206-296-VOTE (8683) | kingcounty.gov/elections

From the Director

Dear Friends,

After 22 years in elections, the most rewarding feeling is still helping someone vote. Whether it's on a large scale like removing systemic barriers to voting or helping walk one person through the process of voting, I do this work because I believe everyone should have a voice. That's why I'm excited about two big changes to who can vote in our state.

This year, for the first time, 17-year-olds who will turn 18 by the General election can vote in the Primary. So, anyone who will turn 18 by November 8, 2022, can register, vote, and use their voice to help narrow down the candidates to the top two. They now get to help shape the General election ballot that will be before them in the fall.

We also saw voting rights restored for many with past felony convictions. Now, community supervision status or outstanding legal fines have no impact on your ability to vote. If you are not currently in jail for a felony conviction, you can vote. All you need to do is register – online, by mail, or in person.

Whether you're voting for the first time or the hundredth time, if you need help or have a question give us a call at 206-296-VOTE (8683). We are here to help.

Your vote is your voice. Make yourself heard and vote by August 2.

Happy voting!

Julie Wise

Voting tips

Fill out your ballot

Use any color pen to fill in the oval next to your choices.

Skip any contests that you don't want to vote in.

Sign your envelope

Your signature must match the signature on your voter registration record for your ballot to be counted.

Return your ballot early

Whether returning your ballot by mail or drop box, vote early. Don't wait until Election Day!

Find the full list of our 75 drop box locations on pages 8 and 9 of this pamphlet.

Mailed ballots must be postmarked by Election Day, August 2. No stamp is needed.

Access your ballot online

Lost and damaged ballots happen. There's an easy way to print your ballot right from home!

- Visit kingcounty.gov/elections/obmp and enter the required information to access your ballot.
- Make your selections on the computer or print out a blank ballot and fill it in by hand. If you choose to make your selections online, please double check those selections before and after printing your ballot.
- Return via mail or secure drop box, just like you normally would. No postage is required if using the included envelope cover sheet.

Any registered voter can use the online ballot marking program to access and print their ballot.

Voters with disabilities can mark their choices on the ballot online. The online ballot marking program has been designed specifically to enable voters who are blind or have low vision to cast a private ballot.

Other voting options

If one of the above options doesn't work for you, please contact our office at 206-296-VOTE (8683) for further assistance.

Track your ballot online!

All voters are able to track their ballot online to make sure it was received by King County Elections and track it through the process to being counted.

If there is an issue with your signature, the ballot tracker will point you in the right direction to get that fixed so your vote can be counted. If there are no issues with your ballot, you'll be able to rest easy on Election Day knowing that your voice was heard.

Visit kce.wiki/TrackMyBallot to track your ballot today!

Keep your voter registration current

Update your registration if you have moved or changed your name. Simply update your information online at VoteWA.gov or submit a new paper registration form by July 25 for the Primary election or visit us in person at one of our Vote Centers. If your signature has changed, please submit a new paper registration by July 25 or come see us in person – updates to signatures may not be done online.

Who can register

To register to vote in Washington, you must be:

- A citizen of the United States
- A legal resident of Washington state
- At least 18 years old
 - If you are 16 or 17, you can sign up as a Future Voter and be automatically registered to vote when you qualify
- Not disqualified from voting due to a court order
- Not currently serving a sentence of total confinement under the jurisdiction of the Department of Corrections for a Washington felony conviction
- Not currently incarcerated for a federal or out-of-state felony conviction

How to register to vote

Online

You can register to vote online at VoteWA.gov – all you need is two minutes and a Washington State Driver's License or ID. You can register online by July 25 for the Primary election.

By mail

Download and print a registration form from kce.wiki/VoterReg and mail it to our office address on page 4. It must be received by July 25 for the Primary election.

In person

You can register in person through August 2, Election Day, at one of our Vote Centers. More information about Vote Center hours and locations can be found on page 4 and on our website at kingcounty.gov/elections.

Effective January 1, 2022, if you were convicted of a felony, your right to vote will be automatically restored as long as you are not currently serving a sentence of total confinement in prison.

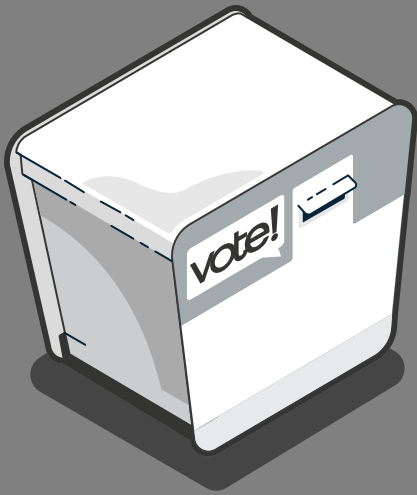

Community supervision status and legal fees and fines do not impact your right to vote. You can register to vote using any of the methods above.

Return your ballot by mail.

No Stamp Needed!

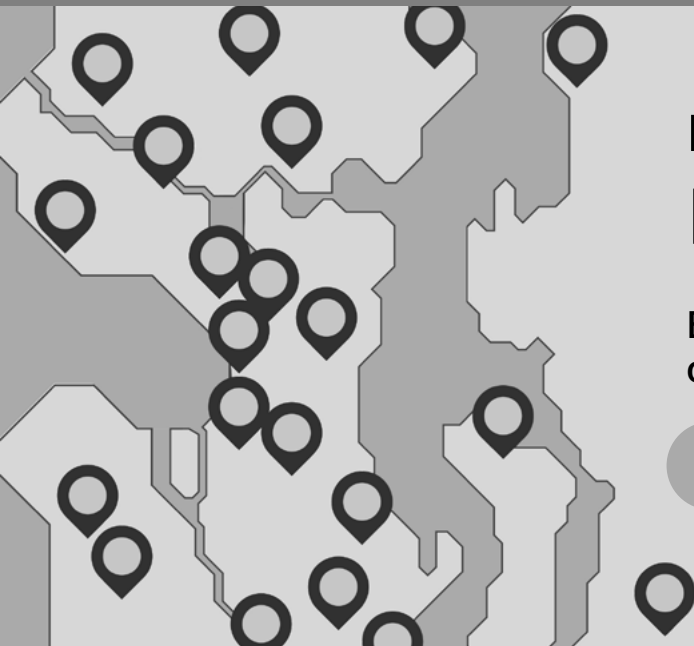

We recommend dropping your ballot in the mail by the Friday before Election Day to make sure it gets postmarked in time to be counted.

Mailed ballots must be postmarked by August 2.

The drop box at the King County Administration Building has moved!

This drop box has been moved from the 4th Ave location in downtown Seattle to 422 2nd Ave S, Seattle WA, near the King Street Center in Pioneer Square.

Return your ballot at a drop box. Now 75 locations!

Ballot drop boxes are open until 8 p.m. sharp on August 2.

List of drop box locations on next page

Ballot drop boxes are open 24 hours a day beginning July 14 and close at 8 p.m. sharp on Election Day, August 2.

Close at 8 p.m. sharp on Election Day, August 2.

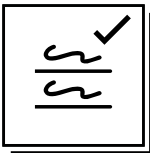

How to sign your ballot so it counts.

Each election, about 1% of ballots are returned either without a signature or with a signature that doesn't quite match. Don't let that be you.

Here are a few tips to help make sure your signature passes the check and your ballot gets counted:

If you register online, we pull your signature from the Dept. of Licensing, so check the signature on your driver's license or state ID and try to match that as closely as you can.

Your signature does not need to be written in cursive or nicely or even legibly, it just needs to match the one that we already have on file. If you have a chicken scratch signature, that's okay! Just make sure you scratch it out the same way each time you vote.

Keep your signature current with us by updating it when you notice a change. Simply fill out and return a new voter registration form. You can download a registration form from kce.wiki/VoterReg.

Track your ballot to ensure that it gets counted. If there's an issue with your signature, you'll see it there on the online ballot tracker. You'll find the ballot tracker at kce.wiki/TrackMyBallot

If there is an issue with your signature not matching or if you just plain forgot to sign, we will send you a letter and, if we have it, we'll reach out by email and phone as well. To make sure your ballot is counted, you'll need to fill out and return a simple form before 4:30 p.m. on August 15.

If you have questions about signature challenges or how to fix an issue with your signature, please call us at 206-205-5686.

MAKE A VOTE PLAN TODAY!

Life is busy. You've got a lot on your plate. We get it. Making a plan to vote can help make sure that you get your ballot in on time so your vote can be counted and your voice can be heard.

Ballots will be mailed on July 13 and should arrive by July 18. If you don't receive your ballot, call King County Elections at 206-296-VOTE (8683) or go online to print your ballot at kingcounty.gov/elections/obmp.

When will I fill out my ballot?

- Immediately after receiving my ballot
- The first weekend after I receive my ballot
- On Election Day (not recommended)

Who will I vote with?

- By myself
- With my partner or family
- With my friends

How will I vote?

- I've read the voters' pamphlet and know who/what I plan to vote for
- I have more research to do to make up my mind

How will I return my ballot?

- By drop box
- By mail

My local drop box is:

When will I return my ballot?

- Immediately after I fill it out
- On my way to work/school/errands within a few days
- On Election Day (not recommended)

Will I track my ballot?

- Yes - I will make sure my ballot is counted
- No - I will assume it's counted without checking

About the Washington Primary Election

In each race, you may vote for any one candidate listed.

The two candidates who receive the most votes in the Primary will advance to the General election.

Each candidate for partisan office may state the political party that they prefer. A candidate's preference does not mean that the candidate nominated or endorsed by the party, or that the party approves of or associates with that candidate. It is simply their preference.

Learn more about the Top Two Primary at sos.wa.gov/elections.

Update your signature to make sure your ballot counts.

Signatures change over time. That's why we're reaching out to voters across the county over the coming months to request a current signature.

If you receive a pink envelope from King County Elections, be sure to sign and return it to add your current signature to your voter registration record.

You don't have to wait to hear from us! You can update your signature any time by filling out and returning a voter registration form. You can download voter registration forms at kce.wiki/VoterReg.

King County Elections does not correct punctuation, grammar, or fact check candidate and measure statements.

Elected Experience: No information submitted.

Other Professional Experience: Currently a rail worker and a member of the SMART-TD union. A union coal miner for 18 years. Worked in textile, steel, and other industries, joining coworkers to fight for better conditions.

Education: The Black struggle and other workers' struggles taught me a profound confidence in the solidarity and fighting capacity of the working class here and internationally

Community Service: Participation in actions supporting Black farmers fighting land loss, protests against police brutality, against anti-Jewish attacks, and in solidarity with immigrant workers. Defending free speech and debate, and standing against anti-working class, anti-scientific "cancel culture" and "wokeism"..

Statement: The Socialist Workers Party campaign presents a course for working people to organize, defend ourselves, and make gains amid deepening world capitalist crises. Workers need to break from the Democrats and Republicans, and use our unions to form a party of millions of working people, a labor party, to speak and fight in *our* interests.

Moscow's troops out of Ukraine now! U.S. troops & nuclear weapons out of Europe! End U.S. sanctions, which hurt working people.

International working-class solidarity, including between Ukrainian and Russians toilers, is key to defeating Moscow's invasion. Workers here share common interests with fellow working people worldwide, not the rulers who exploit us. For unconditional recognition of Israel as a refuge for Jews, increasingly scapegoated for the capitalist crisis, and facing murderous violence.

Workers need access to healthcare, childcare, family planning, easier adoption, contraception, and safe and secure abortion. Solidarity with farmers, who face soaring production costs and threat of foreclosure. Nationalize the land, to guarantee use by those who live on and work it.

Defend Cuba's socialist revolution, which shows it *is* possible for workers and farmers to transform ourselves in struggle, take political power, and begin to uproot capitalist exploitation. End the U.S. economic war against Cuba!

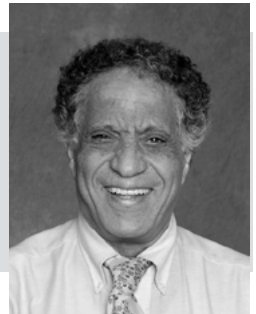

Working people face long hours and insufficient time off. The labor movement must fight for a shorter work week with no cut in pay to create jobs, prevent layoffs, and allow family life. For cost-of-living raises of wages and retirement benefits with every price rise! To defend life and limb on the job, workers must aim for control of production.

Only a revolutionary government of workers and farmers can build a society in the interests of the majority. That's what the SWP fights for.

Elected Experience: Precinct Committee for Grant County. State Delegate-Democratic Convention. National Platform Committee 1988. Former Vice Chair-Democratic Central Committee for Grant County. Committeeman-Washington State Democratic Central Committee 2016.

Other Professional Experience: Healthcare expert, holding one of the highest medical degrees in the U.S. Expert of US-Arab/Muslim relations. Combined following of over 424k followers on Facebook (Dr. Mohammad Said).

Education: M.D. honors, PhD honors, MPH, Specialities: Internal Medicine, Family Practice, Geriatrics, Preventative & Alternative Medicine, Former Asst. Clinical Professor at VA in Fargo, ND. Fluent in Arabic, Spanish, English.

Community Service: 15 years of volunteer work at WA State correction facilities (local, county, & state).

Statement: In 1992 as co-founder, I attended Rainbow Coalition in Seattle with intentions to run for U.S. Senate at the same time Senator Patty Murray came for endorsement. They convinced me to withdraw my name on her behalf and I agreed. Since 1992, senator Patty Murray was elected for WA state & is the chairman of Health and other departments.

I had been a doctor practicing in the state of WA for 38+ years with no complaints against me. Unexpectedly, the Health department suspended my medical license based on misinformation & what I suspect to be racism and Islamophobic. My case was handled through Zoom due to the pandemic and those members of the medical commission were all below my education and experience. I was racially targeted and they said I was demented and unable to practice. That misinformation came from a geriatrician, a member of LGBT whom I visited to get a second medical opinion on some issues. An attorney presented several supporting evidence, proving I was a competent medical doctor. The commission however, were convinced by an assistant attorney general who had been against me for years and I have evidence of that.

I wrote to Patty Murray, the chairman of the Health department, as this was her department. Why did not do anything? I decided to publish not only my grievances but also that of hundreds of my patients, as I am running for U.S. Senate.

I advocate amendments to the constitution which include War Powers Act, direct trade with foreign countries by states, National Guard to be under state control, Second Amendment as a privilege and not a right, allow foreign-born Americans to run for President, and U.S. Congress to meet in states by rotation. Elected Experience: None, which is an attribute. Please read my statement carefully, I am about one thing results and I will bring results through this position.

Other Professional Experience: State and Tribal.

Education: MSW, I have every intention of getting involved in education on a local level. We have to fix where our schools are at. I will work with both parties to focus on test scores, vouchers, and helping all schools.

Community Service: A great deal of service. I am a Tribal member who will reach out to both sides of the aisle, and I will be involved with fixing crime and homelessness on a local level.

Statement: My name is John Guenther, I am a Republican candidate for the US Senate. I am calling on votes from Democrats, Independents, and Republicans. I promise members of Congress or their significant others will not be permitted to own individual stocks and I will get term limits for the House and Senate; or I will not run again. Under my watch, we will fight the printing of money and the massive debts we are under, and we will stop inflation.

I will fight crime by ensuring Judges don't allow dangerous individuals out on bail. I will ensure Prosecutors file on dangerous individuals, I will fund the police, and will stop tent cities in city limits. I will be involved locally.

With education, focus on the basics, bring up test scores, why are poor and minority schools always the worst? We need to look at vouchers. Teach sex ed at home, and end CRT.

With energy, yes to alternative sources, but bring back nuclear, and get the uranium, oil and gas from American states. I will support legal immigration, and stop this surge. With foreign affairs, operate from a position of strength, stop allowing countries that are hostile to America, take over America. We are about to accidentally enter WWII.

I want to Reach out to Republicans and say, hardliners will not win, vote for me. Democrats, I will work closely with you and will work on a local level to make our State safe again, and help our educational system. With Independents, do you trust the direction we are going? We need leadership to right this wrong. I am saying to all three groups, vote for me and you will get results. I will not tell you that I have a plan, I will produce or not run again.

Elected Experience: No prior elected experience, but an extensive background building coalitions and working with members from both parties to enact legislation reforming the Veterans Administration and improving veterans' health care.

Other Professional Experience: Triage nurse, full-time caregiver, President and Co-Founder of "Hope Unseen," veteran's advocate, mother of three growing boys.

Education: Whitworth College- Bachelor of Science in Nursing

Community Service: KADLEC Foundation Board, Elizabeth Dole Foundation, National Chamber for Hiring our Heroes, Veterans Airlift Command, Camp Corral, Smart Women Smart Money, Policy Vet Board

Statement: Tiffany Smiley grew up on a farm in rural Washington and dreamed of becoming a nurse. When she married her high school sweetheart, Scotty Smiley, and achieved her goal of becoming a triage nurse it seemed she'd achieved her version of the American Dream. That dream was shattered in April of 2005 when she was informed that her husband had been blinded by a suicide car bomber in Mosul, Iraq. At 23, Tiffany quit her nursing job and flew to Walter Reed Army Medical Center to be by Scotty's side.

At Walter Reed, Tiffany had to stand up to the federal government and fight for Scotty, his dreams and the care he had earned. For Tiffany, her experience with the military bureaucracy highlighted the challenges facing many service members and their families. Tiffany became their voice, going to Capitol Hill and meeting with anyone who would listen to her. She built coalitions with members from both sides of the aisle which ultimately resulted in real reform of the VA to help the catastrophically injured and their caregivers.

Drawing on her experiences as a veteran's advocate, Tiffany will build coalitions and work for policies that improve public safety and protect Washington families, combat spiraling gas prices and the inflation that's hurting the middle class and address the homeless crisis plaguing our communities. Tiffany will be a strong supporter of our men and women in law enforcement whose sacrifices keep our streets safe and allow Washington communities to thrive. As the mother of three school-age boys, Tiffany will invest in our schools to provide every child with a brighter future. Tiffany has earned the endorsement of the Washington State Republican Party. From a small farm in Eastern Washington to the nation's capital, Tiffany will be a voice for all of Washington.

My Bachelors of Arts & Science from the University of Washington, followed by many years of study at the Environmental University of Oxford graduating with a Public Health PHD & Environmental Science and Cybernetics. (PPE)

All of my life I have extended myself to the community, with non profit work at "People's Health International" working against endemic diseases such as Tuberculosis and many other communicable illnesses that ravage the most neglected human beings at the bottom of the pyramid.

It is my fervent belief that government by the people, from the people and for the People -- shall never perish from this Earth, if we can help it.

That is, if we can help it be maintained as discussed in our party manifest, and as "We Democrats and Independents" can coalesce into a strong majority that will push through our political agenda of Growth, Equality in front of the eyes of the law, and Equanimity in opportunity to harvest the American Dream that is promised to all of us, but rarely delivered to the ones who are less fortunate amongst us, because of racial divisions, lack of economic opportunity for most, and also because we are still tied up to the carriage of runaways that preach systemic racism and white supremacy, and still happen to be the majority of our elected officials. This is what I am here to change, and that is why I ask for your vote.

Thank You

Other Professional Experience: CEO, DAS Electronics (Army contract award for wireless systems); Manager, Boeing, 737 Airplane Electrical Wiring

Education: BA Business Administration, University of Washington: Economics, Finance, Accounting; BA Political Science, Chaminade University: Constitutional Law & Government

Community Service: Army veteran, Captain, Second Infantry Division. Incidentally, I was a *middle-road*, JFK (John F. Kennedy) legacy Democrat. The Democratic Party *abandoned* me. I became a Republican. Praise God.

Statement: The 7% inflation in 2021, the worst in 40 years, cost the average U.S. household \$3,500 more for the same goods and services.

Think about this. The ineffective career politicians in charge, who just messed up your wallet, want another chance. Bad idea.

This election, *cut your losses*.

Vote your unhappy wallet a Senator (and Representative) who will sponsor tried-and-true policies that foster prosperity.

Specifically, under Democrat President John F. Kennedy, almost everything was made-in-the-USA, America was energy independent, our border was secured, and inflation was 1%. *With policies like JFK*, Donald Trump's inflation rate was 1.2%.

Something else. Article IV, Section 4, in the Constitution, protects each state against invasion. Accordingly, I oppose amnesty for illegal aliens. These people invaded America.

Certain things need "More of it!" until adequate completion. We've only started. In this society, good programs and personnel for security in schools need more development. It began in response to the Seattle Times failure to recognize Sound Transit had a board of elected officials and a CEO that didn't understand the basics of public transportation.

That 4-car light rail trains don't have the capacity to reduce peak-hour congestion on multi-lane freeways and cost too much to operate during off-peak commute. That the billions already spent on Prop 1 extensions will do nothing to reduce freeway congestion. They're only a down payment on ST3 "voter approved" extensions whose costs have increased from the \$54B voters approved in 2016 to \$135B in 2022; yet don't increase capacity but add to operating cost.

The Times has abided Sound Transit no longer releasing quarterly service reports that would have shown Northgate Link ridership was ~8000, a fraction of the 42,000-49,000 the paper had heralded as "Transit Transformed". Portending even worse debacles for the "voter approved" ST3 extensions; my goal to expose.

This year it will also allow state residents to vote for someone who doesn't believe the country is systemically racist, believes teaching CRT doesn't benefit students, and that sex education should be age appropriate. That Gov. Inslee should explain the benefits of EVs whose batteries are charged by fossil fueled generators and whose owners don't pay gas taxes to fund roads. Who questions the efficacy of his carbon tax when the country only emits 15% of the planet's CO2 and a Dec NAS paper conclusion:

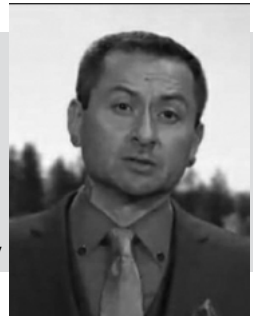

CO3 warming effect decreases with concentration. CO2 has less and less effect with increased concentration. CO2 can go to 1000 to 2000 to 5000ppm and it won't warm the earth

But that has only made me more determined to be a strong voice in the other Washington for our workers and families—one who listens to the people of our state first and foremost, and always stands up for our values and priorities.

As your Senator, I focus on results and concrete ways I can make life better for people in our state. I led the Senate in passing legislation last year to get our kids back into the classroom safely, make COVID vaccines available to everyone who needed them, and help small businesses and families make ends meet through difficult times.

Right afterward, I got to work to help pass the Bipartisan Infrastructure Law, which will create good-paying union jobs in every part of our state, improve public transit, expand lower-cost clean energy, establish universal broadband, and upgrade our bridges, ferries, and ports to strengthen supply chains.

And, I negotiated a bipartisan budget that funds local priorities Washington workers and families like you have told me about, like helping veterans find housing and expanding job training.

I will always stand up to those who want to roll back workers' rights, jeopardize American democracy, or ban abortions. I believe the economy should work for everyone in our state, not just those at the very top. Instead of tax cuts for the rich, I want to lower families' costs for basics like health care and child care—make housing, college, and career and technical education more affordable, and invest in American manufacturing to bring good jobs back home.

I ask for your vote so I can keep fighting for you and everyone here in Washington state.

I believe that without a little more opportunity for the next generation, we cannot have a healthy civilization.

If corporations move to other countries, they should follow the same rules and labour practices as in the USA. Stop shipping logs, jobs, and clean air and water over seas. Turn off reactor at Hanford and no new reactor; stop making the mess. Replace Hanford with geothermal power generation. Nationwide public internet access for everyone and net neutrality. Ban the use of certain weed killers on federally funded sites like easements, fencelines, ditch banks, and public schools; reintroduce the monarch butterfly to Washington state. Overturn Citizen's United.

Picture a state and a nation where your children can afford to live. Annex Weyerhaeuser's land and give away 250k free off-the-grid homesteads in WA state. A place where elected officials are chosen by the people, not by their financial contributors. Make C-Span more entertaining. Rather than propose campaign reform, I'm going to implement it. I am not an attorney, and I am not a politician. Therefore, there will be no question about who I am working for. I will lead Washington into the 21st century.

Statement: We have a serious problem and even as wealthy as this Nation is, this is getting expensive. \$30,400,000,000,000 National Debt along with increasing interest rates; the postponement/abandonment of dealing with this has left the United States in a precarious financial situation, Interest Payments this year will exceed \$600 Billion (1.7 Billion Each Day).

The incumbent has been in office 29 years; the National Debt has increased over \$26,400,000,000,000 during her time in office. Without your help it will not get repaired, the people who created this mess have no incentive to fix it. Grandmothers, moms, your kids and grandkids have gotten Fleeced!

Not learning from but repeating history is Insane yet here we are again, will the catastrophic results repeat also? George Washington's farewell speech in 1798 addressed Political Parties and the damage they would inflict on this Nation because of Potentates and Despotism; the cost of abandoning Virtue and Morality for Legalism; the dangers and damage of Outside Foreign Influence; along with the irresponsibility and cost associated with an unfettered National Debt.

Thomas Jefferson stated: "I know no safe depository of the ultimate powers of society but the people themselves; and if we think them not enlightened enough to exercise their control with a wholesome discretion, the remedy is not to take it from them, but to inform their discretion by education."

Unfortunately there are no term limits; the Elephants and Asses (Republicans and Democrats) defrauded/deceived you, your kids and your grandkids! The only way to get rid of the lifers in the House and Senate is to remove/fire them all. If you are tired of the status quo, help change it. It's past time to clean house.

Statement: I am a successful entrepreneur, businesswoman, wife, and mother. Born and raised in Bellevue, WA, I have watched firsthand our state's downfall. Friends ask me "Naz, why would you put yourself out in the angry political world?" Simple. As the daughter to Iranian immigrants and as wife to a husband whose family fled the Socialist Republic of Romania, I have seen sacrifice. I love my country, I love the constitution, and I want there to be a future for my children and yours! As an independent, I believe that our differences empower us and that respect is essential, even when we disagree. We all see the bad direction our country is headed and we all see the hypocrisy among both sides of the establishment. We all want change. I am that change.

I believe our 2-party system does not care for the common citizen. They pledge their allegiance to their party. I will pledge allegiance to our country and the people of WA! I promise to be honest, upright, and continue holding the same moral values that I hold in my personal life, family, and business. I won't be bought by special-interest groups and I will put the grueling issues that plague our state first on the list. From holding state officials accountable with homelessness funds, to fighting big Pharma, inflation, education, student loans, energy innovation, immigration, etc. The list goes on and I'm prepared to bring solutions to the table and work between party lines to get things done!

Who is best to represent you Washington? A democrat? A republican? Or is it an independent? One who truly loves her state, the Washington people, and wants to better the quality of life for all. The voters have to decide. Thank you for the opportunity to serve and represent you!

Statement: I am running for Congress because someone needs to represent normal, everyday, hardworking Americans. I am a hard worker and have always provided for my family in the greater Seattle area. I am frustrated with the current situation. Our moral compass has been displaced. Common sense has been exchanged for political correctness. Many have preached unity and diversity but fostered division.

I am a normal American who thinks families are the foundation of a strong community. I believe that parents have a right to know what their children are being taught. Schools should celebrate real diversity, not Progressive ideology, should encourage critical thinking over indoctrination, and should show how America is a force for good in the world.

I am a normal American who thinks that the price of basic goods is just too high. We have seen the cost of gas, groceries and medications eat away at our incomes. The costs have gone up because the ideologues have decided what you should drive, what you should eat, how you should live.

I am a normal American who thinks freedom matters. We should be free to say what we want, free to hold unpopular opinions without fear of losing our jobs or be attacked, free to choose what we listen to, what we read, and when or where we pray. Some want to take away our freedoms in the name of safety and diversity.

I am a normal American who desires to represent people that want to raise their kids, work hard, have money left at the end of every paycheck, and who know they can be friends with people who don't look like them or pray like them.

Community Service: Chair, Congressional Progressive Caucus. Vice Chair, Congressional LGBTQ Equality Caucus. Member, House Judiciary Committee, Education & Labor, and Budget Committees. Immigration Task Force Chair, Congressional Asian Pacific American Caucus. Co-Chair, Transgender Equality Task Force, and Member, Equality Caucus. Co-Chair, Global Vaccine Caucus. Champion of Change Award from President Obama. Formerly Seattle Income Inequality Advisory Committee (\$15 minimum wage) & Co-Chair, Police Chief Search Committee.

Statement: I am proud to represent and stand up for working people across our district. As your Congresswoman, I've worked to raise wages and lower costs; ensure College for All and cancel student debt; fight for our reproductive freedoms; and take on the urgent crisis of climate change.

As Congressional Progressive Caucus Chair, I introduced legislation for Medicare for All, tuition-free college, housing as a human right, expanded collective bargaining, \$15 minimum wage, humane immigration reform, a wealth tax on the wealthiest 1%, and pandemic relief directly to workers and businesses. I've introduced numerous bills to get money out of politics and to ensure ethics in Congress and our Supreme Court.

I played a critical role in ensuring stimulus checks in the American Rescue Plan and in passing historic investments to fund our roads and bridges, get lead out of water, and create a network of electric vehicle charging stations. My bill with Senator Murray, Survivors Access to Supportive Care Act, was signed into law, as was my bill to eliminate forced arbitration for sexual assault and harassment.

As your Congresswoman, I've held nearly 100 town halls to hear from you and fight for priorities like affordable housing and child care. I have helped hundreds of constituents – including veterans and seniors – save more than \$6 million dollars in federal benefits.

I'm proud to represent a district rich in innovation, diversity, and compassion. I've never taken corporate PAC money because I fight for working people, not the wealthy and well-connected. I came to America alone at 16 years old, and have lived in Seattle for 30 years. I would be deeply honored to have your vote.

Elected Experience: Seattle City Council Candidate (2021)

Other Professional Experience: Film & Music/Sound Design

Education: Shoreline Community College

Community Service: Helping the homeless when I can

Statement: I am a 29-year-old working class citizen, stricken to the core by the state of our political climate, and ready to make a positive change in our country. Last year I ran for Seattle City Council, against the regressive 'Sweetened Beverage Tax' and the unfair conditions of the 'Democracy Voucher' program. While my run wasn't exactly successful, it did provide the knowledge and experience needed to get me here today.

I'll just say it: The Democratic Party has lost touch with the working class of this country, and their recent failures have not gone unnoticed. I do not believe any party should go unchallenged in any district. Competition is important for democracy. It pushes our representatives to do their jobs, and stick up for the issues that they claim to be so passionate about. This is why I am running as an Independent, since Republicans are clearly not the right alternative.

Healthcare, reproductive rights, a tax system that actually benefits the working and middle classes — we need someone who will fight for these issues, not just play at them. We need strong voices more than ever for a woman's right to choose, and not just when it's the hot issue. We need a congressperson with a general knowledge of how to use leverage and strategy, who will stay strong and not fold when the pressure is on. This is me, or at least it can be with your help.

In closing, if you want someone resourceful, who is always focused on solutions for how to get things done, and will stand firm in the face of tyranny and incompetence, I just may be your candidate. Send me to DC. I would be honored to be your representative!

Elected Experience: None. But I did run for Seattle City Council in 2021, Position 8.

Other Professional Experience: Sale of publications, caregiver to wife, farmworker, writer, tutor.

Education: My early grade school years were in Guadalajara, Mexico. Attended Adams elementary, Jefferson Junior High, and Western High School in Washington, D.C. Studied at Columbia University in New York City, majoring in Cultural and Economic Anthropology with an emphasis on third world development and ending poverty through industrialization.

Community Service: 42 years of activism in the Seattle area on policies to reverse the economic decline of the United States.

Statement: I am running for Congress because recovery can only happen when we replace the representatives that put us here. Economic and inflationary pressures are impacting us all. Homelessness, crime, Fentanyl deaths, gas price increases, supply chain problems continue unanswered with always more control being ceded to an ineffective and wasteful government. These growing problems are symptoms of a corrupt and failing system. Piecemeal approaches will not work. Fundamental change is needed in both institutions and policy.

Inflation: The Federal Reserve's issue of \$trillions coupled with declining productivity is a major cause of inflation. These \$trillions were used to keep the global corporations, and banks from crashing. Raising interest rates will only hasten the crash of the financial system. The only solution is a National Bank under the U.S. Treasury allowing for direct lending to the productive and commercial components of our economy.

National Security, and Foreign Policy: No nation is secure without secure borders. Securing our borders to stop illegal immigration and rampant human and narcotics trafficking is a priority of mine. Further, I am for ending regime change wars. With the \$trillions spent on these wars; the U.S. could have had an economic Renaissance.

Domestic Security and Homelessness: Without adequate enforcement of the laws and prosecution of criminals our communities' safety will continue to deteriorate. Likewise, any effort to solve the homeless problem, no matter how much is spent, will fail without stopping narcotics use and dealing with drug addiction at the national and local level.

Health Care: I am for ending the financialization of medical care. This begins by replacing medical insurance for profit with non-profits, and reigning in "big pharma." This will dramatically reduce medical care costs.

My pledge is to always be independent, and accountable to you, my constituents.

Community Service: Founder of Street Church providing food and support for the homeless and at risk populations. Over 30 years working with at risk youth and families. Former Youth Pastor. Volunteer with The Rescue Mission.

Statement: Career politicians are the biggest problem in government today, promising they'll fix your problems and then, when elected, they ignore you until they need your vote again. The 9th District deserves more than a longtime incumbent and tired promises. When we lose our voice, we can also lose our opportunity at the American Dream.

We elect representatives to maintain a safe environment for our families and children, to protect our borders, our economy, and our constitutional rights. When politicians have been in office for over 2 decades, like the current congressman, they can get out of touch with their constituents' struggles and fail to give them that voice.

The policies we've seen coming from Washington DC have made it harder for families to put food on the table, and gas in the car. Out of touch career politicians and their actions continue to cause record high inflation and foster increased homelessness, and crime. That makes our communities unsafe, our borders unsecure, and puts our jobs at risk.

Your representative should be doing everything possible to lower consumer prices and increase public safety. Right now, many Americans can't pay their grocery bills and see empty store shelves, while non-citizens flooding our southern border receive taxpayer funded items like baby formula, and cell phones, and then are released into our communities without proper vetting.

I'm a husband and a father of five and I see these problems firsthand every day. When elected, I'll fight to protect parent's rights, restore the dollar and slow inflation, unleash domestic energy to lower gas prices, and to protect your rights, neighborhoods, schools, and jobs.

It's time for bold leadership that listens to you and fights for you in Congress. It's time for change in the 9th Congressional District. It's time to bring back the American Dream.

Former member: Issaquah Soccer Club, volunteer coach; Issaquah High and Middle School PTAs; Northeast Tacoma Elementary PTA, where my wife, Sara, served as PTA President; Federal Way Kiwanis Club; Tom Lantos Human Rights Commission; St Matthew's Episcopal Church.

Statement: Our district is a tremendously diverse and hard-working community, one that I have been proud to call home my entire life. I grew up in the city of SeaTac, and my wife Sara and I raised our two children here, where they both attended public schools and are now at UW and WSU.

As our nation faces unprecedented challenges, I am focused on strengthening the middle class, ensuring equality of opportunity for all, and investing in our future. We must provide a progressive path forward where everyone can thrive. Working class families, like the union one I grew up in, do not have the same opportunities as previous generations. This must change. We must grow from the middle out, increase economic opportunities, protect unions, make higher education more affordable and accessible, and provide good paying jobs.

All people, no matter their background, should have access to quality, affordable healthcare. Our healthcare system needs to be restructured to create a path to a single-payer plan like Medicare for All. As the Chairman of the House Armed Services Committee, I have also prioritized making sure that all of our service members and their families, no matter who they are, receive the support they need and have earned.

I work hard to make sure every person in our district has access to the best this country has to offer; not only because it's the right thing to do, but because this is also my home-it's personal to me. It is a true privilege to serve our community and I would be honored to have your vote.

Statement: My wife, a hospital first responder is a Democrat. I am running as a Republican. No matter how we label ourselves, our family like millions of other families have been ignored and exploited by a system that has given up *core values* that made America strong. We have 2 baby girls that deserve a future where they can not only survive, but flourish and have their voices heard in a way our generation hasn't been heard. That's why empowering our communities is my #1 priority.

Empowering communities means supporting the Environmental and Economic prosperity of working class families and small businesses that fuel our democracy. I wrote *national policy* establishing a system to incentivize spending in our local economy, combat inflation, and our investments stay local where each community best knows where resources are needed.

Rather than enrichment of special interests in Washington, D.C. - we should have a say in where it goes in our community. With no new taxes, my policy starts healing our world environment, revitalizes our devastated small business, promotes localism in growing food, culture, and entrepreneurship.

Simply continuing my lifetime of community service in and out of uniform, I am ensuring public safety and representing immigrant communities being unacceptably displaced by Federal projects the current congressman supports. I'm also defending essential worker's and salt of the earth Washingtonian's rights in informed consent, medical freedom, and fighting for healthcare transparency.

Vote for me if you are *ready to toss out* career politicians, and division - our environment is non-partisan. What matters is a future where the rights, welfare, safety, and health of our people are ensured. This means clean air, clean water, and focus on making an sustainable environment that benefits small business, working class families, and keeping our diverse communities vibrant.

Other Professional Experience: I have worked a variety of entry level jobs until I began working the trades and was recently able to start a small business.

Education: I have little formal education beyond high school.

Community Service: I have performed community service through my schools but with my family business I have been able to truly serve the community and my running for office is the method with which I have chosen to give back.

Statement: My name is Seth Pedersen and I want to represent you.

I was born at the UW hospital in Seattle in 1995. That's just one year before our current representative was elected. That's right, 26 years and he is still not on the side of regular Washingtonians. He has voted to fight foreign wars, seize oil from other countries, shut down domestic energy production, spy on Americans, and even increase Congress' salaries during pandemics and recessions.

We know all too well how corrupt many politicians have become with insider trading and blatant disregard for our Constitution and God-given freedoms. It's time to get some everyday people in office again--working people like me who understand the struggle of making ends meet.

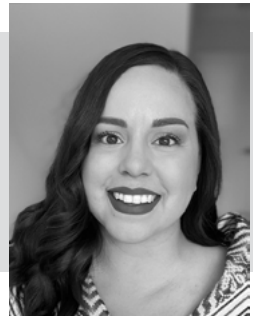

Instead of working for the establishment elite, I will stand up against starting foreign wars. I will vote for one-issue bills and require that all bills are seen by the public prior to being voted on. Congress should not be passing 4000+ page bills in secret, and should not be telling Americans they can't see the bills until after they are passed. I will stand up for the rights of our children and families, a return to American energy independence, and ending federal overreach.

As far as my ideology goes, I am a true moderate interested only in how policy affects every-day Americans. We need effective representatives, men and women who will actually represent our interests, stand up for all Americans, and that's why I want to represent you.

As corporate party politics threaten to pull the nation apart I stand ready to get to work and represent you. It's time for us, the people who actually run this country, to take charge of our nation.

Education: M.Ed, BA Sociology, Western Washington University.

Community Service: Culturally relevant food distribution at Alimentando El Pueblo, organized a Mutual-Aid drive and fundraiser for over 150 single parents, member of the Educators of Color Caucus in the Washington Education Association.

Statement: In my first month teaching in Tukwila, our community laid three students to rest. Gun violence, cancer, suicide. Throughout this painful time our school relied on three counselors to support nearly 1,000 students. At one point, we didn't have a single nurse for the entire school district. Your zip code should not determine your educational opportunities. We need federal spending priorities that ensure equal educational opportunity for all students.

As chair of the House Armed Services Committee, my opponent led the passage of the largest military budget in history, yet we are told we can't afford basic materials for schools. When 54% of our federal discretionary spending goes directly to defense, and less than 6% to education, it's no wonder educators are leaving the profession at unsustainable rates, student mental wellness has plummeted, and 43 million Americans are drowning in student debt.

With over a decade of teacher leadership in one of the nation's most diverse zip codes, I have been well trained to champion the legislative priorities of the 9th Congressional District at the federal level. If elected, I will prioritize canceling federal student loan debt, universal healthcare, campaign finance reform, a Green New Deal, and fully funding our public schools, financed with a drastic cut to the bloated military budget. I will represent our community on the Education and Labor Committee, where I plan to work with other legislators to develop policy that actually helps our community.

My legislative agenda is informed by our community's needs. As the only Democratic candidate in this race who rejects corporate money, you can *always* count on me to prioritize people over profit.

Securing Our Elections So Every Vote Counts

At King County Elections, our top priority conducting accurate, secure and accessible elections.

Physical Security

King County Elections Headquarters was designed specifically for processing and securing vote-by-mail ballots.

Our facility is monitored by over 50 security cameras.

11 live webcams through which the public can watch us at work during the ballot processing period.

Staff and observers must badge into and out of the ballot processing area.

Ballot storage and tabulation areas require both a badge and biometric access.

Cybersecurity

Cybersecurity is critical to protecting the security of our elections. As cyber attacks grow more frequent and complex, our team continues to improve our defenses.

Certified cybersecurity experts on staff at Elections and at King County IT.

All staff receive annual cybersecurity training.

Voter registration and tabulation systems are kept separate from one another for maximum security.

Tabulation system is on an entirely closed network, not connected to the internet.

Audits and Quality Control

Our team conducts several tests before, during, and after each election to ensure your votes are being counted accurately.

Logic & Accuracy Test

Conducted two weeks before the election, the Logic & Accuracy test uses test ballots and a set of expected results to ensure the tabulation equipment is reading votes correctly.

Random Batch Audit

On the Thursday after Election Day, six batches are selected at random and hand counted to ensure the tabulation equipment continues to read votes as it should.

Risk Limiting Audit

In 2021, our team began testing risk limiting audits. This auditing system checks a random sample of ballots to reach statistical confidence in the results of the election.

Statement: As Secretary of State, working with our citizens and Legislature, using only American labor not more globalism, I commit to improving and replacing election systems and processes as needed to guarantee every Washingtonian who can legally vote can easily vote, people who legally cannot vote do not vote, and implement a voter identification system and routine audits to protect the integrity of our elections. Compared with accuracy and transparency requirements for engineering, banking, and healthcare, our elections have been completely substandard. We deserve and will build an election system that earns our trust.

We need a strong voice of the people serving in Olympia, someone who has a record of actually getting things done, not just another government career builder, political agitator, or activist trying to build name recognition. It's a great pleasure to live among civilized people again.

Statement: For those unaware, China is assembling a 'security' pact in the Pacific. This amounts to a series of gas stations for their 350 ship navy, 80 ship maritime militia, and any aircraft and small craft imaginable. They already have Guadalcanal. They also have 100 tankers and 400 containerships (Temporary helo troopships). So, if certain dominoes fall certain ways, we could have half a million Chinese troops in Western Washington. Where there is a huge anchorage and ready protection from our Army provided by mountains, deserts, and rivers. If this comes even close to happening, we will already have had a bad day. Long before then I want the Military to Recon the place hard and think about what to do with that much trouble.

Chinas' move is not so much new as next. Part and parcel to the happenings in Ukraine. You don't need ESP to see war clouds gathering. We must get our supply chain out of their country. That wont happen by itself.

Washington Representative of 'Restore-Liberty' (2021- present)

Statement: I am an Election Integrity Investigator fully committed to restoring transparent, secure and verified elections for all of Washington voters. Currently, we are told that our mail-in system is the most "convenient, accessible and secure" in the country, yet we appear to be sacrificing voter confidence in the name of convenience. The public is currently prohibited from inspecting the key aspects of our elections despite vulnerabilities of tabulation machines being widely known. Our voter rolls don't appear to be properly maintained which could allow fraudulent ballots to be accepted, and because anyone with your name and birthdate can turn in your ballot, we currently do not have verifiable ballot chain-of-custody. This isn't a partisan issue. If we can't trust the process of how we elect our representative government then our Democratic Republic is only an illusion. We the People must be the ones to restore a system that we can trust. No matter where we stand politically, if we can come together on this one thing, *we all will win*. Increased transparency and oversight are key to solving these problems. I am the only candidate in this race committed to restoring that accountability.

Statement: As your current Secretary of State, my top priority is to ensure our elections are secure and accessible to every eligible voter. I am proud of my career in public service working alongside Democrats, Republicans, and Independents advocating for all Washingtonians.

My mom, an Asian immigrant, raised me to work hard, value education, and serve others. That is why I have worn the uniform for more than 30 years and served 15 years in the state Senate.

These commitments are why I am endorsed by numerous County Auditors who conduct elections, labor and business, voting rights advocates, and prominent state and federal leaders.

The Secretary of State must possess the highest standards of integrity and leadership and serve as a strong advocate for voting rights in Washington. Statement: For five decades, Washington voters across the political spectrum, have trusted Republican leaders to oversee our sacred right to elect our own leaders. That ended when the governor appointed a Democrat to fill Secretary Wyman's vacant seat. I am running to return this office to the "people's choice" and to restore balance, accountability, and integrity to our election and voter registration system.

Washington has one of the most accessible election systems in the country; that needs to be protected. But with accessibility comes risk. Washington needs a SoS who understands the value of your vote and the need for constant vigilance and security improvements to protect the integrity of our elections; the bedrock of our society. Under my leadership, this office will be proactive, unbiased, and transparent.

Voter confidence suffers when we do not definitively and consistently demonstrate a commitment to free, fair, and transparent elections. And when confidence falters, voters no longer participate. I am the only candidate who has actually sponsored legislation (Washington Voter Confidence Act) to both improve access and accountability. I am not running to make things better for any political party, I am running to make things better for Washington State voters.

Elected Experience: State Senator (15-19); State Representative, (99-13); Chair, House Audit Review Committee; Chair, Senate State Government and Elections Committee; Commissioner, Lakehaven Utility District, (96-99)

Other Professional Experience: Executive Director, Family Policy Institute of Washington; Air Force B-52 Pilot and AF Contract Manager for Boeing B-1 program; Quality Examiner for Baldrige National Performance Program; Tacoma Goodwill Industrial Services Director, Substitute Teacher at Catholic and Federal Way and Auburn Public Schools

Education: BS, Engineering, USAF Academy; MBA, University of ND; MS, Clinical Psychology, Chapman University

Community Service: Federal Way Boys and Girls Club Board; Lake Dolloff PTA VP; State and National Baldrige Quality Examiner, St. Vincent's Knights of Columbus

Statement: I'm running for Secretary of State to restore trust and integrity to government, especially our election systems. From registering voters, to eliminating irregularities, and to auditing and validating all votes, I will insure 100% accuracy and compliance with laws!

We need a passionate, experienced leader to head this critical agency who will work with county auditors and fight for election integrity and fairness. I've spoken to many Washingtonians, Republicans, Democrats, and Independents alike, who feel as I do that our concerns with government performance are not welcome. It shouldn't be controversial for Washingtonians to ask for transparency or demand audits and evidence of zero fraud. Yet many who have merely asked questions about problems or irregularities, have been mocked, silenced, or labeled as conspiracy theorists.

Citizen oversight over government is uniquely American! I will support all people, of any political party or belief, who want to be involved to ensure that their voices, and the voices of all others, are heard.

If I accomplish one result as Secretary of State, it would be to ensure that all Washingtonians are 100% convinced that elections were accomplished with integrity, and the results are true. I would be honored to get your vote!

Elected Experience: Nonpartisan Pierce County Auditor, 2009 to Present; Nonpartisan Tacoma City Councilmember, 2004 to 2009

Other Professional Experience: Senior Policy Advisor, Department of Commerce; Executive Director, Tacoma-Pierce County YWCA; Assistant Regional Administrator, Department of Social and Health Services

Education: National and State Certified Election Administrator; State Certified Public Records Officer; MS Criminal Justice Administration, Northeastern University; BA, The Evergreen State College

Community Service: Past President and Member, Association of County Auditors; Secretary of State's Electronic Recording Standards Commission; Paul Harris Fellow, Rotary International; Board Member, UW Center for Leadership and Social Responsibility; Senior Fellow, American Leadership Forum; Washington State Bar Association Character and Fitness Board

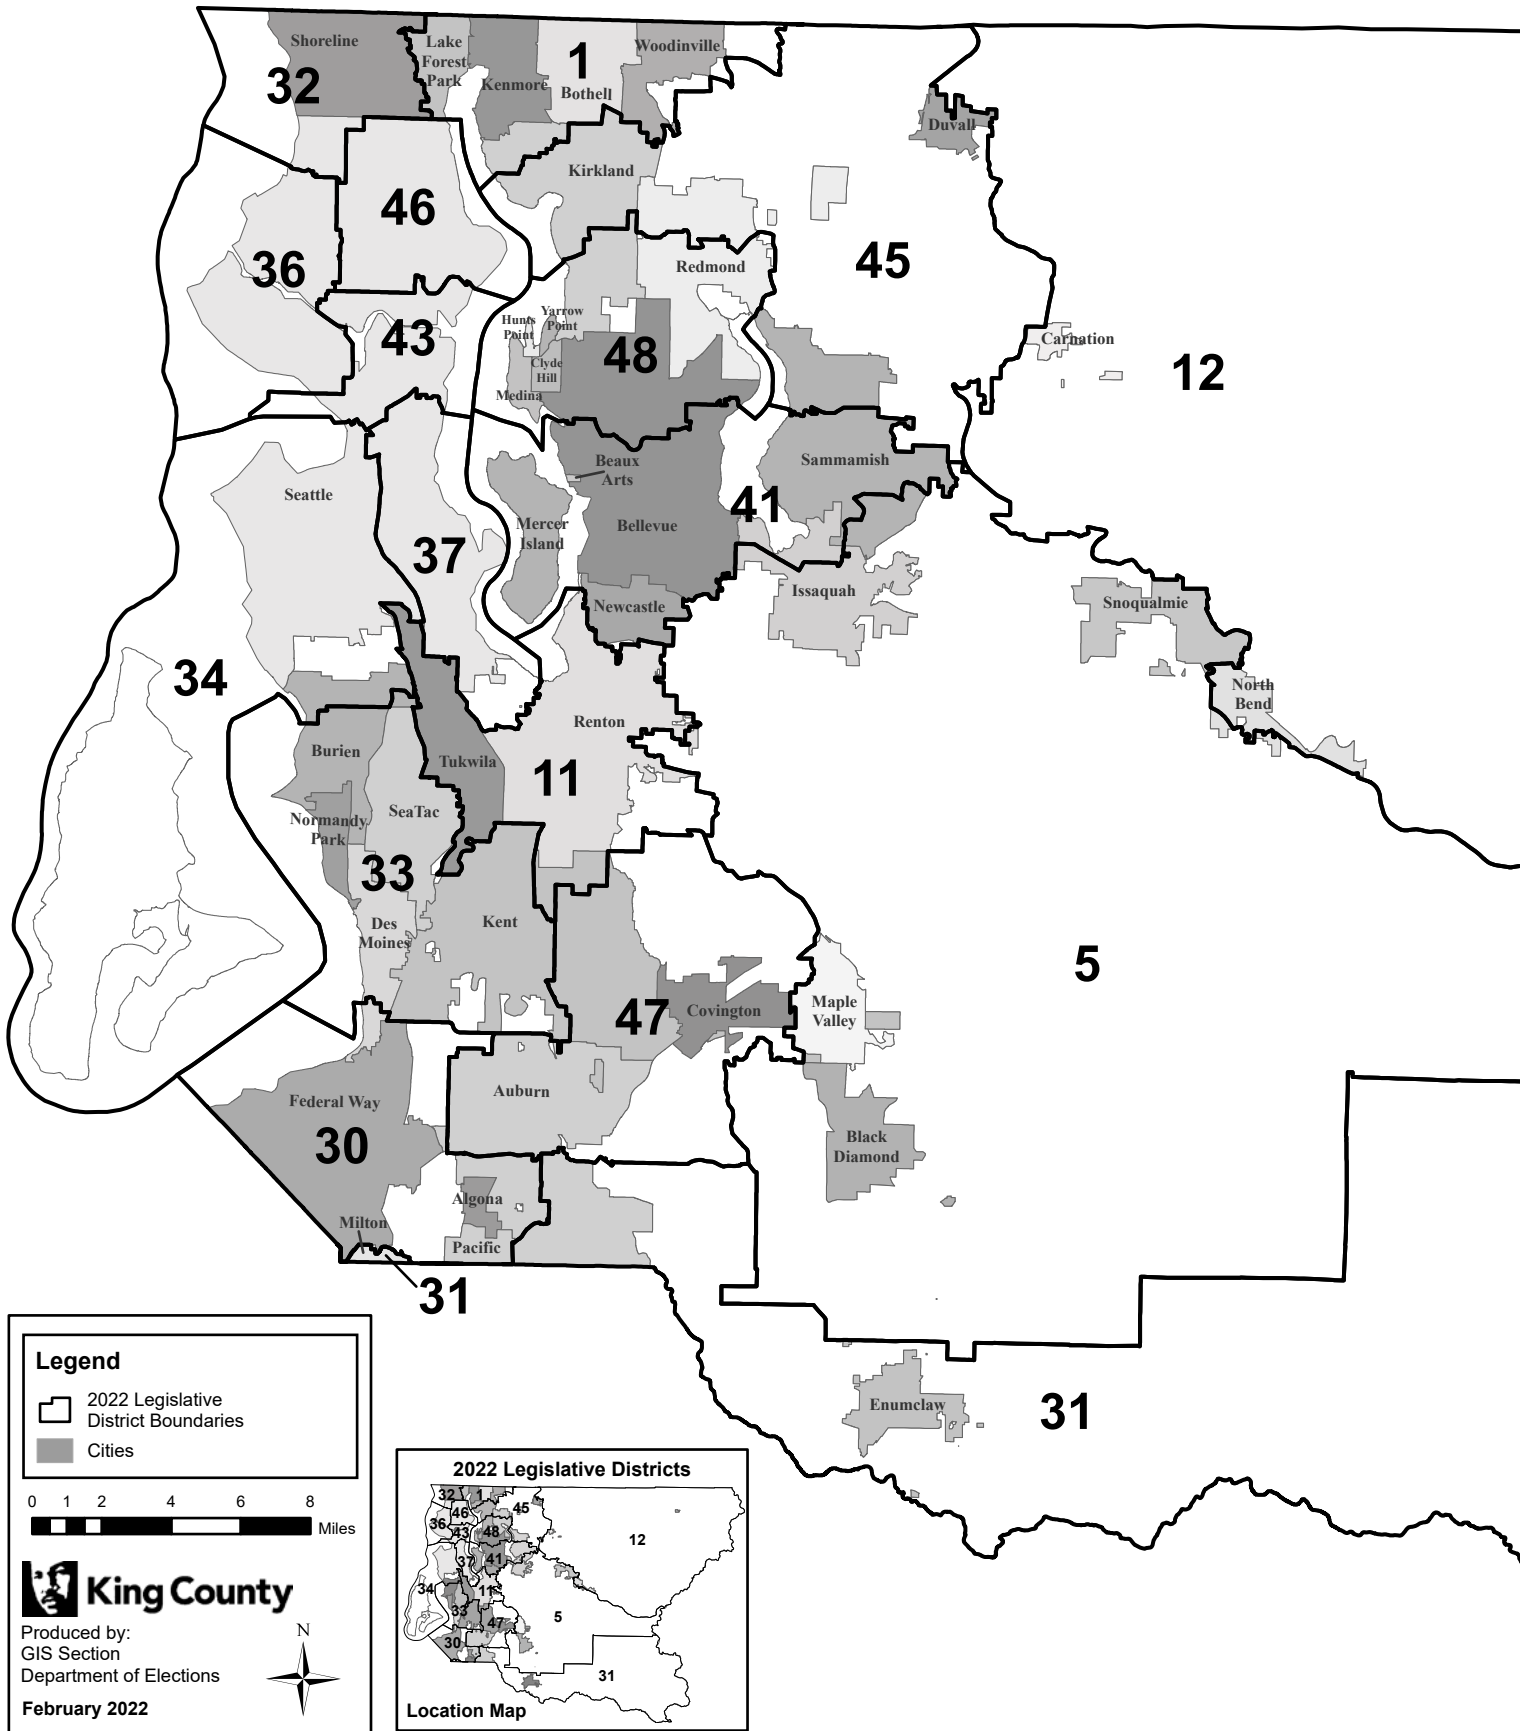

Statement: Polarization has eroded trust in our government. The Secretary of State has the critical job of running trustworthy elections, as well as providing public records access, business registry, and library services. This demands experience. Partisanship has no place in the Secretary of State's office.

I've been Pierce County's nonpartisan Auditor for 12 years, leading a nationally recognized, award-winning office that has increased voter access, enhanced election security, and improved auditing procedures. I've provided oversight and statewide leadership in elections, increased access to public records, and streamlined business licensing. I hold national and state certifications in election administration and am a certified public records officer.

I've worked closely with counties throughout the state. Together, we've created a national reputation for excellence. That's how I've earned the trust and endorsement of more than 30 Democratic, Republican, and Independent election administrators and County Auditors throughout Washington State.

My experience and leadership managing hundreds of elections in Washington's second largest county has prepared me to serve as your Secretary of State. I will protect our democratic republic by making our elections more secure, transparent, and accessible. I ask for your vote.

Elected Experience: Current State Senator; Federal Way School Board Director 2011 - 2019

Other Professional Experience: 35-year educator and administrator leading work on early learning, family engagement, and governance; WIC Project Director; small business owner. It's been my life's work to help children, young parents, and families learn and succeed.

Education: Washington State University BS, Food and Nutrition, Child and Family Studies; University of Northern Colorado MA, Adult Education, Vocational Home Economics

Community Service: Extensive volunteer experience in South King County including Washington State School Directors Association, Citizens for Federal Way Schools, Washington Family Engagement Trust, PTA, Mentor and Me Program, and Sidekick Collective.

Statement: I've spent my career improving education, expanding economic opportunities, and building safe, supportive communities. As a longtime educator, former Federal Way School Board Director, and now your State Senator, I have always placed the needs of local families and small businesses first - rejecting sound bites and focusing on results.

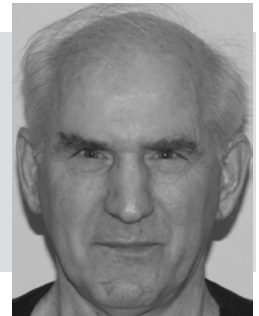

I've worked to *improve public safety*, voting for pay raises and training for law enforcement officers, expansion of programs that address crime at the source, and funding for drug treatment and recovery. I sponsored and passed landmark investments in *affordable childcare*, quality early learning, and family support- especially for kids and parents impacted by pandemic disruption. I delivered resources for *affordable housing*, protecting seniors, limited income families, and the vulnerable. I cut costs for families by funding the working families tax credit, lowering taxes for 120,000 small businesses, and passing a transportation package without raising gas taxes.

I am the only candidate in this race 100% committed to protecting reproductive healthcare- a critical difference at a time when states will take on urgent responsibility to safeguard these fundamental rights.

I'm proudly endorsed by Firefighters, Planned Parenthood, Teachers, Nurses, Alliance for Gun Responsibility, Children's Campaign Fund, State Labor Council, Aerospace Machinists.

Elected Experience: My mother (Mary Ellen Christie) was an advocate for autistic children. Washington State politics used to be much more functional, so we had politicians - of both parties - who we regarded as friends. Also, because of this, no one in our family ever felt the need to run for political office personally - until now!

Other Professional Experience: Have expertise in statistics and have been chosen as an analyst for the Washington Policy Center. This resulted from my expert analysis on the Coronavirus epidemic.

Education: My education was as a Surveyor and Engineer.

Community Service: Have done wrongful convictions work.

Statement: I am Mark W. Christie and I am a leader.

First, there is the recklessness of the Democrats: Our State has adopted 'woke' agendas for our very young children. I personally helped stop an effort to subject very young children to a group of male cross dressers - for a children's 'reading time'! I also know, personally and from my experience in investigative work, that young children are certain to be victimized by such practices. They do not have the capability to understand sexual themes. They do not even have a firm grip on reality - when they are being influenced by adults.

Any people who are doing these things to our children are sexual predators! But then there is the fecklessness (weakness) of many of my fellow Republicans. How many State GOP leaders are willing to use the term "sexual predators" for certain types of behavior - and why not? It is because they are not ready to lead while I am.

On issue after issue: there is the reckless policies of the Democrats and the feckless responses of many of my fellow Republicans. But I will be different.

Statement: Do you feel safe? We have vehicles being stolen, rampant shoplifting, drug-addicted homelessness, repeat criminals not being arrested, drive-by shootings, and violence in our schools. We can't live this way! Do you feel your current Legislators have let you down? My opponent voted for many of the failed policies that have brought us to this current chaos.

As your former State Representative, Federal Way Mayor, and now Federal Way Council President, I have fought for you, the citizens of the 30th District, with integrity and dedication for almost two decades. I've fought for public safety, attracting living-wage jobs, and educational opportunities for you. I've fought for common sense solutions to the problems affecting our community. I've fought against raising taxes and for government living within its means. As an elected official, I've helped to bring millions back to our district for capital improvements, education, and transportation.

Government must be transparent and accountable to the people. The hard-working families in the 30th District deserve better than rising inflation and soaring crime. I subsequently moved to Washington State and have lived in Shoreline for more than 30 years raising my son here, as a single parent. I spent time throughout the country working as replacement MD for the Indian Health Service in poorly served communities. For 30 years I have worked at Fircrest RHC, a state residential facility for those with intellectual and other disabilities, a misunderstood and underserved population. I am a member of the 32 LD Democrats and served as PCO for 10 years.**Community Service:** No information submitted.**Statement:** I am a retired medical doctor and raised my son in Shoreline. I got involved in politics to protect the rights of women and help my neighbors. I have not felt our voices are sincerely represented in Olympia. We deserve better.

I am committed to all aspects of better and affordable medical care and, especially, mental health treatment for everyone. Washington state is rated 31st for access to mental health treatment, a deficit hurtful to children. Housing that working people can afford has practically disappeared from the market. We see new development but the promise of affordability has not followed. We demand better. As your Senator, I will act with integrity and fairness. I support workers as they organize for improved pay and working conditions. I stand with families and public school teachers to provide the services they need. I will protect our children from gun violence and bullying. The King County and 32nd District Democrats endorsed me because they know I will be a responsive legislator that prioritizes the needs of the community. I would appreciate your vote.

Endorsed by the 32nd Legislative District Democrats; King County Democrats and the Salish Sea Chapter of the Federation of Democratic Women.

Elected Experience: Your State Senator since 2019; Vice Chair of the Senate Agriculture, Water, Natural Resources & Parks Committee; Also serve on Law & Justice and Housing & Local Government Committees; Former Shoreline Deputy Mayor and City Councilmember (2012 to 2018).

Other Professional Experience: Child welfare prosecutor protecting abused children; public defense attorney protecting low-income community members.

Education: JD, University of Washington Law School; BA, Western Washington University.

Community Service: Hate Crimes Legislative Task Force, Marine Resources Advisory Committee, Joint Legislative Task Force on Drought, Legislative Council on River Governance. Former Board Member, King County's Best Starts for Kids and Ridgecrest Neighborhood Association. Former Planning Commissioner.

Statement: Serving as your senator is deeply meaningful. I would be honored to have your support so I can continue to work on your priorities: safe and affordable communities, protecting access to abortion, safeguarding our environment, and improving our children's schools.

During my last campaign, I knocked on over 13,000 doors to listen to our community's concerns. I promised I would prioritize high quality early education, reducing gun violence, and fighting climate change. In my first term, state funding for early childhood education increased 700%. We've passed bills reducing gun violence including banning guns at childcare centers and restricting high-capacity magazines. Washington led the nation addressing climate change by passing clean energy requirements and salmon and orca recovery legislation.

I passed legislation to help with housing affordability and supported funding to address the homeless crisis. As a father I understand the need to ensure our neighborhoods are safe and welcoming by reducing crime while promoting police accountability.

Endorsements include 32nd District Democratic Representatives Cindy Ryu and Lauren Davis; Mayors of Shoreline, Lynnwood, Edmonds, and Mountlake Terrace; Snohomish County Democrats; Alliance for Gun Responsibility; Unions including Boeing machinists, firefighters, teachers, nurses, and health care workers. But your endorsement matters most!

Elected Experience: This will be my first opportunity to serve the people of the 32nd LD as their elected representative.

Other Professional Experience: Since 2011, Founder and Chief Executive Officer of a successful small business, and former director of Alliance for the Advancement of Canine Welfare, a not-for-profit organization of animal professionals dedicated to improving the lives of dogs by strengthening animal protection laws, and through the development and passage of laws based on modern scientific principles of animal behavior.

Education: Bachelor of Arts, Certified Animal Behavior Consultant, University of Washington

Community Service: Volunteer behaviorist and trainer of homeless youth and their animals, University of Washington

Statement: Crime, mental health, and election integrity are top priorities. Current legislation is failing miserably. You have the right to *assurance* of election security and integrity. Elected officials have an *obligation* to provide verifiable information for us to obtain that assurance. WA Voters are expected to "trust the system," yet we can't verify that our voter rolls are clean; our ballot chain-of-custody is sound; our tabulation process has integrity; our routers aren't vulnerable to exploitation; our systems aren't being misused, or that our election management system is secure enough to withstand cyber attacks. Elected Experience: Karen Keiser; Prefers Democratic Party; Voters in the 33rd Legislative District have re-elected me to the State Senate four times and elected me as the State Representative twice.

Other Professional Experience: I worked as a reporter for ten years before working as a communications director for the Washington State Labor Council for twenty years.

Education: I earned a BA degree in Political Science and a Masters Degree in Journalism from the University of California, Berkeley. I was elected into Phi Beta Kappa.

Community Service: Judson Park Retirement Community board, member AAUW Highline, UW Harry Bridges Labor Studies Center board, member Grace Lutheran Church

Statement: It is a privilege and honor to represent the people of the 33rd Legislative District as your state Senator. I am focused on improving the lives and the opportunities for my constituents and worked hard to pass the law to establish our state's successful Paid Family and Medical Leave Law.

Last session, I was thrilled to pass a major expansion of our state's registered apprenticeship program to non-traditional professions in health care, technology and education. I was also able to work on containing costs for prescription drugs, and passed the \$35 monthly co-pay cap for insulin, the drug people with diabetes must have to stay alive.

In Olympia, I was elected by the entire Senate to serve as Senate President Pro Tem, the presiding officer of Senate sessions when the Lieutenant Governor is unavailable. I also serve as Chair of the Labor, Commerce and Tribal Affairs, Vice Chair of the Rules Committee, and as a member of the Health Care Committee and the Ways and Means Committee. Those positions keep me busy during session, but I am never too busy to meet with constituents to hear your concerns.

You can count on me because I listen and learn from you!

Elected Experience: No information submitted.

Other Professional Experience: I am a person that has ideas. Ideas to bring back a balance. I have built and owned various businesses, in Washington state. From restaurateur to licensed insurance producer, I really only had one goal. To hire as many people as I could afford. I want people to have jobs they are comfortable with. I worked to bring everyone a fair wage and free food. It is not the most profitable way to run a business, but it worked. I also have a very good pizza recipe so that helped. Now I want to help more people share their ideas.

Education: No information submitted.

Community Service: No information submitted.

Statement: I will work to give each resident, coupons for a yearly eye exam, dental cleaning, and physical. If we can find the ailments early, we will be healthier and happier.

I will work towards a plan to have privatized employment agencies, recruit migrant employees. This plan would bring a safe way to work, travel, and be housed for people from anywhere to anywhere in the world.

I will work towards giving every child access to free breakfasts and lunches. I will work to bring geo-thermal energy everywhere in Washington. We have the capabilities to live in peace; it just takes work.

I feel that we miss drive and understanding today. I am gaining mine back, and I hope to share it with all of you. If I say I am going to do something, I try with all I have to get it done. If I get elected, I will be grateful to all those who understand, and want to work for the future.

Education: BA, Finance and Humanities with a minor in Economics, Seattle University; Kennedy Catholic High School; Cascade Middle School; Hazel Valley Elementary

Community Service: Genesee Hill Elementary PTA, Assistant Coach West Seattle Baseball League, Former Boardmember at Wellspring Family Services

Statement: Since being elected as a State Senator four years ago, I have championed legislation to help working families thrive, to rebuild our social safety nets after decades of neglect, and to address climate change with transformative policies, including investments in green public transportation. But, there is still more work to be done.

We must act boldly and decisively to address our housing and homelessness crisis, and to enact data-informed policies to deter crime and support survivors. We must fully fund mental and behavioral health services to make comprehensive care readily available, and we must increase transit options in our district, upgrade our rapidly aging ferry fleet, and enact smart public health policy as we continue to deal with COVID-19.

As Washington's first Vietnamese-American State Senator, I will serve the diverse people of our district in an effort to create a better Washington for everyone. *Above all, I'm committed to putting people over politics so we get the results needed for a more prosperous future.*

Children are great but I really enjoy being a Grandpa!**Statement:** I will present a few items, if you believe as I do on most of these things I humbly ask for your vote.

Policy decisions should not be based on who riots and tantrums the loudest. I remember when female genital mutilation was considered a bad thing, now it is gender reassignment. Women should be honored or their ability to bring forth life. I know from history that our country was founded on Judeo-Christian principles. People should be able to wish Happy (insert Holiday here) including Christmas without fear of reprisal. I firmly believe that all human life has worth and value. Why are so many of the people with Black Lives Matter signs so willing to have unborn Black Lives ended in the womb?

Our Bill of Rights is important... all of it. We should keep our children safe, parks are for kids to play not tent cities. People that have proven themselves to be dangerous should not be out and about repeatedly wreaking havoc. Taxes are necessary but should not be crushing.

This country may indeed not be perfect yet many people wish to come here, so at the very least it is better than many other places.

Elections are secure and accurate

Logic & Accuracy

- Conducted two weeks before each election, a public Logic & Accuracy test is conducted to ensure that voting equipment is ready for use and reading votes accurately.
- The Logic & Accuracy test is verified by independent observers and the Office of the Secretary of State. Media and candidates are also invited to observe.

Random Batch Audit

- On the Thursday after Election Day, randomly selected batches are hand counted to ensure, once again, that the tabulation equipment is reading and counting votes accurately.
- Hand count totals are compared with the vote totals from the tabulation equipment to ensure a match.

Risk Limiting Audit

- This is a post-election audit in which a random sample of voted ballots are examined in teams of two.
- A formula lays out the required number of ballots to be audited to reach statistical confidence in the election results.

Community Service: PTA at Ballard and Garfield High Schools, and Hamilton International Middle School, while a foster parent/caregiver to extended family (parts of 2005-2015); King Conservation Voters (2008-2009)

Statement: Since 2016, I've served the people of the 36th District effectively as your State Representative. I've been honored 15 times for my advocacy for youth involved in the foster care and juvenile criminal legal systems, for individuals with developmental disabilities and behavioral health challenges, as well as for my work on economic development and rebalancing the state's regressive tax code. I'm proud of the work we have accomplished together and hope to continue serving you as your next State Senator.

Looking ahead, we must do more to address the skyrocketing cost of living and other factors exacerbating economic inequality: increase access to affordable homes, change our tax code to tackle the racial wealth gap, and fully fund our schools and behavioral health services.

To achieve this, we need a highly experienced and capable policy leader or else we risk losing ground. I have a proven track record of delivering for our district, and with your continued support, we can make Washington a place where everyone can thrive.

Community Service: Volunteering has been and is a huge part of my life for decades now. Currently, I volunteer for We Heart Seattle doing outreach and litter picking at encampments and providing friendship, support, and housing for people transitioning out of tents and the throes of addiction and illness.

Statement: Our state politics mirror the national scene where the right wing and the left wing have headed to the edges leaving the legislative process to partisan majorities and minorities pitted against each other. I've been a Democrat, Republican, and Independent. Overall, I've realized both parties need to move to the center so that practical, sensible solutions can be crafted that solve problems, rather than just fire up the partisan base. After a 5-year break, I rejoined the Democratic Party in 2021 to do just that - to represent the center because that other kind of politics is like a wrecking ball swinging rather than a thoughtfully balanced political fulcrum. I'm neither left wing nor right wing. I'm in what I call the bipartisan wing between the 40-yard lines. Neither progressive nor woke, I'm liberal and conservative. My focus will be what's best for the 36th, our state, and the next generation, not partisan ideologies. I envision empowering the center from both parties and caucusing with electeds at the center to legislate in Olympia. For 36 years the 36th has been my home. I've strengthened my community, run my businesses, and raised my family here. I respectfully ask for your vote.

Active PTA member. As the mom of a transgender child and three Seattle public school students, I built a community coalition to make our schools safer and more welcoming for LGBTQI students.**Statement:** I'm a global public health leader, human rights advocate, and have raised three kids in our District. I ask you to join me to build a healthy, safe, inclusive community for our future: accelerated climate action; excellent public education; accessible quality childcare; expanded mental health services; affordable housing; thriving small businesses; and a just economic recovery.

We face immediate challenges - COVID19, homelessness, public safety, gun violence, rollback of rights nationally - that require our state government to work. My approach relies on your partnership and three principles I've gained from public health: community engagement, effective investment, and data-driven accountability.

Elected Experience: Chair, 36th District Democrats, 01/19-01/22; Precinct Committee Officer, 2015-present.

Other Professional Experience: Co-founder, Alliance for a Healthy Washington, a healthcare policy nonprofit; Executive Director, Institute for a Democratic Future, training policy leaders. Twenty years as a crime victim's advocate, paralegal in real estate, nonprofit, maritime and workers' compensation law, and legislative aide.

Education: BA in Political Science & Communications, University of Washington; Masters of Public Administration, Seattle University.

Community Service: Universal Health Care Commissioner, appointed by Gov. Inslee; Seattle University Alumni Board of Governors; PTSA Member, Robert Eagle Staff Middle School; Director, After School Programs, Salmon Bay K-8; Legislative Advocacy Volunteer, Washington's Paramount Duty, '15-'19.

Statement: As a mother, neighbor, and a community advocate, I will use my experience to provide more opportunities for Washington families. In childhood, my parent's illness left my family homeless. Bills add up quickly and leave families destitute. I will ensure this doesn't happen to you by fighting for workers' rights/wages, affordable/accessible healthcare, childcare, housing, an amply funded public education, fair taxes, and by creating pathways for second chances. My commitment to you for a stronger future is to work hard in Olympia so every Washingtonian can thrive, and not just survive.

Endorsements: King County Democrats & 36th District Democrats.

Elected Experience: State Representative, 36th Legislative District; Precinct Committee Officer

Other Professional Experience: Former Executive Director of a nonprofit organization dedicated to protecting the rights of consumers, workers and patients. I also served as Legislative Director for Congresswoman Gabby Giffords, crafting legislation to help families and promote clean energy.

Education: B.A., Communications, Law, Economics and Government, American University

Community Service: As a former board member of Pro-Choice Washington and lifelong reproductive justice advocate, I've fought to protect and expand abortion access. I worked to elect pro-choice women as President of the National Women's Political Caucus of Washington and am the proud mom of George (6) and Eleanor (3).

Statement: It has been an honor serving as your State Representative as we recover from the pandemic together. Over the last two years, I've championed equitable investments in economic relief, childcare, affordable housing, and bike, pedestrian and transit infrastructure. I passed bills to ban untraceable 'ghost' guns, keep our families safe from toxic PFAS chemicals and expand Washington's historic Paid Family & Medical Leave program.

We must elect local leaders who are passionate about protecting working families, the environment and the health of our community. That's what I've done my entire career: standing up for people and pushing for bold change.

Other Professional Experience: Non-Profit Consultant; Former Executive Director, Puget Sound Sage; Community Liaison, Congressman Jim McDermott; and Union Organizer, SEIU Local 6

Education: BA, Theology and Humanities, Seattle University

Community Service: Board member with the Rainier Beach Action Coalition and the Fair Work Center. Former board member of the Alliance for Jobs and Clean Energy and the Latino Community Fund of Washington.

Statement: It's been an incredible privilege to represent you and our diverse, vibrant community in the State Senate. Growing up in Delridge, raising my family in Rainier Beach, and working and volunteering in South Seattle and Skyway – I am deeply connected to our community and understand the challenges and opportunities we face.

These last few years have challenged us all. In the face of a global pandemic, national inflation, and righteous calls for systematic reforms in the wake of George Floyd's murder, as your State Senator, I was ready to stand up and fight for economic, racial, social and climate justice.

We made landmark investments in childcare, public schools, and transportation infrastructure by raising taxes on the wealthiest people and the biggest polluters in our state, while also providing tax relief to working families and more than 120,000 small businesses.

There's still more to do to ensure we have affordable housing, strong schools, a fair economy, and a transportation system that works for all. I would be honored to earn your vote, and hope you will join essential worker unions, Planned Parenthood, Alliance for Gun Responsibility, Washington Conservation Voters, and many more in supporting my re-election.

Elected Experience: State Senator (2013-present), State Representative (2007-2013), 43rd District.

Other Professional Experience: Executive Vice President and General Counsel at McKinstry, a Seattle-based engineering and construction firm whose hundreds of skilled union workers excel in environmentally responsible building. Lawyer, K&L Gates (1995-2012).

Education: Puyallup High School, Yale College, Yale Law School.

Community Service: Provided free legal assistance to local nonprofits, including Lambert House and Seattle Men's Chorus. Helped refugees win political asylum. Lead volunteer attorney for Lambda Legal in Washington state's marriage equality case. Treasurer and Sunday School teacher, Central Lutheran Church on Capitol Hill. Scout troop leader. Bicycle commuter.

Statement: Jamie Pedersen has worked for the people of the 43rd District since 2007. Jamie and his husband Eric, a special education teacher at Roosevelt High School, have four sons in Seattle Public Schools and live on Capitol Hill.

As House Judiciary Committee Chair, Jamie led efforts to pass marriage equality, establish parentage rights for all families, and create social purpose corporations so businesses can put workers and environmental protection before profits. He organized court challenges overturning three Tim Eyman initiatives, allowing legislative majorities to tax our wealthiest residents to provide ample funding for early learning and public schools.

As Senate Majority Floor Leader, Jamie has championed gun safety, police accountability, criminal justice reform, abortion rights, and transgender protections. On the Ways & Means Committee, he helped secure funding for affordable housing, climate action, health care access, small business assistance, the arts, and free legal assistance. Jamie has also worked relentlessly to fund expansion of light rail and bus service and protect neighborhoods around SR520 and I-5 from noise.

Other Professional Experience: Former Executive Director, large nonprofit organization providing housing and services for thousands of low-income people.

Education: UW, BA, magna cum laude

Community Service: Energetic, effective, and experienced. Strong record of getting things done for the people. Longtime community organizer and activist: leading efforts providing social services to tens of thousands of people; building partnerships that created thousands of affordable, nonprofit homes with over 300 rent-restricted buildings in Seattle; enacting investments in education, mental health, and transit; advocating to raise wages and expand unions; serving as catalyst for countless community projects.

Statement: I enacted landmark progressive legislation providing free college tuition for all low-income students by taxing large corporations; doubling investments in childcare and early learning; mandating 100% clean electricity, reducing carbon emissions; and establishing Apple Health and Homes with a basic premise: if you're homeless because of your medical condition, you will have a home as part of your medical treatment.

I will continue leading coalitions to enact progressive revenue; build low-income and social housing; and ensure abortion and reproductive healthcare are available to all. Endorsed by nurses, homecare workers, teachers, State Labor Council, many more!

We want him to be able to take pride in his community. We want him to be able to afford to live here when he gets older. I love Seattle, but it will require new civic leadership for that to happen.

I am running to be a new voice. As a prosecutor, I believe strongly in individual accountability but cracking down on low-level crime is not the best way to make us safer. Instead, we need to proactively invest in people's stability. That starts with providing access to housing, mental health care, and drug treatment to everyone regardless of income.

At the state level, we must adequately invest in the development of affordable housing, loosen zoning restrictions, and provide financial assistance to people who are overburdened by rising rents. We need to incentivize students to go into behavioral health professions and fund mental health and drug treatment programs.

If we do that, we will end homelessness in this state and have clean, safe neighborhoods. That's what I will fight for as your state senator. I ask for your vote.

This brought many people to war and killed 60 million people and totally destroyed Europe. When *we the people* don't stop Dem-Nazi-Fascist-Mob-Bandito regime, this will bring us to a situation more dangerous than many years ago.

Under Trump we paid \$2 for gas and right now we pay \$6. Oil companies are making a \$100b dollars profit a month and is a pure conspiracy and monopoly. Rent has doubled for the last few years. This has brought poor people out of normal American standard! Food prices have almost tripled and almost 80% of American people are experiencing pain right now. Proposition No. 1 Civic Center Capital Improvements General Obligation Bonds - \$15,000,000

The City Council of the City of Normandy Park adopted Ordinance No. 1039 concerning this proposition for bonds. This proposition authorizes the construction of a new civic center to include indoor and outdoor recreation spaces, an early childhood education program, city and police administrative offices, council chambers, meeting and event rooms, and parking; to issue up to \$15,000,000 of general obligation bonds maturing within a maximum term of 25 years to finance such improvements; and levy property taxes annually in excess of regular property tax levies to repay such bonds, as provided in Ordinance No. 1039. Should this proposition be:

It is time for a new Civic Center! We have never had one and the current city hall complex is dilapidated and needs replacement. To retrofit the current structure would cost millions and be only 60 percent up to code! *We have to act!*

The proposed bond will cost us some tax dollars. For a median assessed home valued at \$755,000 it would be about \$384 a year. But these dollars will flow right back to us as a new Civic and Recreation Center. No one is going to do it for us. We have to do this for ourselves.

By voting Yes for Proposition 1, we move our city forward with new community meeting spaces, updated police facilities and modern recreation facilities with expanded recreation opportunities including more pickleball! Our sacrifice now brings us a new facility sooner rather than later.

Be a part of the positive Normandy Park community spirit and *Vote Yes* on the Proposition 1!

Rebuttal of statement in opposition

Now is the time to act! Vote Yes! The best place for a new Civic Center is where City Hall is now. Keep the police centrally located. A new building will be seismically sound. There is no way to retrofit the old one to make it safe.

Be *bold* Normandy Park citizens. Some sacrifices are worth it and this is one of them. Vote Yes on Proposition 1!

Explanatory statement

Passage of Proposition No. 1 would allow the City of Normandy Park, Washington to issue general obligation bonds. In accordance with Ordinance No. 1039

approving this proposition, the bonds will pay for design, construction and equipping of a 23,000 square foot Civic Center at City Hall Park, to include City Hall and the Police Department; meeting and event rooms; indoor and outdoor community recreation spaces, including a gymnasium, dance studio, an outdoor playfield, basketball courts and parking spaces; environmentally-friendly outdoor green spaces and an early childhood education program (Normandy Park Preschool) for use by the City and its residents. The new Civic Center would replace the buildings currently located at City Hall Park. Costs of the project not paid by bonds would be paid from private donations and grants. The bonds in the amount of not to exceed \$15,000,000 would be repaid out of annual property tax levies over a period of up to 25 years. The levy tax rate is estimated to be an increase of \$0.508 per thousand dollars of assessed valuation. The estimated annual property tax paid by an owner of a median assessed value home (\$755,000) would be approximately \$384 for the year or \$32 per month for 2023. Exemptions from taxes may be available to certain homeowners. To determine if you qualify, call the King County Assessor at 206-296-7300.

This is a \$15 million blank check and does not take into account our high inflation rate. The bonds are for a new City Hall in the wrong place, at the wrong time. We can do better. It is time to reevaluate and think smarter not bigger. *Please vote no.*

Newer offices, if needed, would be most suitable in our underused business district.

Our engineers wrote we can mitigate earthquake risk at City Hall. QFC, Manhattan Square, Dunn Lumber and the Cove are about the same age and none is unusual or unsafe. Most buildings of this era can be afford-ably retrofitted if necessary. Ironically, the proposed site was tested and has *unstable soils* which the City's consultants say would add well over \$1 million to rapidly rising construction costs. Think smarter, not bigger.

To reiterate. Is this the right location for a park? Absolutely. For new officers? Absolutely not. Is it a good site for construction? No. The soil was bored, sample plugs tested, and *is unstable*. A No vote is not a vote against progress, rather recognition that this is an unusually costly time to build and finance. If needed, renovate. *Please vote no.*

Rebuttal of statement in favor

Did you know the Recreation Center was unnecessarily demolished before a voter-approved bond, even though the engineers estimated that a fully code-compliant retrofit would be half the cost of a new Center? Did you know that the proposed building site eliminates a children's baseball field? Did you know that the City Council minutes have not been published since October?

We have a great City. We can be better, smarter, and more innovative. Please vote No.
