

Virginia Mason Franciscan Health Network

When you enroll in the Virginia Mason Franciscan Health Network, you'll have access to a robust network of doctors and hospitals located in the broader King, Kitsap, and Pierce County areas.

You'll also be able to choose from a wide selection of primary care providers (PCPs). Your PCP serves as your point person—the quarterback—who helps coordinate care with your specialists. This means less conflicting advice, and a simpler, more supportive experience. Best of all, this more seamless approach is proven to get people healthier at less cost—reducing hospital admissions, decreasing ER visits and preventing expensive future surgeries. Indeed, coordinated care could be just what the doctor ordered.
