BACKGROUND

In aligning with the King County Equity and Social Justice Strategic Plan, and in partnership with the King County Sheriff’s Office Human Resources Unit, the Civil Service Administration is applying foreign language proficiency preference points to those who successfully pass the foreign language assessment at level 9 or higher. The purpose of this decision is to increase diversity in our applicant pool. The preference points are equivalent to a 10% preference of the candidates overall passing score for certification on the eligibility list. Each candidate can only use one preference type per hire or promotion. They cannot be combined.

All Deputy candidates are required to pass the written and oral board examination before the foreign language assessment will be offered. The Civil Service Administration will contact passing candidates who request foreign language proficiency preference points to schedule an assessment within three business days of passing their oral board interview examination. Once the score is received from the testing service, the Civil Service Administration will notify the candidate of their preference status.
