

System Investments

CAPITAL PROJECTS

King County needs to make sure its regional wastewater system keeps pace with growth and meets permitting standards. Here's an overview of planned projects we're undertaking through 2030 as part of the Regional Wastewater Services Plan, or RWSP, to protect public health, the environment and the economy for both present and future wastewater customers.

RWSP Recommended Conveyance Projects

COMPLETED

- 1 North Creek Storage Facility
- 2 Eastside Interceptor Section 1
- 3 Mill Creek Relief Sewer
- 4 Bellevue Pump Station Upgrade
- 5 Hidden Lake Pump Station and Sewer Improvement Project
- 6 Juanita Pump Station Replacement Project
- 7 Pacific Pump Station
- 8 Fairwood Interceptor Project
- 9 Bellevue Influent Trunk Parallel
- 10 Kent-Auburn Conveyance System Improvements Project

IN DESIGN OR CONSTRUCTION

- 1 North Creek Interceptor
- 2 Sunset and Heathfield Pump Stations Upgrade Project
- 3 North Mercer Island and Enatai Interceptors Upgrade Project
- 4 North Lake Sammamish Flow Diversion Project
- 5 Lake Hills Trunk and NW Lake Sammamish Interceptor Upgrade
- 6 Coal Creek Siphon and Trunk Parallel

FUTURE (2012 - 2030)*

- 1 Sammamish Plateau Diversion
- 2 Thornton Creek Interceptor Parallels
- 3 Sammamish Plateau Storage
- 4 Boeing Creek Storage Expansion
- 5 Algona Pacific Trunk Stage 1
- 6 Richmond Beach Storage
- 7 Soos Pump Station D with Conveyance
- 8 Black Diamond Pump Station H with Conveyance
- 9 Soos Pump Station B with Conveyance
- 10 Issaquah Storage
- 11 Eastgate Parallel Pipe Storage
- 12 Bryn Mawr Storage
- 13 Issaquah Creek Highlands Storage
- 14 South Renton Interceptor Parallel
- 15 Factoria Pump Station and Trunk Diversion
- 16 Issaquah Interceptor Section 2 Parallel

* Modifications or changes to future projects may occur based on Conveyance System Improvement Program update and any new information gathered in future years.

Protecting Our Waters Program Projects - Controlling Combined Sewer Overflows (CSOs)

COMPLETED

- 1 Barton CSO Control Project
- 2 South Magnolia CSO Control Project
- 3 North Beach CSO Control Project

IN DESIGN OR CONSTRUCTION

- 1 Rainier Valley
- 2 Georgetown Wet Weather Treatment Station
- 3 Murray CSO Control Project

FUTURE (2015 - 2030)

- 1 West Ship Canal Water Quality Project (Joint Project with Seattle Public Utilities)
- 2 University CSO storage project
