

PrEP Providers List – Public Health – Seattle & King County

The following is a list of medical providers who have expressed a willingness to screen for, prescribe, and monitor pre-exposure prophylaxis (PrEP) for people at risk of HIV infection.

If you are looking for a PrEP provider near you, this interactive map may help: [Prep provider map](#)

Transgender specialty “Y” designates the practice provides transgender care in addition to PrEP (to our best knowledge, all providers listed welcome transgender and other LGBTQ patients, and a “N” does not indicate anything other than that that provider did not volunteer transgender care as a specialty). Additional transgender resources are available at <https://ingersollgendercenter.org/ingersoll-directory/> and <https://kctransguide.org/category/directory/health-services/> (note these designations are not regularly updated!).

For assistance in paying for PrEP, please see the Washington State PrEP Drug Assistance Program (PrEP DAP) <https://www.doh.wa.gov/YouandYourFamily/IllnessandDisease/HIVAIDS/HIVPrevention/PrEPDAP>

For additions, deletions, and corrections please email sbuskin@uw.edu
