary Tukwila Surface Lot. Construction started in July 2013 and is anticipated to be complete in late 2014. A new park-and-ride lot west of the railroad tracks opened December 16 for customer use with 245 spaces, while the former parking lot closed for construction (except for ADA parking and bicycle lockers). When complete, the permanent station will include concrete platforms, bus transfer areas, additional bicycle facilities, a pedestrian plaza, covered waiting areas, and 390 park-and-ride spaces.

First Quarter 2014 Look Ahead:

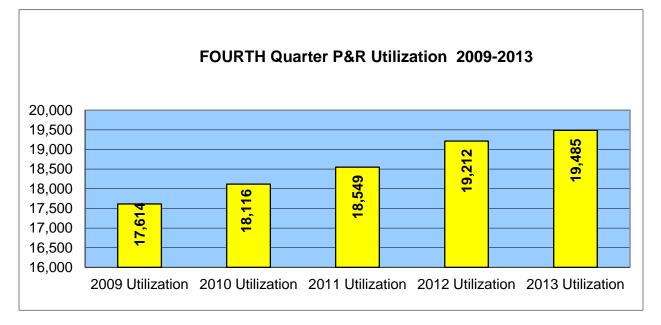

Sound Transit's Parking Pilots begin 1st Quarter 2014 to test several strategies for managing parking more efficiently. Paid permit parking for solo drivers and carpools begins at four Sound Transit stations in February, including Issaquah Transit Center and

Tukwila Interurban Boulevard Station in King County. Permit parking will occupy 20-40 percent of the spaces at a park-and-ride, depending on the site, with the other 60-80 percent of spaces for general transit customer parking as usual. Other parking pilots include providing real-time customer information about parking availability, and collaborating with rideshare programs to promote carpooling to transit facilities and to help relocate vanpools from fully utilized park-and-rides to lots with availability. For information, see http://www.soundtransit.org/Rider-Guide/Parking/Parking-pilot-project.

D. <u>System Information</u>

Park-and-Ride Lots	Capacity	Used	Percentage
Permanent Lots (65 lots)	22,848	17,977	80%
Leased Lots (67 lots)	2,549	1,508	59%
SYSTEM TOTALS (132 lots)	25,397	19,485	77%

Monthly park-and-ride vehicle counts are taken by Metro Service Quality supervisors and Sound Transit security staff. These monthly counts are averaged to show quarterly utilization. Trends in P&R use are monitored and used when planning for new lots and changes in transit service.

PERMANENT PARK-AND-RIDE LOTS

During the fourth quarter of 2013, 17,977 (80 percent) of the 22,848 available permanent P&R spaces were used on an average daily basis. Net parking capacity was 294 spaces (two percent) more than fourth quarter 2012, with a commensurate 299 more vehicles using the permanent P&R spaces. The North District had 38 less vehicles per day and

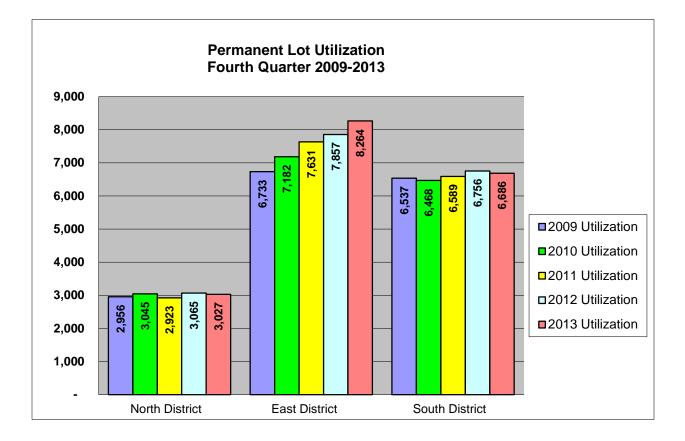

the South District had 70 fewer vehicles per day, while the East District saw 407 more vehicles per day (an increase of five percent) over fourth quarter 2012. In the East District, an average daily increase of 166 vehicles at South Kirkland P&R following completion of the garage and 85 more vehicles at the Issaquah Highlands P&R garage contributed to growth in parking demand on the eastside and filling the 419 spaces added since fourth quarter 2012.

A. Park-and-Ride Changes

North Seattle P&R (lot #706) – Construction of the Maple Leaf Portal as part of the Northgate Link light rail extension closed the southern portion of the permanent P&R on November 12, removing 38 spaces from commuter parking.

LEASED PARK-AND-RIDE LOTS

Sixty-seven P&R lots leased from, or donated by, private-property owners provided 2,549 parking spaces (10 percent) of total P&R capacity for commuters during the fourth quarter. Net leased parking capacity was 40 spaces less than fourth quarter 2012, and leased lot use averaged 26 (two percent) fewer vehicles. North District use decreased by 67 vehicles per day, the East District saw 56 fewer vehicles per day, and the South District gained 97 daily vehicles on average. The permanent closure of Calvary Christian Assembly Church P&R affected the lower North District capacity and use, while two new Sound Transit lots as auxiliary parking to Federal Way TC and TIBS contributed to the higher South District capacity and use.

A. Park-and-Ride Changes

Calvary Christian Assembly Church P&R (lot #503) in northeast Seattle closed October 1. The church wanted to actively manage their parking lot and decided not to continue the park-and-ride lease with King County. The church cited development in their neighborhood, including apartment and condo buildings and Sound Transit's Roosevelt Station. With no viable lease opportunities in the area, commuters were referred to nearby Green Lake P&R as an alternative park-and-ride location.

Sound Transit opened three leased lots in the fourth quarter:

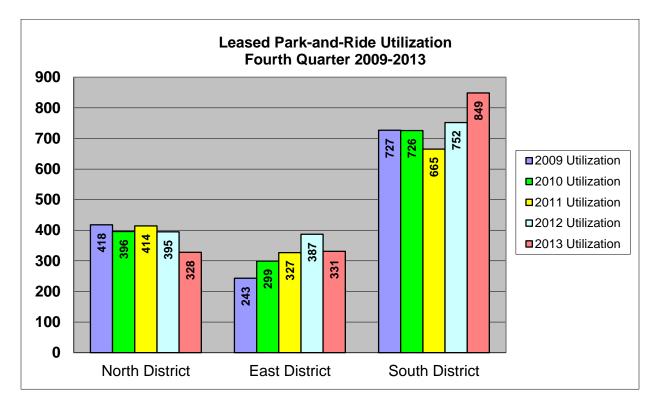

- Marie Callender's leased P&R (lot #904) opened November 12 with 47 regular and two ADA spaces as temporary replacement parking for commuters displaced by closure of the southern lot of North Seattle P&R. The Marie Callender's P&R lot is at 9538 1st Avenue NE, Seattle 98133, a short walk to Northgate Transit Center for Metro and Sound Transit bus service.
- Center Plaza leased P&R (lot #907) at 2012 S. 320th Street in Federal Way 98003 opened October 28 with 56 park-and-ride spaces. A short walk from Metro and Sound Transit bus service at Federal Way Transit Center, the leased lot augments the transit center's garage that fills early in the morning. The first count of P&R usage was in December.
- SeaTac Center Garage (lot #903) opened November 1 at 15247 International Boulevard in SeaTac 98188 with 62 park-and-ride spaces on the top floor of the garage. The entrance to the garage is off South 154th Street; park-and-ride spaces are reserved for transit riders only, Monday - Friday 4:30 a.m. - 6:30 p.m. . Located about two blocks west of the TIBS station, the park-and-ride space leased from the city of SeaTac supplements parking for Link light rail riders in Tukwila. The first count of P&R usage was in December.

First Quarter 2014 Look Ahead:

Tukwila Interurban Investment P&R (lot 746.1), the auxiliary lot located across from permanent Tukwila P&R, will close January 31 to commuter parking. Metro was unable to renew its lease for this property, and will search for replacement commuter parking in the vicinity. Customers will be referred to other Tukwila area park-and-ride locations.

FOURTH QUARTER 2013/2012 COMPARISON

The following information shows the average number of vehicles using park-and-ride lots on a daily basis. Counts are performed once each month, and the three months are averaged for the quarterly total. P&R changes during the quarter are highlighted; NA-Counts are not available; **These lots are counted once quarterly.

Capacity for King County and State lots reflects spaces available; it does not include accessible spaces or spaces reserved for other uses. In Sound Transit lots the total number of spaces in each lot is included. Also shown are the Lot Inventory Number, Lot Ownership (C=City, KC=King County, P=Private Owner, S=State, ST=Sound Transit) and alteration dates. These may reflect an expansion (E); restriping (R); or modification (M)-usually a change in capacity.

LEASED PARK-AND-RIDES

The following information shows the average number of vehicles using park-and-rides per day. Counts are performed once each month, and the three months are averaged for the quarterly total. Also shown are the lot inventory number, opening date and alteration dates.

Alteration dates may reflect an expansion (E), reduction (R) or modification (M)-usually a change in capacity.
