Vision and Goals

The Gathering Collaborative
TO TACKLE RACISM AS A PUBLIC HEALTH CRISIS IN KING COUNTY

Shared Norms

Make sure we stay oriented to abundance (vs. scarcity) mentality and reject false urgency*

Community is the priority, not the committee/organization

Be sensitive, listen to understand, and remove barriers to full participation*

Move up, move back, and make "I" statements*

Recognize and honor our diversity (the ways we identify, communicate, think, our cultures, perspectives...)*

Acknowledge hurt. Address things when they come up, lovingly*

Offer grace, acceptance, and space for asking questions without judgment

"Yes, AND..." thinking...*

- *being mindful of what we are saying "yes" to and what we are bridging to in the long term*
- *appreciate the coexistence of anxiety/confidence as we participate*
- *actively seek to learn/unlearn as we go*

In addition and particularly for those of us striving to be allies in this work:

- **Hold ourselves accountable to allyship by calling each other into good practice**
- **Support Black & Indigenous identified priorities and strategies**

Quiet and pause are okay (can reflect respect, processing...)
