In reviewing our files, it appears that in late 2010 the parties reached an agreement to resolve this case. However, our office never received a copy of the final settlement documents, or a motion to dismiss the pending appeal, or any further correspondence from the parties. Given our high degree of confidence that the appeal has been several years resolved, rather than requiring the parties to file additional documents or participate in a status conference, we **DISMISS** this appeal. If for some reason we have failed to apprehend the correct status of this case, either party is free to file a motion for reconsideration on or before **November 25, 2013**, which will automatically re-open the appeal.

David Spohr
Hearing Examiner

NOTICE OF RIGHT TO APPEAL

The examiner's summary dismissal order shall be final and conclusive unless either a motion for reconsideration is filed with the examiner or proceedings for review of the decision are properly commenced in Superior Court within 21 days of issuance of the Examiner's decision. (The Land Use Petition Act defines the date on which a land use final order or decision is issued by the Hearing Examiner as three days after the written document is mailed.)
