

IF IMMIGRATION AGENTS VISIT

This health care facility is a designated private area.

Staff are not required to answer questions.

Staff should refer agents to a Designated Lead, who is authorized to review a warrant or allow entry

- **For example, you can say:**

- I am now contacting a supervisor who can speak with you.
- I'm not authorized to review a warrant or allow entry.
- This health care facility is a designated private area.
- To honor the health-care needs and privacy of the families in the clinic, we would greatly appreciate if officers would wait outside.
- I apologize for declining to answer any additional questions.
- A supervisor will be with you in just a moment.
