 **King County**
Elections

From the Director

Dear Friends,

After 22 years in elections, the most rewarding feeling is still helping someone vote. Whether it's on a large scale like removing systemic barriers to voting or helping walk one person through the process of voting, I do this work because I believe everyone should have a voice. That's why I'm excited about two big changes to who can vote in our state.

This year, for the first time, 17-year-olds who will turn 18 by the General election can vote in the Primary. So, anyone who will turn 18 by November 8, 2022, can register, vote, and use their voice to help narrow down the candidates to the top two. They now get to help shape the General election ballot that will be before them in the fall.

We also saw voting rights restored for many with past felony convictions. Now, community supervision status or outstanding legal fines have no impact on your ability to vote. If you are not currently in jail for a felony conviction, you can vote. All you need to do is register – online, by mail, or in person.

Whether you're voting for the first time or the hundredth time, if you need help or have a question give us a call at 206-296-VOTE (8683). We are here to help.

Your vote is your voice. Make yourself heard and vote by August 2.

Happy voting!

Julie Wise

Voting tips

Fill out your ballot

Use any color pen to fill in the oval next to your choices.

Skip any contests that you don't want to vote in.

Sign your envelope

Your signature must match the signature on your voter registration record for your ballot to be counted.

Return your ballot early

Whether returning your ballot by mail or drop box, vote early. Don't wait until Election Day!

Find the full list of our 75 drop box locations on pages 8 and 9 of this pamphlet.

Mailed ballots must be postmarked by Election Day, August 2. No stamp is needed.

Access your ballot online

Lost and damaged ballots happen. There's an easy way to print your ballot right from home!

- Visit kingcounty.gov/elections/obmp and enter the required information to access your ballot.
- Make your selections on the computer or print out a blank ballot and fill it in by hand. If you choose to make your selections online, please double check those selections before and after printing your ballot.
- Return via mail or secure drop box, just like you normally would. No postage is required if using the included envelope cover sheet.

Any registered voter can use the online ballot marking program to access and print their ballot.

Voters with disabilities can mark their choices on the ballot online. The online ballot marking program has been designed specifically to enable voters who are blind or have low vision to cast a private ballot.

Other voting options

If one of the above options doesn't work for you, please contact our office at 206-296-VOTE (8683) for further assistance.

Track your ballot online!

All voters are able to track their ballot online to make sure it was received by King County Elections and track it through the process to being counted.

If there is an issue with your signature, the ballot tracker will point you in the right direction to get that fixed so your vote can be counted. If there are no issues with your ballot, you'll be able to rest easy on Election Day knowing that your voice was heard.

Visit kce.wiki/TrackMyBallot to track your ballot today!

Keep your voter registration current

Update your registration if you have moved or changed your name. Simply update your information online at VoteWA.gov or submit a new paper registration form by July 25 for the Primary election or visit us in person at one of our Vote Centers. If your signature has changed, please submit a new paper registration by July 25 or come see us in person – updates to signatures may not be done online.

Who can register

To register to vote in Washington, you must be:

- A citizen of the United States
- A legal resident of Washington state
- At least 18 years old
 - If you are 16 or 17, you can sign up as a Future Voter and be automatically registered to vote when you qualify
- Not disqualified from voting due to a court order
- Not currently serving a sentence of total confinement under the jurisdiction of the Department of Corrections for a Washington felony conviction
- Not currently incarcerated for a federal or out-of-state felony conviction

How to register to vote

Online

You can register to vote online at VoteWA.gov – all you need is two minutes and a Washington State Driver's License or ID. You can register online by July 25 for the Primary election.

By mail

Download and print a registration form from kce.wiki/VoterReg and mail it to our office address on page 4. It must be received by July 25 for the Primary election.

In person

You can register in person through August 2, Election Day, at one of our Vote Centers. More information about Vote Center hours and locations can be found on page 4 and on our website at kingcounty.gov/elections.

Effective January 1, 2022, if you were convicted of a felony, your right to vote will be automatically restored as long as you are not currently serving a sentence of total confinement in prison.

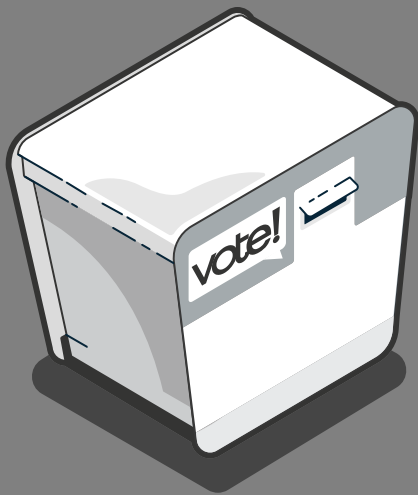

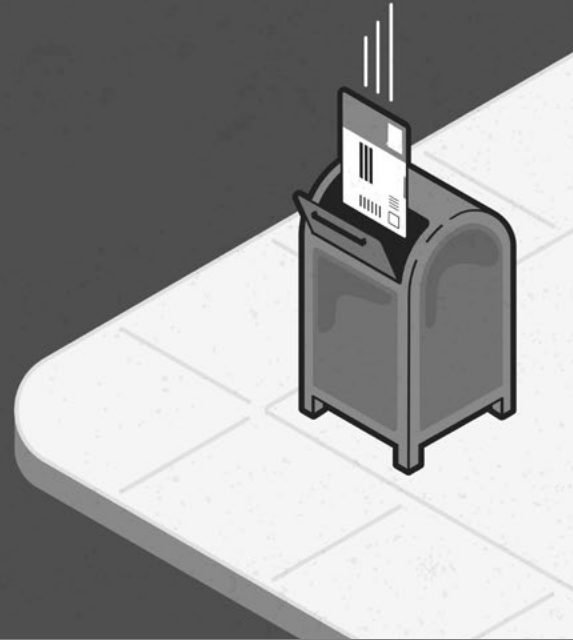

Community supervision status and legal fees and fines do not impact your right to vote. You can register to vote using any of the methods above.

Return your ballot by mail.

No Stamp Needed!

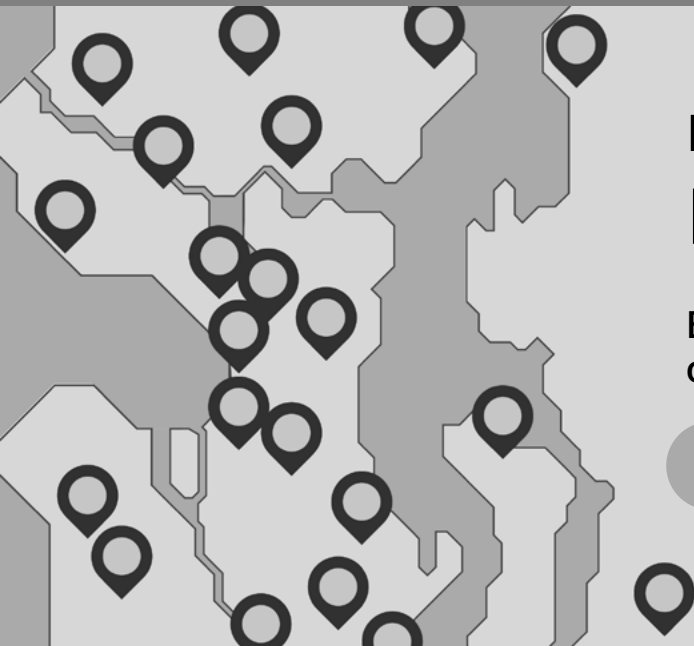

We recommend dropping your ballot in the mail by the Friday before Election Day to make sure it gets postmarked in time to be counted.

Mailed ballots must be postmarked by August 2.

The drop box at the King County Administration Building has moved!

This drop box has been moved from the 4th Ave location in downtown Seattle to 422 2nd Ave S, Seattle WA, near the King Street Center in Pioneer Square.

Return your ballot at a drop box. Now 75 locations!

Ballot drop boxes are open until 8 p.m. sharp on August 2.

About the Washington Primary Election

In each race, you may vote for any one candidate listed.

The two candidates who receive the most votes in the Primary will advance to the General election.

Each candidate for partisan office may state the political party that they prefer. A candidate's preference does not mean that the candidate nominated or endorsed by the party, or that the party approves of or associates with that candidate. It is simply their preference.

Learn more about the Top Two Primary at sos.wa.gov/elections.

Update your signature to make sure your ballot counts.

Signatures change over time. That's why we're reaching out to voters across the county over the coming months to request a current signature.

If you receive a pink envelope from King County Elections, be sure to sign and return it to add your current signature to your voter registration record.

You don't have to wait to hear from us! You can update your signature any time by filling out and returning a voter registration form. You can download voter registration forms at kce.wiki/VoterReg.

King County Elections does not correct punctuation, grammar, or fact check candidate and measure statements.

www.themilitant.com**Elected Experience:** No information submitted.**Other Professional Experience:** Currently a rail worker and a member of the SMART-TD union. A union coal miner for 18 years. Worked in textile, steel, and other industries, joining coworkers to fight for better conditions.**Education:** The Black struggle and other workers' struggles taught me a profound confidence in the solidarity and fighting capacity of the working class here and internationally**Community Service:** Participation in actions supporting Black farmers fighting land loss, protests against police brutality, against anti-Jewish attacks, and in solidarity with immigrant workers. Defending free speech and debate, and standing against anti-working class, anti-scientific "cancel culture" and "wokeism"..**Statement:** The Socialist Workers Party campaign presents a course for working people to organize, defend ourselves, and make gains amid deepening world capitalist crises. Workers need to break from the Democrats and Republicans, and use our unions to form a party of millions of working people, a labor party, to speak and fight in *our* interests.

Moscow's troops out of Ukraine now! U.S. troops & nuclear weapons out of Europe! End U.S. sanctions, which hurt working people.

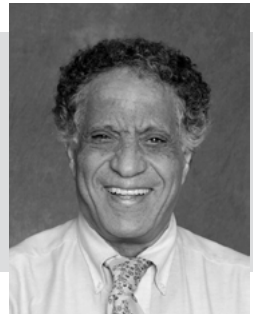

International working-class solidarity, including between Ukrainian and Russians toilers, is key to defeating Moscow's invasion. Workers here share common interests with fellow working people worldwide, not the rulers who exploit us. For unconditional recognition of Israel as a refuge for Jews, increasingly scapegoated for the capitalist crisis, and facing murderous violence.

Workers need access to healthcare, childcare, family planning, easier adoption, contraception, and safe and secure abortion. Solidarity with farmers, who face soaring production costs and threat of foreclosure. Nationalize the land, to guarantee use by those who live on and work it.

Defend Cuba's socialist revolution, which shows it *is* possible for workers and farmers to transform ourselves in struggle, take political power, and begin to uproot capitalist exploitation. End the U.S. economic war against Cuba!

Working people face long hours and insufficient time off. The labor movement must fight for a shorter work week with no cut in pay to create jobs, prevent layoffs, and allow family life. For cost-of-living raises of wages and retirement benefits with every price rise! To defend life and limb on the job, workers must aim for control of production.

Only a revolutionary government of workers and farmers can build a society in the interests of the majority. That's what the SWP fights for.

They convinced me to withdraw my name on her behalf and I agreed. Since 1992, senator Patty Murray was elected for WA state & is the chairman of Health and other departments.

I had been a doctor practicing in the state of WA for 38+ years with no complaints against me. Unexpectedly, the Health department suspended my medical license based on misinformation & what I suspect to be racism and Islamophobic. My case was handled through Zoom due to the pandemic and those members of the medical commission were all below my education and experience. I was racially targeted and they said I was demented and unable to practice. That misinformation came from a geriatrician, a member of LGBT whom I visited to get a second medical opinion on some issues. An attorney presented several supporting evidence, proving I was a competent medical doctor. The commission however, were convinced by an assistant attorney general who had been against me for years and I have evidence of that.

I wrote to Patty Murray, the chairman of the Health department, as this was her department. Why did not do anything? I decided to publish not only my grievances but also that of hundreds of my patients, as I am running for U.S. Senate.

I advocate amendments to the constitution which include War Powers Act, direct trade with foreign countries by states, National Guard to be under state control, Second Amendment as a privilege and not a right, allow foreign-born Americans to run for President, and U.S. Congress to meet in states by rotation. Elected Experience: None, which is an attribute. Please read my statement carefully, I am about one thing results and I will bring results through this position.

Other Professional Experience: State and Tribal.

Education: MSW, I have every intention of getting involved in education on a local level. We have to fix where our schools are at. I will work with both parties to focus on test scores, vouchers, and helping all schools.

Community Service: A great deal of service. I am a Tribal member who will reach out to both sides of the aisle, and I will be involved with fixing crime and homelessness on a local level.

Statement: My name is John Guenther, I am a Republican candidate for the US Senate. I am calling on votes from Democrats, Independents, and Republicans. I promise members of Congress or their significant others will not be permitted to own individual stocks and I will get term limits for the House and Senate; or I will not run again. Under my watch, we will fight the printing of money and the massive debts we are under, and we will stop inflation.

I will fight crime by ensuring Judges don't allow dangerous individuals out on bail. I will ensure Prosecutors file on dangerous individuals, I will fund the police, and will stop tent cities in city limits. I will be involved locally.

With education, focus on the basics, bring up test scores, why are poor and minority schools always the worst? We need to look at vouchers. Teach sex ed at home, and end CRT.

With energy, yes to alternative sources, but bring back nuclear, and get the uranium, oil and gas from American states. I will support legal immigration, and stop this surge. With foreign affairs, operate from a position of strength, stop allowing countries that are hostile to America, take over America. We are about to accidentally enter WWII.

I want to Reach out to Republicans and say, hardliners will not win, vote for me. Democrats, I will work closely with you and will work on a local level to make our State safe again, and help our educational system. With Independents, do you trust the direction we are going? We need leadership to right this wrong. I am saying to all three groups, vote for me and you will get results. I will not tell you that I have a plan, I will produce or not run again.

Elected Experience: No prior elected experience, but an extensive background building coalitions and working with members from both parties to enact legislation reforming the Veterans Administration and improving veterans' health care.

Other Professional Experience: Triage nurse, full-time caregiver, President and Co-Founder of "Hope Unseen," veteran's advocate, mother of three growing boys.

Education: Whitworth College- Bachelor of Science in Nursing

Community Service: KADLEC Foundation Board, Elizabeth Dole Foundation, National Chamber for Hiring our Heroes, Veterans Airlift Command, Camp Corral, Smart Women Smart Money, Policy Vet Board

Statement: Tiffany Smiley grew up on a farm in rural Washington and dreamed of becoming a nurse. When she married her high school sweetheart, Scotty Smiley, and achieved her goal of becoming a triage nurse it seemed she'd achieved her version of the American Dream. That dream was shattered in April of 2005 when she was informed that her husband had been blinded by a suicide car bomber in Mosul, Iraq. At 23, Tiffany quit her nursing job and flew to Walter Reed Army Medical Center to be by Scotty's side.

At Walter Reed, Tiffany had to stand up to the federal government and fight for Scotty, his dreams and the care he had earned. For Tiffany, her experience with the military bureaucracy highlighted the challenges facing many service members and their families. Tiffany became their voice, going to Capitol Hill and meeting with anyone who would listen to her. She built coalitions with members from both sides of the aisle which ultimately resulted in real reform of the VA to help the catastrophically injured and their caregivers.

Drawing on her experiences as a veteran's advocate, Tiffany will build coalitions and work for policies that improve public safety and protect Washington families, combat spiraling gas prices and the inflation that's hurting the middle class and address the homeless crisis plaguing our communities. Tiffany will be a strong supporter of our men and women in law enforcement whose sacrifices keep our streets safe and allow Washington communities to thrive. As the mother of three school-age boys, Tiffany will invest in our schools to provide every child with a brighter future. Tiffany has earned the endorsement of the Washington State Republican Party. From a small farm in Eastern Washington to the nation's capital, Tiffany will be a voice for all of Washington.

Statement: My name is Dan Doan and I am interested in running for US Senate to help the laid the foundation for the future young generation of politicians who choose to pursue the opportunity to run for office. The essence of democracy is "We the People" meaning it is the constituents that decide who they should elect not based on popularity but rather on intelligence that can make wise decisions on their behalf for the greater good of the country.

Statement: As a Democrat, I have always the interests of the people at heart, because I truly believe that *democracy* is the best form of government for all the people across this Earth.

My Bachelors of Arts & Science from the University of Washington, followed by many years of study at the Environmental University of Oxford graduating with a Public Health PHD & Environmental Science and Cybernetics. (PPE)

All of my life I have extended myself to the community, with non profit work at "People's Health International" working against endemic diseases such as Tuberculosis and many other communicable illnesses that ravage the most neglected human beings at the bottom of the pyramid.

It is my fervent belief that government by the people, from the people and for the People -- shall never perish from this Earth, if we can help it.

That is, if we can help it be maintained as discussed in our party manifest, and as "We Democrats and Independents" can coalesce into a strong majority that will push through our political agenda of Growth, Equality in front of the eyes of the law, and Equanimity in opportunity to harvest the American Dream that is promised to all of us, but rarely delivered to the ones who are less fortunate amongst us, because of racial divisions, lack of economic opportunity for most, and also because we are still tied up to the carriage of runaways that preach systemic racism and white supremacy, and still happen to be the majority of our elected officials. This is what I am here to change, and that is why I ask for your vote.

Thank You

Education: BA Business Administration, University of Washington: Economics, Finance, Accounting; BA Political Science, Chaminade University: Constitutional Law & Government

Community Service: Army veteran, Captain, Second Infantry Division. Incidentally, I was a *middle-road*, JFK (John F. Kennedy) legacy Democrat. The Democratic Party *abandoned* me. I became a Republican. Praise God.

Statement: The 7% inflation in 2021, the worst in 40 years, cost the average U.S. household \$3,500 more for the same goods and services.

Think about this. The ineffective career politicians in charge, who just messed up your wallet, want another chance. Bad idea.

This election, *cut your losses*.

Vote your unhappy wallet a Senator (and Representative) who will sponsor tried-and-true policies that foster prosperity.

Specifically, under Democrat President John F. Kennedy, almost everything was made-in-the-USA, America was energy independent, our border was secured, and inflation was 1%. *With policies like JFK*, Donald Trump's inflation rate was 1.2%.

Something else. Article IV, Section 4, in the Constitution, protects each state against invasion. Accordingly, I oppose amnesty for illegal aliens. These people invaded America.

It began in response to the Seattle Times failure to recognize Sound Transit had a board of elected officials and a CEO that didn't understand the basics of public transportation.

That 4-car light rail trains don't have the capacity to reduce peak-hour congestion on multi-lane freeways and cost too much to operate during off-peak commute. That the billions already spent on Prop 1 extensions will do nothing to reduce freeway congestion. They're only a down payment on ST3 "voter approved" extensions whose costs have increased from the \$54B voters approved in 2016 to \$135B in 2022; yet don't increase capacity but add to operating cost.

The Times has abided Sound Transit no longer releasing quarterly service reports that would have shown Northgate Link ridership was ~8000, a fraction of the 42,000-49,000 the paper had heralded as "Transit Transformed". Portending even worse debacles for the "voter approved" ST3 extensions; my goal to expose.

This year it will also allow state residents to vote for someone who doesn't believe the country is systemically racist, believes teaching CRT doesn't benefit students, and that sex education should be age appropriate. That Gov. Inslee should explain the benefits of EVs whose batteries are charged by fossil fueled generators and whose owners don't pay gas taxes to fund roads. Who questions the efficacy of his carbon tax when the country only emits 15% of the planet's CO2 and a Dec NAS paper conclusion:

CO3 warming effect decreases with concentration. CO2 has less and less effect with increased concentration. CO2 can go to 1000 to 2000 to 5000ppm and it won't warm the earth

But that has only made me more determined to be a strong voice in the other Washington for our workers and families—one who listens to the people of our state first and foremost, and always stands up for our values and priorities.

As your Senator, I focus on results and concrete ways I can make life better for people in our state. I led the Senate in passing legislation last year to get our kids back into the classroom safely, make COVID vaccines available to everyone who needed them, and help small businesses and families make ends meet through difficult times.

Right afterward, I got to work to help pass the Bipartisan Infrastructure Law, which will create good-paying union jobs in every part of our state, improve public transit, expand lower-cost clean energy, establish universal broadband, and upgrade our bridges, ferries, and ports to strengthen supply chains.

And, I negotiated a bipartisan budget that funds local priorities Washington workers and families like you have told me about, like helping veterans find housing and expanding job training.

I will always stand up to those who want to roll back workers' rights, jeopardize American democracy, or ban abortions. I believe the economy should work for everyone in our state, not just those at the very top. Instead of tax cuts for the rich, I want to lower families' costs for basics like health care and child care—make housing, college, and career and technical education more affordable, and invest in American manufacturing to bring good jobs back home.

I ask for your vote so I can keep fighting for you and everyone here in Washington state.

I believe that without a little more opportunity for the next generation, we cannot have a healthy civilization.

If corporations move to other countries, they should follow the same rules and labour practices as in the USA. Stop shipping logs, jobs, and clean air and water over seas. Turn off reactor at Hanford and no new reactor; stop making the mess. Replace Hanford with geothermal power generation. Nationwide public internet access for everyone and net neutrality. Ban the use of certain weed killers on federally funded sites like easements, fencelines, ditch banks, and public schools; reintroduce the monarch butterfly to Washington state. Overturn Citizen's United.

Picture a state and a nation where your children can afford to live. Annex Weyerhaeuser's land and give away 250k free off-the-grid homesteads in WA state. A place where elected officials are chosen by the people, not by their financial contributors. Make C-Span more entertaining. Rather than propose campaign reform, I'm going to implement it. I am not an attorney, and I am not a politician. Therefore, there will be no question about who I am working for. I will lead Washington into the 21st century.

Statement: We have a serious problem and even as wealthy as this Nation is, this is getting expensive. \$30,400,000,000,000 National Debt along with increasing interest rates; the postponement/abandonment of dealing with this has left the United States in a precarious financial situation, Interest Payments this year will exceed \$600 Billion (1.7 Billion Each Day).

The incumbent has been in office 29 years; the National Debt has increased over \$26,400,000,000,000 during her time in office. Without your help it will not get repaired, the people who created this mess have no incentive to fix it. Grandmothers, moms, your kids and grandkids have gotten Fleeced!

Not learning from but repeating history is Insane yet here we are again, will the catastrophic results repeat also? George Washington's farewell speech in 1798 addressed Political Parties and the damage they would inflict on this Nation because of Potentates and Despotism; the cost of abandoning Virtue and Morality for Legalism; the dangers and damage of Outside Foreign Influence; along with the irresponsibility and cost associated with an unfettered National Debt.

Thomas Jefferson stated: "I know no safe depository of the ultimate powers of society but the people themselves; and if we think them not enlightened enough to exercise their control with a wholesome discretion, the remedy is not to take it from them, but to inform their discretion by education."

Unfortunately there are no term limits; the Elephants and Asses (Republicans and Democrats) defrauded/deceived you, your kids and your grandkids! The only way to get rid of the lifers in the House and Senate is to remove/fire them all. If you are tired of the status quo, help change it. It's past time to clean house.

Have been writing about the Nation Debt since 1992, operate two websites Scaryreality.com, 2004; Insanityrules.org, 2019. Thanks Chuck

Statement: I am a successful entrepreneur, businesswoman, wife, and mother. Born and raised in Bellevue, WA, I have watched firsthand our state's downfall. Friends ask me "Naz, why would you put yourself out in the angry political world?" Simple. As the daughter to Iranian immigrants and as wife to a husband whose family fled the Socialist Republic of Romania, I have seen sacrifice. I love my country, I love the constitution, and I want there to be a future for my children and yours! As an independent, I believe that our differences empower us and that respect is essential, even when we disagree. We all see the bad direction our country is headed and we all see the hypocrisy among both sides of the establishment. We all want change. I am that change.

I believe our 2-party system does not care for the common citizen. They pledge their allegiance to their party. I will pledge allegiance to our country and the people of WA! I promise to be honest, upright, and continue holding the same moral values that I hold in my personal life, family, and business. I won't be bought by special-interest groups and I will put the grueling issues that plague our state first on the list. From holding state officials accountable with homelessness funds, to fighting big Pharma, inflation, education, student loans, energy innovation, immigration, etc. The list goes on and I'm prepared to bring solutions to the table and work between party lines to get things done!

Who is best to represent you Washington? A democrat? A republican? Or is it an independent? One who truly loves her state, the Washington people, and wants to better the quality of life for all. The voters have to decide. Thank you for the opportunity to serve and represent you!

Hello friend! Let me tell you a little about you and about me. We are poor. Inflation is going to eat everything we have as far as income and savings. The stock market is taking our retirement. If you're paying a mortgage, good luck. In the next few months, we're going to have to start making decisions about whether to buy food, clothes, gas, insurance or pay our inflated taxes. Meanwhile, our only hope for the future, our children, are being taught intolerance, dependency, racism and hatred in school. The Government you voted for wants the next generations poor, fearful, ignorant and dependent. That's our future.

The Problem

The media and the super rich have lied to us about everything from the Russian Revolution(s), to the Vietnam War, the War on Drugs, the War On Terror, 9/11, Russia/Trump Collusion, the Biden "Election" and the China Virus attack. They know the jig's up. Their answer? Make it a crime to tell the truth about government lies, incompetence and corruption. On both sides, they are offering you one choice; a totalitarian regime. After 9/11, the United States Government turned on America. The multinational corporations want a police state here and they'll keep on killing us until we beg for it. Not on my watch.

The Solution

Please check that box for Matthew Heines right now. Check out (vote4heines.com) and see why Matthew Heines, a teacher who walks the walk, is such a threat to the Establishment. With your vote, I'll go to Washington to help our *elected* President to give parents school choice, get US manufacturing going, shut down our border, punish the criminals and bring peace, prosperity and freedom to America. Vote for your neighbors, your kids and your lives. Vote for Matthew Heines.

We are blessed to be Americans and we need to radiate that message. As a compassionate capitalist I'm mindful of our planet.

My passionate planks of my platform are; Term Limits, Veterans, Environment and education reform. We can improve the economy and help the middle class by providing training for trades jobs that are critically low such as electricians, fabricators, plumbers and truck drivers, and enhance STEM for our 21st Century economy.

I will use my talents and ability to work across party lines to ensure everyone in the first district feels like their children and grandchildren have a realistic path to "Their" futures success. Join me in using Common Sense and Civility in Washington DC as I ask for your vote to represent you! Together we can make a difference! Neighbors like yours are voting for me, Join US.

God Bless You and Your Family and God Bless America!

Elected Experience: Mill Creek City Council, 2015-*present*; SNO911 Board 2019-*present*; Joint Fire Board 2011-*present*

Other Professional Experience: Served in the United States Army Reserve 1983-1989; JRA Assistant Recreational Director IRYC from 1996-2000. Currently a deputy with the Snohomish County Sheriff's Office and Director of Education with the Silent Majority Foundation.

Education: Graduated North Babylon High School 1983, attended Everett Community College 1998-99

Community Service: I currently serve on the Boards for Parks and Recreation, Arts and Beautification, and WRIA 8 where my primary focus is protecting our open spaces and environment. I currently volunteer at the Mill Creek Food Bank and my community church.

Statement: Now, more than ever, Congress needs representatives who will honor their oath to the American people. While crime and inflation soar, current national leadership continues to ignore the needs of the people. I am committed to restoring public safety, revitalizing our small businesses, and holding Congress fiscally accountable.

As a Deputy with the Sheriff's Office for over 22 years, and a Mill Creek Councilman for the last seven, I have been able to accomplish many things in my community to make it safer, cleaner, and more prosperous. Mill Creek has been rated one of America's most livable cities during my tenure.

I led the charge in hiring more officers in my city while others were focused on "defunding or reimagining" their police. In the wake of the Washington Supreme Court's decision to legalize the possession of drugs, I authored a city ordinance to recriminalize the possession of drugs like fentanyl (now the #1 killer of Americans 18-45), methamphetamine, and heroin.

On day one in Congress, I will introduce the Law Enforcement Community Standards Act which will hold cities accountable that defund their police. In addition, I will also introduce the Prosecutor Responsibility and Detention Act which will hold prosecutors accountable for allowing repeat offenders back in our communities. Finally, my "Reapply and Retry" Bill will divert \$900 million of unused American Rescue Plan Act funds and give it back to businesses decimated by the mandates.

I have honorably served you as a soldier, deputy and councilman for more than 29 years. I humbly ask to serve as your congressman. With your help, we can repair the damage inflicted across America.

Proudly endorsed by former King County Sheriff and Congressman Dave Reichert, Snohomish County Sheriff Adam Fortney, the Snohomish County GOP, and your local law enforcement.

Elected Experience: I'm not tainted, haven't sold out, not subject to lobbyist demands and not on the take; therefore, my elected experience must be "zero".

Other Professional Experience: United States Marine Corps from 1966 to 1972; enlisted as Private, Honorably Discharged as Sergeant; Custom homebuilder and general contractor for 30 years; Petroleum Landman for the past 18 years; Past member of Greater San Antonio Builders Association; Member of American Association of Petroleum Landmen

Education: Business major at the University of North Texas and Texas State University

Community Service: Over the years I have made donations of time and money to numerous organizations, judicial candidates and many public servants.

Statement: My politics are simple: research an issue and create an informed opinion based on knowledge and common sense; this makes me neither a Democrat nor Republican. I define myself as an independent thinker who considers all sides of an argument before making an informed decision. The current issues are too complex to have input only from one view. I will ask for advice from all sides before drawing a conclusion. My views are solid; however, if I am given a reason to re-evaluate them, I will. Times change, I can as well.

I am, by definition, a Patriot (a word that appears unfamiliar to progressives). This means that I value what our founders have given us. We should be enjoying the efficient running of our government, not the systematic destruction of our country. The issues we face before us are many, and they deserve to be handled in a way that won't ultimately destroy the lives of millions of Americans.

I believe roughly 20 percent of Americans align themselves with a political party. We live in a nation made up of conservatives, moderates, and free-thinking liberals. People are slowly waking up, but more must be done. If we continue to elect people who provide leadership from nowhere, that makes us just as responsible for this mess as they are. For them, there's only one option...theirs, and it's been proven repeatedly to be the incorrect option - one that will ultimately lead to our destruction as a free nation. If I can't earn your vote, for God's sake, don't go out and vote for them, again! Politicians have been giving their party what it wants. Now it's time for us to get what we want and what we have earned.

Together, with your help, we will restore the soul of America.

Elected Experience: United States Representative, 2012-Present. Vice Chair of the Ways and Means Committee. Chair, New Democrat Coalition.

Other Professional Experience: Successful career as a businesswoman and entrepreneur. Former Microsoft executive, led local high-tech startups. Former Director of Washington's Department of Revenue, where I led efforts to simplify the tax system and help small businesses.

Education: B.A., Biology, Reed College; M.B.A., University of Washington.

Community Service: I've mentored students at UW Business School; been active in my church, serving as a board member. Volunteered with the PTA, Girl Scouts and YWCA, supporting transitional housing, job training and services to help families get back on their feet.

Statement: These days, our country faces serious challenges. Families across the 1st District are concerned about the future. More than ever, we need the sort of pragmatic leadership I am committed to delivering. My focus is on tackling inflation, rebuilding our middle class, standing up to the extremes, and protecting our rights.

We're all frustrated with the divisiveness of politics in the other Washington. Too much performance, not enough substance. I am the opposite. In Congress, I'm committed to putting aside hyperpartisanship to deliver results.

I led the expansion of the Child Tax Credit, which sent families up to \$300 per child monthly last year, reduced taxes on 40 million families and dramatically cut child poverty. I helped enact a low-income housing tax credit that will create 130,000 affordable homes. And we passed the Bipartisan Infrastructure Law, sending Washington state billions in federal funding to improve our state's highways, mass transit, ports and airports, and to expand access to broadband and wildfire mitigation programs.

My background as a successful businesswoman and entrepreneur helps guide my efforts to restore economic stability, prosperity and opportunity. I've pushed to reduce inflation by supporting policies to produce critical goods in America again, getting more people in the workforce, and lowering costs for housing, food, and gas while investing in clean energy. I secured \$200 million to expand job training opportunities. My core values remain unchanged. *As I have done from Day One, I'll protect Social Security and Medicare. If the Supreme Court overturns Roe, I will stand even stronger to protect a woman's right to choose.*

I have endorsements from Democratic groups, labor, local leaders, and many others.

I'm committed to results, not rhetoric. With the right decisions and leadership, our future in the 1st Congressional District will be bright. I ask for your support.

Community Service: Volunteer: Union Gospel Mission, Northwest Harvest, Ronald McDonald House; Donor: Gift of Adoption, Lambert House, Big Brothers and Big Sisters, Northwest Toy Run

Statement: Right now more than ever we need to come together, united for a brighter future. It is important that we take care of those in need while preserving the personal freedoms and rights upon which this country was founded.

Last year I lost my business and most of my belongings, and though it was a very difficult time, it taught me a great deal about the true state of the economy, and the importance of identifying and addressing financial problems as early as possible. In my time of need, others were there to help me with my basic needs, and I want to pay that forward.

We must solve the many challenges ahead, and I believe we need new leaders who think differently and without compromise. We need a plan to orchestrate a digital overhaul of our government, and my vision includes the ability to route funding and assistance where we need it most, in real time.

I also have a plan to implement a system that will identify financial fraud well before it affects our economy. These systems will also help with better climate modeling, farm production, energy sourcing, wildfire prevention, and many other important factors, all directly affecting our quality of life.

All funds saved will be prioritized for helping those who need it most which will improve our communities while reducing taxes. *If elected, I will commit to holding zero investments of any kind, and I will make all of my personal financial information public. I will also refuse to accept campaign contributions from any corporate or foreign interests.*

It is time we shift our approach to the problems we currently face, and make decisions for the good of everyone in this great country. It is time for us to build the Smart Government of the future.

Other Professional Experience: Issaquah pediatrician for 17 years; Voted Best Pediatrician, greater Seattle area (Parent Map Magazine, 2013)

Education: Pediatric residency at Lucile Packard Children's Hospital, Stanford University, 2000; University of California, Davis School of Medicine, 1997; University of California, Berkeley, B.A., Astrophysics, 1991

Community Service: Green River habitat restoration, work with Mountains to Sound Greenway

Statement: You sent me to Congress because you knew I would advocate for you the same way I stood up for children and families for over 20 years as a pediatrician. I promised to be an independent and effective voice for our district, someone willing to work with both parties to deliver real results that matter. I've helped pass laws to bring down costs for working families, to get Veterans the quality healthcare they deserve, and to support training and resources for local police because everyone deserves to feel safe in our community.

As the only pediatrician in Congress, I've helped pass laws to actually bring down the cost of lifesaving prescription drugs, like insulin. I will work to make healthcare and other everyday costs more affordable for middle class families. As a doctor, I will always fight to protect a woman's right to choose and to keep politicians out of private decisions between a woman and her doctor.

I am the only member of Congress from the Pacific Northwest on the Agriculture Committee. I have worked with both parties on behalf of our farming communities to support trade, encourage sustainable agriculture, advocate for commonsense immigration reform, and fix supply chain disruptions so farmers can get their goods to market. I will continue to champion responsible stewardship of our cherished public lands, clean air, and water.

With nearly 100 town halls, I've listened, I've learned, and I've gone to bat for you in Congress. It is an honor to serve you and I humbly ask for your vote.

Endorsements: League of Conservation Voters, Washington State Labor Council, Planned Parenthood Action Fund, Alliance for Gun Responsibility, and mayors across the district, including Auburn Mayor Backus, Issaquah Mayor Pauly, and North Bend Mayor McFarland.

Elected Experience: King County Councilmember, representative of a quarter of a million people and 15 cities in suburban King County; Norm Maleng Award as Washington state's outstanding local elected official of the year

Other Professional Experience: Federal Prosecutor, Terrorism Unit, Western Washington's U.S. Attorney's Office (*Top Secret* clearance); National Coordinator, Project Safe Neighborhoods (Justice Department's national effort to fight violent crime); Senior Counsel to the Director and Counsel to Assistant Attorney General, USDOJ

Education: Juris Doctor, University of Washington School of Law, *Order of Barristers*; B.A., Arizona State University, *Magna Cum Laude*

Community Service: Chairman, National Alliance for Parents in Recovery; Teanaway Community Forest Advisory Committee (Central Washington)

Statement: Are you better off today than you were four years ago when the incumbent was first elected to Congress?

I am running because I believe our elected leaders in Washington D.C. have put our nation on the wrong track, and I know from experience that we can do better. I am concerned about the economy and the skyrocketing cost of living, including the price of gas, groceries, and services. A big reason for these price increases comes from unchecked federal spending by Congress.

On the King County Council, I have been a budget hawk and have opposed more new taxes than any other Councilmember. I believe that we must be efficient with your tax dollars by prioritizing government services. I present a clear contrast with the incumbent, who has voted 100% of the time with President Biden's agenda and increased our national debt by roughly \$10 trillion dollars - a 50% increase of the national debt in just four short years.

We're also seeing a startling rise in violent crime. In 2001, I was appointed by the President of the United States to lead Project Safe Neighborhoods, the U.S. Department of Justice's national effort to fight violent crime. I am proud that under my leadership we reduced crime. Unfortunately, today crime is surging once again. If elected to Congress, I will use my experience as a federal prosecutor and expert in criminal justice policy to take violent criminals off our streets and support our law enforcement officers.

As your Representative, I will work to implement my "Roadmap for Our Recovery," which will focus on cutting inflation, lowering prices, creating energy independence, securing our borders, assisting with behavioral health disorders, protecting our environment, and fighting crime.

I ask for your vote to bring civility, experience, and independent leadership back to Congress.

Education: Masters of Law Degree (LLM) George Washington University School of Law; Law Degree (JD) Gonzaga University School of Law; Double Major (BA) Westmont College

Community Service: Evergreen Health Board of Trustees; YMCA Youth Basketball Coach; Woodinville Little League; Timberlake Church; Seattle's Union Gospel Mission; Vision House; Stronger Families

Statement: I'm running for Congress because we all deserve a better, safer, Washington to raise our families in. As a father of 4 young children, Christian, business owner, former White House staffer, and prosecutor, I have a uniquely qualified perspective on the problems plaguing our state. My roots run deep in Washington---I was born and raised here. My family has lived here for 165 years. We own a 3rd generation, manufacturing company, employing over 600 people, making products in the USA which bring clean water to people globally.

Washington is heading in the wrong direction. Enabling policies and our crisis at the border have led to skyrocketing crime, homelessness, and drug abuse. Our state desperately needs a leader to tackle these issues.

We need to give parents back their voices in their children's education. We need to lower inflation so families can pay bills and fill their gas tanks. We need to ensure free, fair elections and a strong national defense which starts with energy independence.

Together we will reign in federal spending, Make Crime Illegal Again, take back our streets and parks, and restore hope for everyday Americans. I'm a hard worker who will never stop fighting for Washington families---it's time to roll up our sleeves and get to work!

I'm proudly endorsed by the Pierce and Snohomish County Republican Parties, Seattle Police Officers Guild, WA Young Republicans, Snohomish County Sheriff Adam Fortney and the Pierce County Sheriff, former WA Treasurer Duane Davidson, former WA Attorney General, Senators Phil Fortunato and Jim McCune, Representatives Carolyn Eslick and Robert Sutherland, former King County Councilwoman Kathy Lambert, Pierce County Councilwoman Amy Cruver, First Responders, Health Care Professionals, Radio Talk Show Hosts, Businesses, Teachers, Veterans and many others.

Washington deserves a Congressman who'll fight for them---because Washington is worth fighting for!

That is what a Trillion-dollar Trade Deficit means.

NAFTA is a failure. The WTO is a failure. US Trade Policy is a failure. The Social Problems caused by these failures are unacceptable. When 10 million Americans lose their jobs, that means that 10 million American families are affected. We are talking about people who do not have enough money to buy a house; people who do not have enough money to send their children to college; and people who are stressed out all the time because they can't pay their bills. When a foreign government gives subsidies to its airplane industry, or when a country which is selling thousands of cars over here refuses to allow farm products to be sold over there, ordinary Americans suffer.

The larger issue here is that certain governments, like China and Germany, are determined to maintain a permanent Trade Surplus against the US. During the Cold War, the US government decided that supporting our allies was important enough that losing a few American jobs was worth it. For this reason, we entered into trade deals with West Germany, South Korea, and Taiwan which were very beneficial to them. The Cold War ended in the 1980s, but these trade agreements are still chugging along. We have an entire generation of bureaucrats in Washington who have never questioned this, because they have never known anything different.

The word "Trade" means "We buy stuff from you, and you buy stuff from us." What we have in America today is not any kind of "Trade". It is a one-way street, and ordinary citizens of this country are paying the price. We need to tear down the existing system of International Trade, and create an entirely new system.

A representative that will work with their fellow lawmakers instead of against them.

I am running for Congress to be your voice, your advocate for change in how America can realize the promise laid out in the founding of this nation of "Life, Liberty, and the pursuit of Happiness."

A proud lifelong resident of Washington State, I grew up living in both Seattle and Wenatchee, splitting my time between each every year, which gives me a unique perspective on life in these vastly different communities.

I am here to help this country get back on track: ending policies that benefit the rich while harming the middle class, supporting scientists seeking solutions to address the impacts of climate change, and guaranteeing the civil rights of all Americans by ensuring the law applies equally to everyone.

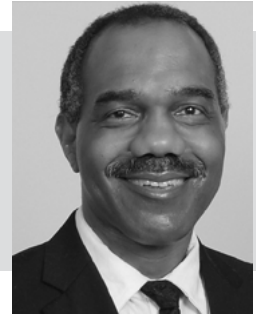

Our children deserve to live in a world free from the threat of coercion and violence. We as a nation have a shared responsibility to voluntarily help those who cannot help themselves. We need effective support for non-profits and programs that provide real solutions to address homelessness, provide comprehensive mental health and addiction support as well as ensure that no one is left hungry due to situations beyond their control.

My skills in organizing people from different communities and backgrounds, with disparate, potentially conflicting ideologies can create a collaborative environment in Congress where the focus is on creating solutions that provide benefit to all Americans. Looking at the history of this country and our government, the most successful progress has always come from bipartisan efforts. This is the only way that we will succeed as a nation.

**Elected Experience:** none**Other Professional Experience:** Proud government employee (federal, NOAA)**Education:** Bachelor Science, Accountancy, University of Illinois**Community Service:** Ranked choice voting to defend democracy; *ending unconstitutionally illegal, abusive judiciary case "laws" and "orders"*; government and businesses serving the people (not the reverse); quality schools; fair free global trade; not ending analog television prematurely; clean green renewable energy sources; supporting our troops' economic and financial futures; not starting the wars in Iraq and Afghanistan or bank bailout; immigration law enforcement focused on abusive employers; progressive tax system for higher incomes; universal healthcare; ProLife (exceptions: rape, incest, significant health risk); UN-focused world unity are among my commitments**Statement:** Correct governing is a manual system without automatic safeguards making it vulnerable to cheaters. Government office needs a watchful, strong, honest, dedicated person. *I am that person.*

Ranked choice voting preserves the peoples' voices which is why we need it everywhere. Not having ranked choice voting allows election thieves to silence peoples' voices which is why they don't allow it everywhere.

Ranked choice voting is necessary to defend our elections because it protects against election thieves splitting an opponent's votes. It means voters rank election candidates in the voter's preferred order. If one candidate has more than half the votes after each voter's first ranked choice is counted, then that candidate would be the winner. However, if no one has a majority at that point, letting the person with the most votes but *less than a majority steal* the election is *avoidable* and, therefore, ridiculous. With ranked choice voting everyone's additional ranked choices are added to the count *until* someone has a majority. After all the ranks are added, if no one has a majority, only then will the nonmajority highest vote getter win.

Judiciary "opinions" changing same government level legislative or executive actions without, at least, *legislative panel approval* is insubordinate (towards legislature [judiciary's *superior*]) unconstitutionally illegal wrong.

Our elections are always under attack from rightwing and leftwing ideological extremists, foreign and domestic. These extremists lie to destroy America's democracy and silence America's voices. Both extremist wings tell misleading slogan lies to cover up their double standards.

Top 2 primary is a useful step in the correct governing direction. Ranked choice voting is an even more important step. A Washington previous ranked choice voting system was mistakenly ended instead of expanded. Mail in balloting *emphasizes* Election Day should be the *last day to vote, not the only day.*

Education: Iowa State University, B.S. in Sociology, minor in Mathematics

Community Service: Volunteer Youth Soccer coach, 70+ units at Bloodworks NW

Statement: Even more than when I ran to represent the 8th District four years ago, both of our major parties have continued to build their strength through dividing the country. I believe that our shortest path to improving how we govern ourselves is break up the duopoly that has dominated our political discourse for too long.

In short, I am a fed-up moderate, who will be willing to sacrifice and to compromise to bridge divides. I will work with all of us to rediscover where our unity lies, for we will always be stronger together than we can ever be apart. And where that common ground ends, we need to find ways to give each other the freedom to be our best selves on the path that we choose.

We have always been a nation of many backgrounds, viewpoints, and deeply held beliefs. I believe that this has been our greatest strength, that we have historically found ways to embrace those differences and find what we hold in common. As a country, we have not always been on the path of what is righteous and true, but we have changed course many times toward that goal. It is time to make such a turn again, together.

Please reach out and let me know if you feel the same, and if you feel differently, I would love to know where you think we diverge. I think we all see some of the puzzle but need to be open to others if we are to ever be able to put together the whole picture. As your Representative, I am committed to bringing these currently disparate pieces together to work toward our common goals and an optimistic future.

Education: Columbia Business School, M.B.A., Dean's List recipient, 2016; US Army Ranger School; Infantry Officers Basic Course; The George Washington University, B.A. in Political Science (Public Policy concentration), 2006.

Community Service: Co-founder of Task Force Argo, organization responsible for rescuing over 2,500 Americans and Afghan linguists left in Afghanistan; Board Member at New Phoebe House – a recovery center for women and their families.

Statement: Husband. Father. Veteran.

I spent my life believing in the American Dream. Growing up in a working-class family as the son of a pastor father and janitor mother, I got a firsthand lesson on the importance of hard work. Thanks to my grandfather, a World War II veteran who co-signed my student loans, I became the first person in my family to graduate college. After graduation, I met a wounded soldier at the height of the Iraq War who inspired me to enlist in the military to serve my country.

During my seven years in the military, I attained the rank of Captain in the U.S. Army, served in the elite Ranger Regiment, and deployed on four combat tours in Afghanistan. With a deep sense of patriotism and sense of service to others, I learned that the best leaders are servants to those they are entrusted to lead. During my time serving our country, I was awarded the Combat Infantryman's badge, Army Commendation Medal, and two Bronze Stars.

After serving my country as an Army Ranger, I was accepted into Business School, recruited into the private sector, and became a director in the healthcare and technology industries. Most recently, I co-founded Task Force Argo, a volunteer group formed following the abrupt withdrawal of U.S. forces from Afghanistan that left thousands stranded behind enemy lines. We helped over 2,500 Americans and Afghan Allies flee an oppressive regime.

I'm running for Congress because we need more servant leaders. Full Democrat control of the federal government has resulted in skyrocketing inflation, crime, and energy prices. We are at a crossroads between an extreme ideology and a balanced approach to governance. I will fight in Congress for an America where we all have the right to self-determine and pursue our American Dream.

I'm the only America First candidate in this race and like President Trump, I'm not a politician or a political insider. I'm a frustrated American who loves his country, family, and community and I believe We Deserve Better.

I will fight against the radical Left *and* the weak establishment Right to *Save Our Children* from radicalization, sexualization, and indoctrination and return power to parents with school and curricula choice; *Protect Our Nation* by stopping the invasion at our southern border, finishing the wall, and funding/supporting BPS and ICE; *Secure Our Elections* by prosecuting voter fraud, implementing Voter ID, and fighting for in-person elections with paper ballots; *Fix Our Economy* by stopping out of control spending, slashing regulations and bureaucracy, and returning America to energy independence; *Restore Our Freedom* by ending Big Tech censorship, the weaponization of the administrative state, and the assault on the 2nd Amendment; *Regain Our Trust* by holding people accountable for COVID-19, the Russia-collusion hoax, and the Afghanistan-withdrawal disaster.

Extraordinary times require new leaders, with new ideas and new perspectives. We can't save our country by electing the same politicians and wannabe insiders who only care about gaining power and wealth for themselves. And we can't win this election by moving to the middle or being on our heels. The rules have changed and the stakes are just too high. Together, we will take back our divinely inspired country. We elect representatives to maintain a safe environment for our families and children, to protect our borders, our economy, and our constitutional rights. When politicians have been in office for over 2 decades, like the current congressman, they can get out of touch with their constituents' struggles and fail to give them that voice.

The policies we've seen coming from Washington DC have made it harder for families to put food on the table, and gas in the car. Out of touch career politicians and their actions continue to cause record high inflation and foster increased homelessness, and crime. That makes our communities unsafe, our borders unsecure, and puts our jobs at risk.

Your representative should be doing everything possible to lower consumer prices and increase public safety. Right now, many Americans can't pay their grocery bills and see empty store shelves, while non-citizens flooding our southern border receive taxpayer funded items like baby formula, and cell phones, and then are released into our communities without proper vetting.

I'm a husband and a father of five and I see these problems firsthand every day. When elected, I'll fight to protect parent's rights, restore the dollar and slow inflation, unleash domestic energy to lower gas prices, and to protect your rights, neighborhoods, schools, and jobs.

It's time for bold leadership that listens to you and fights for you in Congress. It's time for change in the 9th Congressional District. It's time to bring back the American Dream.

Statement: Making America Great Again. Regardless of political party, election integrity must be the expectation of every one. This candidacy demands it & will focus on the will of the people being accurately expressed. Voter rolls must be up-to-date annually. Mail-In balloting should be allowed only in limited situations. Drop boxes should not be allowed at all.

Voting should occur in-person and on Election Day with ID review & signature match. Our election officials are more than capable of counting without machines that provide the opportunity for mass manipulation before, during & after elections.

My candidacy is faith driven by my loving God and his only son who died for our sins. Semper Fidelis

Community Service: Member: University of Washington Evans School Honorary Advisory Board; Council on Foreign Relations; Borgen Project Board of Directors. Former member: Issaquah Soccer Club, volunteer coach; Issaquah High and Middle School PTAs; Northeast Tacoma Elementary PTA, where my wife, Sara, served as PTA President; Federal Way Kiwanis Club; Tom Lantos Human Rights Commission; St Matthew's Episcopal Church.

Statement: Our district is a tremendously diverse and hard-working community, one that I have been proud to call home my entire life. I grew up in the city of SeaTac, and my wife Sara and I raised our two children here, where they both attended public schools and are now at UW and WSU.

As our nation faces unprecedented challenges, I am focused on strengthening the middle class, ensuring equality of opportunity for all, and investing in our future. We must provide a progressive path forward where everyone can thrive. Working class families, like the union one I grew up in, do not have the same opportunities as previous generations. This must change. We must grow from the middle out, increase economic opportunities, protect unions, make higher education more affordable and accessible, and provide good paying jobs.

All people, no matter their background, should have access to quality, affordable healthcare. Our healthcare system needs to be restructured to create a path to a single-payer plan like Medicare for All. As the Chairman of the House Armed Services Committee, I have also prioritized making sure that all of our service members and their families, no matter who they are, receive the support they need and have earned.

I work hard to make sure every person in our district has access to the best this country has to offer; not only because it's the right thing to do, but because this is also my home-it's personal to me. It is a true privilege to serve our community and I would be honored to have your vote.

Statement: My wife, a hospital first responder is a Democrat. I am running as a Republican. No matter how we label ourselves, our family like millions of other families have been ignored and exploited by a system that has given up *core values* that made America strong. We have 2 baby girls that deserve a future where they can not only survive, but flourish and have their voices heard in a way our generation hasn't been heard. That's why empowering our communities is my #1 priority.

Empowering communities means supporting the Environmental and Economic prosperity of working class families and small businesses that fuel our democracy. I wrote *national policy* establishing a system to incentivize spending in our local economy, combat inflation, and our investments stay local where each community best knows where resources are needed.

Rather than enrichment of special interests in Washington, D.C. - we should have a say in where it goes in our community. With no new taxes, my policy starts healing our world environment, revitalizes our devastated small business, promotes localism in growing food, culture, and entrepreneurship.

Simply continuing my lifetime of community service in and out of uniform, I am ensuring public safety and representing immigrant communities being unacceptably displaced by Federal projects the current congressman supports. I'm also defending essential worker's and salt of the earth Washingtonian's rights in informed consent, medical freedom, and fighting for healthcare transparency.

Vote for me if you are *ready to toss out* career politicians, and division - our environment is non-partisan. What matters is a future where the rights, welfare, safety, and health of our people are ensured. This means clean air, clean water, and focus on making an sustainable environment that benefits small business, working class families, and keeping our diverse communities vibrant.

Elected Experience: I am not a politician, I'm a hard worker and I want to work for you.

Other Professional Experience: I have worked a variety of entry level jobs until I began working the trades and was recently able to start a small business.

Education: I have little formal education beyond high school.

Community Service: I have performed community service through my schools but with my family business I have been able to truly serve the community and my running for office is the method with which I have chosen to give back.

Statement: My name is Seth Pedersen and I want to represent you.

I was born at the UW hospital in Seattle in 1995. That's just one year before our current representative was elected. That's right, 26 years and he is still not on the side of regular Washingtonians. He has voted to fight foreign wars, seize oil from other countries, shut down domestic energy production, spy on Americans, and even increase Congress' salaries during pandemics and recessions.

We know all too well how corrupt many politicians have become with insider trading and blatant disregard for our Constitution and God-given freedoms. It's time to get some everyday people in office again--working people like me who understand the struggle of making ends meet.

Instead of working for the establishment elite, I will stand up against starting foreign wars. I will vote for one-issue bills and require that all bills are seen by the public prior to being voted on. Congress should not be passing 4000+ page bills in secret, and should not be telling Americans they can't see the bills until after they are passed. I will stand up for the rights of our children and families, a return to American energy independence, and ending federal overreach.

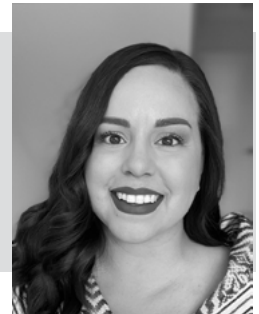

As far as my ideology goes, I am a true moderate interested only in how policy affects every-day Americans. We need effective representatives, men and women who will actually represent our interests, stand up for all Americans, and that's why I want to represent you.

As corporate party politics threaten to pull the nation apart I stand ready to get to work and represent you. It's time for us, the people who actually run this country, to take charge of our nation.

Elected Experience: Board Director for the National Education Association (largest labor union in the country) and Washington Education Association, Vice-President of Tukwila Education Association.

Other Professional Experience: Adjunct Faculty at Antioch University, High School History Teacher in Tukwila School District, Elementary Bilingual Instructional Assistant in Seattle Public Schools.

Education: M.Ed, BA Sociology, Western Washington University.

Community Service: Culturally relevant food distribution at Alimentando El Pueblo, organized a Mutual-Aid drive and fundraiser for over 150 single parents, member of the Educators of Color Caucus in the Washington Education Association.

Statement: In my first month teaching in Tukwila, our community laid three students to rest. Gun violence, cancer, suicide. Throughout this painful time our school relied on three counselors to support nearly 1,000 students. At one point, we didn't have a single nurse for the entire school district. Your zip code should not determine your educational opportunities. We need federal spending priorities that ensure equal educational opportunity for all students.

As chair of the House Armed Services Committee, my opponent led the passage of the largest military budget in history, yet we are told we can't afford basic materials for schools. When 54% of our federal discretionary spending goes directly to defense, and less than 6% to education, it's no wonder educators are leaving the profession at unsustainable rates, student mental wellness has plummeted, and 43 million Americans are drowning in student debt.

With over a decade of teacher leadership in one of the nation's most diverse zip codes, I have been well trained to champion the legislative priorities of the 9th Congressional District at the federal level. If elected, I will prioritize canceling federal student loan debt, universal healthcare, campaign finance reform, a Green New Deal, and fully funding our public schools, financed with a drastic cut to the bloated military budget. I will represent our community on the Education and Labor Committee, where I plan to work with other legislators to develop policy that actually helps our community.

My legislative agenda is informed by our community's needs. As the only Democratic candidate in this race who rejects corporate money, you can *always* count on me to prioritize people over profit.

Securing Our Elections So Every Vote Counts

At King County Elections, our top priority conducting accurate, secure and accessible elections.

Physical Security

King County Elections Headquarters was designed specifically for processing and securing vote-by-mail ballots.

Our facility is monitored by over 50 security cameras.

11 live webcams through which the public can watch us at work during the ballot processing period.

Staff and observers must badge into and out of the ballot processing area.

Ballot storage and tabulation areas require both a badge and biometric access.

Cybersecurity

Cybersecurity is critical to protecting the security of our elections. As cyber attacks grow more frequent and complex, our team continues to improve our defenses.

Certified cybersecurity experts on staff at Elections and at King County IT.

All staff receive annual cybersecurity training.

Voter registration and tabulation systems are kept separate from one another for maximum security.

Tabulation system is on an entirely closed network, not connected to the internet.

Audits and Quality Control

Our team conducts several tests before, during, and after each election to ensure your votes are being counted accurately.

Logic & Accuracy Test

Conducted two weeks before the election, the Logic & Accuracy test uses test ballots and a set of expected results to ensure the tabulation equipment is reading votes correctly.

Random Batch Audit

On the Thursday after Election Day, six batches are selected at random and hand counted to ensure the tabulation equipment continues to read votes as it should.

Risk Limiting Audit

In 2021, our team began testing risk limiting audits. This auditing system checks a random sample of ballots to reach statistical confidence in the results of the election.

Education: Recent Professional Certifications include University of Pennsylvania, The Wharton School: Data Analytics; University of Washington: Machine Learning and Data Manipulation at Scale, Systems and Algorithms.

Community Service: Election auditor and observer.

Statement: As Secretary of State, working with our citizens and Legislature, using only American labor not more globalism, I commit to improving and replacing election systems and processes as needed to guarantee every Washingtonian who can legally vote can easily vote, people who legally cannot vote do not vote, and implement a voter identification system and routine audits to protect the integrity of our elections. Compared with accuracy and transparency requirements for engineering, banking, and healthcare, our elections have been completely substandard. We deserve and will build an election system that earns our trust.

We need a strong voice of the people serving in Olympia, someone who has a record of actually getting things done, not just another government career builder, political agitator, or activist trying to build name recognition. We need innovative, free-market solutions proven in the real world. My successful career was built outside of the swamp of government. Like serving on jury duty, I will serve our people, taking responsibility, deliver what I promise, then return to private life, and never make excuses.

The Hardest place to leave I've ever been. I'd be there still if the police chief hadn't 'suggested' I leave town. So, bad eye or not, I bought a car, and a house, and left. It's a great pleasure to live among civilized people again.

Statement: For those unaware, China is assembling a 'security' pact in the Pacific. This amounts to a series of gas stations for their 350 ship navy, 80 ship maritime militia, and any aircraft and small craft imaginable. They already have Guadalcanal. They also have 100 tankers and 400 containerships (Temporary helo troopships). So, if certain dominoes fall certain ways, we could have half a million Chinese troops in Western Washington. Where there is a huge anchorage and ready protection from our Army provided by mountains, deserts, and rivers. If this comes even close to happening, we will already have had a bad day. Long before then I want the Military to Recon the place hard and think about what to do with that much trouble.

Chinas' move is not so much new as next. Part and parcel to the happenings in Ukraine. You don't need ESP to see war clouds gathering. We must get our supply chain out of their country. That wont happen by itself.

Then there are the republicans. I think the free states should sue the slave states. To have a free and fair election in the United States, it must be free and fair in every state.

Washington Representative of 'Restore-Liberty' (2021- present)

Statement: I am an Election Integrity Investigator fully committed to restoring transparent, secure and verified elections for all of Washington voters. Currently, we are told that our mail-in system is the most "convenient, accessible and secure" in the country, yet we appear to be sacrificing voter confidence in the name of convenience. The public is currently prohibited from inspecting the key aspects of our elections despite vulnerabilities of tabulation machines being widely known. Our voter rolls don't appear to be properly maintained which could allow fraudulent ballots to be accepted, and because anyone with your name and birthdate can turn in your ballot, we currently do not have verifiable ballot chain-of-custody. This isn't a partisan issue. If we can't trust the process of how we elect our representative government then our Democratic Republic is only an illusion. We the People must be the ones to restore a system that we can trust. No matter where we stand politically, if we can come together on this one thing, *we all will win*. Increased transparency and oversight are key to solving these problems. I am the only candidate in this race committed to restoring that accountability.

Community Service: Rotary, American Legion, Nisei Veterans Committee

Statement: As your current Secretary of State, my top priority is to ensure our elections are secure and accessible to every eligible voter. I am proud of my career in public service working alongside Democrats, Republicans, and Independents advocating for all Washingtonians.

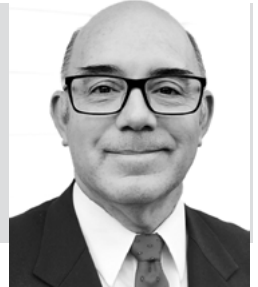

My mom, an Asian immigrant, raised me to work hard, value education, and serve others. That is why I have worn the uniform for more than 30 years and served 15 years in the state Senate.

With bipartisan support from state lawmakers, I am leading work that safeguards our election systems from cybersecurity threats, confronts malicious disinformation, and engages underrepresented communities. These commitments are why I am endorsed by numerous County Auditors who conduct elections, labor and business, voting rights advocates, and prominent state and federal leaders.

The Secretary of State must possess the highest standards of integrity and leadership and serve as a strong advocate for voting rights in Washington. As attacks on our democracy become more sophisticated, I am here to lead our state's elections through security challenges. It has been the privilege of my life to serve as your Secretary of State, and I would be honored to earn your vote.

Community Service: Fraternal Order of Police 2020 Legislator of the Year, Rotary International; Fraternal Order of Eagles #2069, American Legion Post 41

Statement: For five decades, Washington voters across the political spectrum, have trusted Republican leaders to oversee our sacred right to elect our own leaders. That ended when the governor appointed a Democrat to fill Secretary Wyman's vacant seat. I am running to return this office to the "people's choice" and to restore balance, accountability, and integrity to our election and voter registration system.

Washington has one of the most accessible election systems in the country; that needs to be protected. But with accessibility comes risk. Washington needs a SoS who understands the value of your vote and the need for constant vigilance and security improvements to protect the integrity of our elections; the bedrock of our society. Under my leadership, this office will be proactive, unbiased, and transparent.

Voter confidence suffers when we do not definitively and consistently demonstrate a commitment to free, fair, and transparent elections. And when confidence falters, voters no longer participate. I am the only candidate who has actually sponsored legislation (Washington Voter Confidence Act) to both improve access and accountability. I am not running to make things better for any political party, I am running to make things better for Washington State voters.

Community Service: Federal Way Boys and Girls Club Board; Lake Dolloff PTA VP; State and National Baldrige Quality Examiner, St. Vincent's Knights of Columbus

Statement: I'm running for Secretary of State to restore trust and integrity to government, especially our election systems. From registering voters, to eliminating irregularities, and to auditing and validating all votes, I will insure 100% accuracy and compliance with laws!

We need a passionate, experienced leader to head this critical agency who will work with county auditors and fight for election integrity and fairness. I've spoken to many Washingtonians, Republicans, Democrats, and Independents alike, who feel as I do that our concerns with government performance are not welcome. It shouldn't be controversial for Washingtonians to ask for transparency or demand audits and evidence of zero fraud. Yet many who have merely asked questions about problems or irregularities, have been mocked, silenced, or labeled as conspiracy theorists.

Citizen oversight over government is uniquely American! I will support all people, of any political party or belief, who want to be involved to ensure that their voices, and the voices of all others, are heard.

If I accomplish one result as Secretary of State, it would be to ensure that all Washingtonians are 100% convinced that elections were accomplished with integrity, and the results are true. I would be honored to get your vote!

Statement: Polarization has eroded trust in our government. The Secretary of State has the critical job of running trustworthy elections, as well as providing public records access, business registry, and library services. This demands experience. Partisanship has no place in the Secretary of State's office.

I've been Pierce County's nonpartisan Auditor for 12 years, leading a nationally recognized, award-winning office that has increased voter access, enhanced election security, and improved auditing procedures. I've provided oversight and statewide leadership in elections, increased access to public records, and streamlined business licensing. I hold national and state certifications in election administration and am a certified public records officer.

I've worked closely with counties throughout the state. Together, we've created a national reputation for excellence. That's how I've earned the trust and endorsement of more than 30 Democratic, Republican, and Independent election administrators and County Auditors throughout Washington State.

Elected Experience: Republican Precinct Committee Officer (MV-05-3601) and a candidate for State Representative in 2020.

Other Professional Experience: Owner and President of two aviation services companies – Global Aircraft Services & Safeair Media. I understand the impact of increased taxes and regulations on small businesses that are working to grow and create new jobs.

Education: Bachelor of Business Administration from the University of Alaska – Fairbanks

Community Service: Current Board Member and Treasurer for the National Scleroderma Foundation – Northwest Chapter. I was also a volunteer with Big Brothers/Big Sisters of Puget Sound where I mentored a Seattle teen for three years.

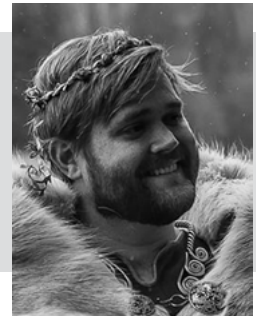

Statement: As a husband, father of two young girls and a small business owner, I understand the struggles many families face. We have watched as our neighborhoods have become less safe, our children have fallen behind in their education, and basic essentials have become more expensive.

When Democrats in Olympia voted to restrict policing, crime increased; when Democrats voted to raise taxes again, families suffered. We need a change. I am running to bring common sense solutions to Olympia that produce real results. I am asking for your vote so that together we can lead Washington to a Better Way Forward.

Elected Experience: I am a brother, a neighbor, a husband, I wish very strongly to be a father. Raised bearing witness to countless agoras. It is now time for my voice to be heard.

Other Professional Experience: Army Veteran, Summer Camp Director, WDW Security.

Education: After agoras and a mountain of sagely books I have spent the last two years in meditation and contemplation sitting over the Garfield ledges in Snoqualmie.

Community Service: In every season of life, In different ways and different methods I have labored to restore communal thematic identities. Routinely conducting strenuous activities of communal learning. My passion is the character growth of my people.

Statement: Mesmerized by greed and political anticipation, culture has entropied. Pulpits giving pleasantries to complacent armchairs. I shall do my legislative duty promoting decentralization, communal self-reliance, and right to self-autonomy. However; Rome, Greece and Gaul were not built by “heroes” but by the effort and obligations of common folk. Our golden age lies upon the horizons of communal effort and action. Coagulate into well regulated communities of fervent character growth. Celebrate those who raise the bar of communal commitment. Hold corruption accountable! Together we shall rebirth western spirit, dance, music, festival, art, architecture and a fiery will to make it so.

Elected Experience: State Representative, 5th District (2019-present); Issaquah City Councilmember (2015-2018).

Other Professional Experience: Managed forests and public-lands access for the U.S. Forest Service (16 years). Helped improve rural-transit access with the U.S. Department of Transportation (8 years). Owned a North Bend small business for 17 years and an Issaquah-based business that develops transportation projects.

Education: B.S., Humboldt State University. Certificates in Forest Engineering, Oregon State University, and Recreation Management, Utah State University.

Community Service: Issaquah Rotarian (2013-present); Former Board member, Encompass (formerly Snoqualmie Valley Children's Services); Served on Issaquah's Economic Vitality Commission, Planning and Policy Commission, and Chair of Human Services Commission.

Statement: I'm proud to be a voice for commonsense solutions rooted in accountability and results. My priorities remain keeping our communities safe, our economy working for all, and addressing the housing-affordability crisis. My transportation leadership is delivering road improvements, safety, and transit resources across our region. I'm a strong advocate for protecting our air, water, and forests.

With your vote, I'll continue improving public safety, expanding housing and services for our vulnerable neighbors, and protecting reproductive rights here in our state. *Endorsed: Firefighters, Planned Parenthood, Washington Conservation Voters, State Labor Council, teachers, nurses, mayors and councilmembers across the district, and more.*

Statement: It has been a privilege to serve the 12th District the past 4 years and although the geography has changed, there are many issues that are common throughout the 12th. Public safety, fiscal responsibility and government accountability are areas of concern. We have seen significant increases in crime, expanded government services without sustainable funding, and agency inefficiencies without consequence. There are still great opportunities for the State if we manage our resources well and the financial commitments ensure that our government is truly working for the benefit of its citizens.

Community Service: Active community leader and PTSA President, supporting teachers and parents to build the best learning atmosphere for our kids. Chair of global poverty non-profit, Borgen Project. Previous Girl Scout Troop leader. Advisor to UW NELC program.

Statement: Olympia has *abandoned the middle*. The polarization in the legislature has been unhealthy for our state. I am a true moderate with experience bringing diverse interests together toward common goals. I'll come to the table with real solutions, not a personal or partisan agenda.

Extreme policy decisions have had unintended consequences with escalating crime, surging gas prices, and a mental health and addiction crisis. I am running because *we need common sense legislators* to put our state back on the right track.

We live in an epicenter of technology and innovation. I'll engage this community to make our schools world renown and properly prepare students to compete in the global marketplace. I will support the recovery of so many family and minority-owned small businesses who were hit hard by the pandemic. I will defend women's reproductive rights.

Born and raised in Redmond, I'm passionate about getting the community I love back on track. I'll work tirelessly on the most pressing issues facing the residents in the 45th District: *public safety, affordability, and education*. My public policy expertise and legal experience make me uniquely qualified to bring our community together at a time when we desperately need to find common ground.

Statement: It is the highest honor to represent you in the Senate, where I've worked to ensure the Eastside remains a safe and welcoming place by delivering common sense policies on issues like education, homelessness, health care, gun violence, protecting access to abortion, and more. I'm keenly aware there's more work to do and will continue to provide level-headed leadership as we weather new challenges.

As an attorney and former prosecutor, I know we must respond to public safety challenges with smart, data driven policies proven to deter crime, dole out appropriate consequences to perpetrators and prioritize the needs of survivors.

We've started addressing the root causes of crime with our robust pandemic response. I worked with leaders across Washington to take swift action to protect social services, provide direct assistance to small businesses, and get many of our unsheltered neighbors into housing so they could properly maintain social distance.

With your support, I'll continue working on your behalf to produce real results for our District. I'll prioritize revitalizing our economy as we recover from the pandemic, increasing affordable homeownership opportunities, funding for public schools, and creating a robust infrastructure with good public transit. I respectfully ask for your vote.

How to sign your ballot so it counts.

Each election, about 1% of ballots are returned either without a signature or with a signature that doesn't quite match. Don't let that be you.

Here are a few tips to help make sure your signature passes the check and your ballot gets counted:

If you register online, we pull your signature from the Dept. of Licensing, so check the signature on your driver's license or state ID and try to match that as closely as you can.

Your signature does not need to be written in cursive or nicely or even legibly, it just needs to match the one that we already have on file. If you have a chicken scratch signature, that's okay! Just make sure you scratch it out the same way each time you vote.

Keep your signature current with us by updating it when you notice a change. Simply fill out and return a new voter registration form. You can download a registration form from kce.wiki/VoterReg.

Track your ballot to ensure that it gets counted. If there's an issue with your signature, you'll see it there on the online ballot tracker. You'll find the ballot tracker at kce.wiki/TrackMyBallot

If there is an issue with your signature not matching or if you just plain forgot to sign, we will send you a letter and, if we have it, we'll reach out by email and phone as well. To make sure your ballot is counted, you'll need to fill out and return a simple form before 4:30 p.m. on August 15.

If you have questions about signature challenges or how to fix an issue with your signature, please call us at 206-205-5686.

Proposition No. 1 Replacement of Existing Educational Programs and Operations Levy

The Board of Directors of Skykomish School District No. 404 adopted Resolution No. 04-2022 concerning educational funding. This proposition authorizes the District to levy the following excess taxes, to replace an expiring levy, on all taxable property within the District, to support the District's educational programs and operations not funded by the state:

Collection Year	Estimated Levy Rate/\$1,000 Assessed Value	Levy Amount
2023	\$0.61	\$142,561
2024	\$0.61	\$145,215
2025	\$0.61	\$147,923
2026	\$0.61	\$150,684

all as provided in the Resolution. Should this proposition be approved?

The Skykomish School is located in the small mountain Town of Skykomish, which is located on Highway #2 sixteen miles west of Stevens Pass. Our school has always been not only a place of education for our community and surrounding area, but it brings our community together at events such as graduation, Christmas performances by the students and other gatherings. You will always meet your friends and neighbors there supporting our school and its students.

The Covid Pandemic has been very difficult on our school, its staff and its students. They like other schools across the nation are working to rebuild what has been lost during the Pandemic. They need our support.

Can you imagine living in a community with no school and no younger generation? The students would have no sense of belonging if they had to travel many miles by bus to the next nearest school down the mountain. Would families even choose to settle in Skykomish if there was no school?

The August Primary Election Levy is for Student Support and Enrichment. We ask you to support our school, its staff and its students with your vote.

Explanatory statement

Passage of Proposition No. 1 would replace an expiring levy and allow the levy of \$142,561 in property taxes within Skykomish School District for collection in

2023, the levy of \$145,215 for collection in 2024, the levy of \$147,923 for collection in 2025, and the levy of \$150,684 for collection in 2026. In accordance with Resolution No. 04-2022 approving this proposition, these taxes would be deposited in the Skykomish School District's General Fund to pay part of the general expenses of operating the District. General expenses of the District include employee costs (such as salaries), instructional materials, special programs, activities and sports, technology systems operation, transportation costs, maintenance of facilities and other non-capital expenses of operating the District schools. If authorized by the voters, and based on projected assessed valuation information, the estimated levy rate per \$1,000 of assessed value would be \$0.61 for collection in the years 2023 through 2026, inclusive. The exact levy rate shall be adjusted based upon the actual assessed value of the property within the District and the legal limit of the levy amount at the time of the levy.

Exemptions from taxes may be available to certain homeowners. To determine if you qualify call the King County Assessor at (206) 296-7300.

The McCleary Decision was a promise to swap local levies for state funding. Instead, state school property taxes increased dramatically and local school taxes have kept spiraling out of control.

Skykomish SD funding and spending, as of 2020-2021, is approximately \$50,000 per pupil per year - one of the highest in the state and more than double most other districts. And the district has the nerve to ask local citizens for more in an Enhancement Levy that they are calling a "replacement" Educational Programs and Operations Levy.

Last summer, 2021, the Skykomish SD teachers' union "negotiated" their 2 year contract. No taxpayers were invited to the closed bargaining process. The contract includes increases of whatever inflation is plus 1% on top of their already increasing annual salary schedule. Do you get that kind of deal? So they are worsening inflation. And now they will claim that this levy is needed to fill the gap they themselves created.

Skykomish and all WA school districts need to be frugal and stick to the McCleary budget. They need to stop asking for more money at every opportunity. For an honest, accurate taxpayer cost analysis, <https://LevyNo.com>

Rebuttal of statement in favor

Don't worry. The school will still be there even if you vote against this unnecessary tax increase.

COVID has been difficult on taxpayers too. Inflation, a substantial amount of it caused by unchecked public school district budget-busting spending, is also taking a toll. Skykomish and all other WA school districts need to start being frugal and stick to the McCleary Decision state (fully) funded budget. Stop taxing people out of their homes.

Proposition No. 1**Levy Lid Lift for Fire Protection and Emergency Medical Services**

The Board of Fire Commissioners of King County Fire Protection District No. 34 adopted Resolution No. 332-22, concerning a proposition to restore the District's regular property tax levy. This proposition would provide funds for the limited purposes of fire protection, prevention and emergency medical services. It lifts the District's maximum regular levy rate for collection in 2023 to \$1.25 per \$1,000 of assessed valuation and sets the limit factor for levy increases in 2024 through 2028 at 106%. The maximum allowable levy amount for 2028 will be used for the purpose of computing the limitations for subsequent levies under chapter 84.55 RCW.

In 2021, 12% of Washington wildfires were lightning-caused. 44 Washington fires met the large fire criteria described as fires larger than 1,000 acres. The Schneider Spring fire burned 107,118 acres. Washington State recorded the hottest and driest year on record. In addition to Washington's triple-digit, June heat wave, state officials noted that the intense heat throughout July and August often made wildfires harder to manage.

And yet, King County Fire Protection District 34 hasn't asked for additional funds since 2007, despite rising cost-of-living expenses.

Proposition No. 1 will result in a tax increase of about \$1 per day for the average home. Our property and loved ones are in that home. We can't expect the best protection if our fire stations can't afford the proper equipment, and can't hire enough firefighters and paramedics to protect us without delays caused by budgeting shortfalls. Even a short delay in paramedic response in a heart attack can mean the difference between life and death. (Mayo Clinic) A residence can become engulfed in flames in five minutes. (Ready.gov)

Firefighters run into fires rather than running away from them. We need to show our support by giving them the tools they need.

Explanatory statement

King County Fire Protection District 34 provides fire protection, prevention and emergency medical services to the residents of unincorporated King County in the greater Redmond community through an emergency services agreement with the City of Redmond. The District pays the City of Redmond for costs of the emergency medical and fire protection services provided by the City of Redmond Fire Department.

For questions about this measure, contact: Beth Padilla, District Secretary, (425) 556-2226, b.padilla@kcfcd34.org

The legal maximum regular levy rate for Washington fire districts is \$1.50 (per \$1,000 of assessed value). However, due to rapid increases in property values and the statutory 1% limitation on annual property tax increases, the District's current levy rate in 2022 has decreased to approximately \$0.92.

Presently, due to the impacts of inflation and increases in the cost of services provided by the City of Redmond, the funds available under the current tax limit are insufficient to maintain the current level of service provided by the City of Redmond Fire Department.

If approved, Proposition No. 1 will increase the District's regular property tax levy rate to \$1.25 in 2023 and set the limit factor for calculating annual levies at up to 106% for the following five years (2024-2028). The estimated \$0.33 increase in 2022 would equal approximately \$34 per month for a \$1,200,000 home. The 2028 levy amount will be used to calculate subsequent levy limits. This funding amount is anticipated to be sufficient to maintain the District's current level of service provided by the City of Redmond Fire Department.

Proposition No. 1 Improvement Bonds for a New Aquatic Center

The Board of Park Commissioners of the Si View Metropolitan Park District adopted Resolution No. 2022-04 concerning construction of a new aquatic center. If approved, this proposition authorizes the acquisition, design, development, construction and equipping of an aquatic center to serve District residents and the community and to expand capacity and improve access to aquatic programs; issue up to \$24,790,000 of general obligation bonds maturing within a 30 year term; and levy excess property taxes annually to repay the bonds.

Si View Metro Park District runs the only public pool in the Snoqualmie Valley, serving more than 40,000 residents. Our community's needs for swim lessons and aquatics long ago outgrew our tiny but beloved pool which was built in 1938 to serve 600 residents. The old pool's outdated mechanical systems are very expensive to maintain. Community surveys consistently show that families want and need a new Aquatic Center. All ages will benefit because a new Aquatic Center will provide access to swim lessons, therapeutic and wellness classes, water fitness programs, safety trainings, competition training, and unstructured family play regardless of the weather. The proposed recreation pool can accommodate all these needs.

Si View Parks is fiscally responsible. Bond rating agencies recognize Si View's excellent fiscal management with an AA rating. The Aquatic Center Feasibility study includes a financial plan that maintains the facility largely through earned revenues. Our community knows that our locally managed Si View Park District excels at managing parks and facilities to meet our community needs.

The proposed site has been purchased with 2018 Capital Bond funds. The site is centrally located, along a connected trail network, with easy access from neighborhoods. Being near Si View Park will allow for efficiencies in operations. Included classroom space will allow community event use and programs. There's also room for expansion: a future build-out could include a competition pool, and more rec space.

Timing: Si View was awarded a \$4M grant for this project and it can't be used at a later date. Building an Aquatic Center now would be less expensive than in future as costs increase over time. Vote Yes for Si View!

Explanatory statement

Proposition 1 authorizes Si View Metropolitan Park District to design and construct a new aquatic center in North Bend to serve residents of the District and surrounding areas. A new aquatic center would expand capacity and improve access to aquatic programs addressing a gap in aquatic services for the rapidly growing population in Snoqualmie Valley. The aquatic center would replace the 84-year-old Si View Pool which was built to accommodate a population of 600 residents.

The proposed community aquatic center is expected to be approximately 26,800 sf with features for all ages and abilities. Amenities include a lap lane area with three 25-yard lanes, leisure play area with flexible programming space, zero-depth entry, and a separate water slide. Dry spaces include classrooms for trainings and community rentals, family and single stall changing rooms, restrooms, office, maintenance and storage spaces.

Proposition 1 authorizes funding to support the project with the issuance of up to \$24,790,000 in general obligation bonds maturing within 30 years and set excess property taxes to repay those bonds with an estimated impact of \$9.75 per month on a \$600,000 home.
