

Aquatic Facilities

Grant Purpose

The Aquatic Facilities grant program helps communities preserve and increase public access to public pools as our region grows and existing facilities become obsolete or reach capacity. This grant program funds activities related to the renovation or expansion of existing facilities, or construction of new aquatic facilities in King County.

\$44 Million

Aquatic Facilities

Examples of Possible Projects

Below are examples of projects that may be funded. This list is not all-inclusive. All grant applicants for this program must ensure that public access is provided.

- Development of a new aquatic facility
- Renovation or repair of an existing aquatic facility
- Expansion of an existing aquatic facility

Visit the Levy Grants website to view a list of previously awarded projects.

Projects Not Funded By This Program

Projects that do not align with the goals of this grant program may include, but are not limited to:

- Spray parks (funded under the Parks Capital and Open Space program)
- Public swim beaches
- Non-aquatic related infrastructure located within a multi-use community center
- Routine operation and maintenance costs
