12

13 Effect: The four parcels are within the Rural City Urban Growth Area for the City of North
14 Bend but have a rural land use designation and zoning. The North Bend Technical
15 Corrections land use amendment corrects for this error. The correction to the King County
16 Comprehensive Plan Land Use Map is technical in nature and does not alter the amount of
17 land within the Urban Growth Area.

40

41 Redesignation of the ten parcels in the Camden Park development to urban will provide
42 consistency with the other properties in the development. Urban Residential, Low Density, 1

39

40 Retain the P-suffix development condition ES-P20 on the following parcels:

41 1311030510 (portion)

42 1311030520 (portion)

43 131103TRCT (portion)

44

45 ES-P20: Wildlife Corridor/Urban Separator

46

47 This condition applies to identified properties located within the East Sammamish
48 Community Planning Area.

49

50 Permanent open space for wildlife corridors and urban separators shall be secured
51 through lot clustering on all parcels of land as follows:

52

53 1. At least fifty percent of the site being subdivided or developed shall be placed in a
54 separate tract or tracts of undistributed open space, except for trails or other non-
55 intensive passive recreation improvements authorized by the Department.

56

57 2. A management plan for the tract or tracts shall be prepared which specifies the
58 permissible extent of recreation, forestry or other uses compatible with preserving and
59 enhancing the wildlife habitat value of the tract or tracts.

60

61 3. The permanent open space tract or tracts shall be located on the site to maximize
62 continuity with the wildlife corridor/urban separator designation on adjacent
63 properties. If adjacent properties are already subdivided pursuant to these property
64 specific development conditions, the proposed open space tract or tracts shall be
65 located to maximize continuity with the open space tracts already created on the
66 adjacent properties.

67

68 4. Where the designated corridor includes streams or wetlands required to be
69 protected under K.C.C. chapter 21A.24, an additional fifty feet shall be added to the
70 required undisturbed buffer on all edges. The additional buffer area shall be given full
71 credit for calculating the site's project density. In corridor segments not regulated by
72 K.C.C. chapter 21A.24, the permanent open space tract or tracts shall be located so as
73 to provide a 300-foot wide undisturbed corridor when it is possible to do so without
74 reducing development density. This 300-foot wide goal also may be achieved in
75 conjunction with existing or prospective open space tracts on adjoining properties.

76

77 5. Permanent open space in compliance with all of the above corridor-related P-suffix
78 conditions, except the increased buffer around streams and wetlands, may also
79 include undisturbed open space to meet any other applicable requirements, such as
80 surface water management. If a trail or other non-intensive recreation improvement is
81 authorized by the Department, the improvement may be credited toward the
82 development's on-site recreation requirement.

83

84 Effect: The Sammamish UGA zoning amendment will reclassify parcel 2725069022 as
85 urban and eliminate this island of rural surrounded by the incorporated area and Urban
86 Growth Area of the City of Sammamish. R-4 zoning will provide consistency with
87 surrounding parcels and protect the sizable wetland on the parcel.

88
89 Reclassification of the ten parcels in the Camden Park development to R-1-P will provide
90 consistency with the other properties in the development. Application of the Wildlife
91 Corridor/Urban Separator P-suffix development condition (ES-P20) on these properties will
92 be consistent with the other Camden Park housing development parcels.

Map Amendment 5

7

8 2724059002

9 2724059078

15

16 Update the Interim Potential Annexation Area Map to include the subject parcels in the City
17 of Bellevue Potential Annexation Area.
18

19 Amend all other KCCP and Technical Appendix maps that include the Urban Growth Area to
20 be consistent with this change.
21

22 Effect: The Coal Creek Park land use amendment adds approximately 183 acres to the
23 Urban Growth Area. The City of Bellevue owns the property. Approval of this amendment
24 will add the property to Bellevue’s Potential Annexation Area so that Bellevue will be able to
25 annex the area and provide urban services at the park. This will not increase development
26 capacity in the Urban Growth Area. The Open Space land use designation is retained.

Map Amendment 5

2

3

4 Amend Map #13, Section 27 and 26, Township 24, Range 5 as follows:

12 2624059057

13 2424059056

14 2624059048 (portion)

15

16 Eliminate the development condition for the subject properties, NC-P1, suffix conditions for
17 the Cougar Mountain Subarea Master Plan Development. The text for this P-suffix
18 development condition is 14 pages long and has been omitted from this map amendment.

19 The text can be found by searching for the development condition code NC-P1 at the
20 following webpage: http://www.metrokc.gov/ddes/gis/dev_cond.htm.

21

22 Effect: Approval of this amendment will apply zoning consistent with the City of Bellevue's
23 ownership of the park. It eliminates the P-suffix development condition as the properties are
24 not available for development.

Map Amendment 6

Willows Road

1 AMENDMENT TO THE KING COUNTY ZONING ATLAS
2
3

4 Amend Map #11, Sections 22 and 27, Township 26, Range 5 as follows:

11 2226059053

12 2226059080

17

18 STR 27-26-5: T.L. 9002 (Source: Northshore Community Plan Update and Area
19 Zoning, p. 271)
20

21 A windbreak of poplars or similar fast-growing columnar deciduous trees shall be
22 provided along the eastern and western edges of the property. These trees shall be on
23 eight-foot centers. A twenty-foot wide Type One landscaping buffer shall be provided
24 inside the columnar tree line. No vehicular access may be provided onto future
25 extensions of Willows Road.
26

27 Apply the SO-060, Office/Research Park Development Special District Overlay set forth in
28 KCC 21A.38.060.
29

30 Apply new P-suffix development condition to the above parcels: Regional Business uses
31 within the SO-060 Office/Research Park Special District Overlay are prohibited.
32

33 Effect: The Willows Road site-specific zoning amendment to apply the SO-060 Special
34 District Overlay and new P-suffix development condition will allow Industrial and
35 Commercial Business uses on the property. Regional Business use, which would be
36 inconsistent with the surrounding properties, is prohibited. No amendment to the land use or
37 zoning map for the subject properties is required.

Map Amendment 7

King County Fairgrounds / Enumclaw Exposition Center

1 AMENDMENT TO THE KING COUNTY COMPREHENSIVE PLAN – LAND USE MAP

19

20 3020079006
21

22 Update the Interim Potential Annexation Area Map to include the subject parcels in the City
23 of Enumclaw Potential Annexation Area.
24

25 Amend all other KCCP and Technical Appendix maps that include the Urban Growth Area to
26 be consistent with this change.
27

28 Effect: The King County Fairgrounds land use amendment adds the King County
29 Fairgrounds/Enumclaw Exposition Center, Sportsman Park, and eight residential properties
30 to the Rural City Urban Growth Area. The City of Enumclaw owns the former King County
31 Fairgrounds and Sportsman Park. Approval of this amendment will add the properties to
32 Enumclaw's Potential Annexation Area so Enumclaw will be able to annex the area and
33 provide urban services. The redesignation of the residential properties will avoid an island of
34 rural properties once the former King County Fairgrounds is annexed, avoiding an illogical
35 Urban Growth Area boundary.
