

MUNAASABADAHHA BAARISTA ALAABTA

Sanadkii 2022, Public Health—Seattle & King County iyo toban urur oo bulsho ayaa waxay martigeliyeen munaasabadaha halkaas oo xubnaha bulshada alaabtooda guriga looga baari karayey leedhka. Alaabaha kala duwan ayaa lala xiririnaya sumoowga leedhka carruurnimada iyo xitaa soo gaarista xadiga yar ee leedhka ayaa u keeni karta carruurta dhibaatooyinka caafimaad oo halis ah, sida waxyeelada maskaxda iyo koriimo yari.

19 Munaasabadaha
Baarista Alaabta

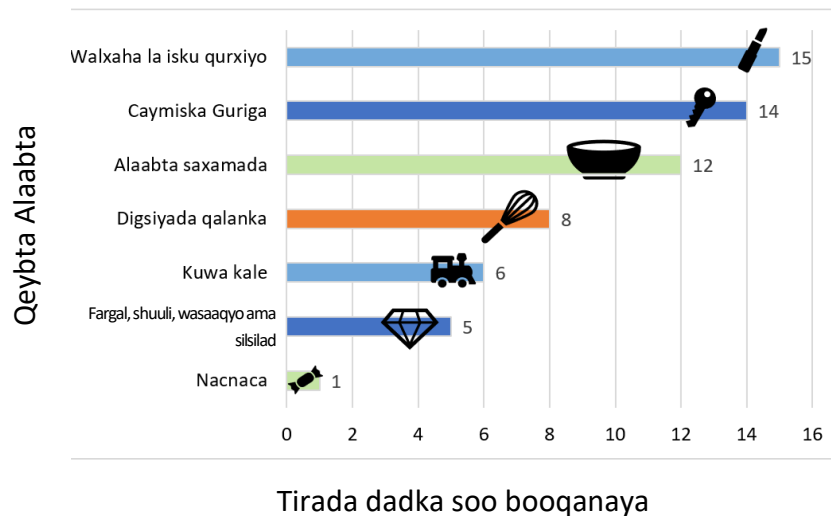

17 Luuqadaha
loogu adeegay

326 Kaqeybgalay

560 Shayadda la
baaray

61 Shayadda laga
helay leedh
qiyaasteedu wel
wel leedahay

Alaabaha laga helay leedh qiyaasteedu welwel leedahay

Munaasabadaha waxaa xooga lagu saaray soo galootiga dhawaan iyo bulshooyinka qaxootiga. Bulshooyinkan waxaa laga yaabaa inay soo gaarto leedhku sababtoo ah:

- Cunsuriyadda degaanka awgeed,
- Alaabaha la isticmaalo qaar ka mid ah ayaa laga ogaaday inay ku jiraan leedh qiyaasteedu sareyso, sida indho kuul dhaqameedka,
- Takoorka dhanka Guriga,
- Helid la'aanta daryeelka caafimaadka ku haboon-dhaqan ahaan.
