# UW Medicine coverage area

Seattle

Bellevue

King County

Tacoma

King County

When you enroll in the UW Medicine Network, you'll have access to a robust network of doctors and hospitals located in King County.

You'll also be able to choose from a wide selection of primary care providers (PCPs). Your PCP serves as your point person—the quarterback—who helps coordinate care with your specialists. This means less conflicting advice, and a simpler, more supportive experience. Best of all, this more seamless approach is proven to get people healthier at less cost—reducing hospital admissions, decreasing ER visits and preventing expensive future surgeries. Indeed, coordinated care could be just what the doctor ordered.

Find a doctor

We've made it easy to find primary care locations in the UW Medicine Network:

1. Visit **regence.com/find-a-doctor** to get started.

2. Select UW Medicine in the *Choose a network* box.

3. Use the Search tool to pull up a list of in-network doctors, and then choose one as your PCP. You can also search for hospitals and other kinds of providers.
