VRC NAME Kyle Pletz

DATE COMPLETED 9/10/03

VRC NAME Jeff Casem

DATE REVISED 6/2/09

WORK HOURS

Work is most commonly performed during= core business hours; 8 hours per day five days per week, 7:00am-3:30pm during winter months. 10 hours per day Monday through Thursday 6:00am-4:30pm during summer months. Some variable hours are required, which may include weekends, holidays and after hours.

OVERTIME (Note: Overtime requirements may change at the employer's discretion)

Required on an emergency basis and during inclement weather. Overtime hours vary upon business demand, season and weather. Overtime is not paid as this is an exempt position.

JOB DESCRIPTION

Responsible for supervising operations in the Vashon area. Works independently under minimal direction in a roads maintenance environment responsible for the overall performance, budget and safety of the work unit. Incumbent of this position supervises individuals, schedules the day to day and annual operation, participate in developing, planning, monitoring, evaluating and controlling work unit goals, objectives and budget.

ESSENTIAL ABILITIES FOR ALL KING COUNTY JOB CLASSIFICATIONS

1. Ability to demonstrate predictable, reliable, and timely attendance.
2. Ability to follow written and verbal directions and to complete assigned tasks on schedule.
3. Ability to read, write & communicate in English and understand basic math.

4. Ability to learn from directions, observations, and mistakes, and apply procedures using good judgment.
5. Ability to work independently or part of a team; ability to interact appropriately with others.
6. Ability to work with supervision, receiving instructions/feedback, coaching/counseling and/or action/discipline.

JOB SPECIFIC REQUIREMENTS

Minimum of three years work experience as a road maintenance worker (i.e. utility worker, truck driver, equipment operator, carpenter). Must have knowledge of environmental regulations, OSHA/WISHA requirements. Must have knowledge of workload planning principles, safety procedures and job/project estimation as well as building, crafts and mechanical trades. Must have skill in reading blueprints and schematic drawings. Must have the ability to use Microsoft Word and Excel and usage of the Internet for the purpose of preparing job estimates, daily dispatch, material reports, etc. as they pertain to the job. Must have the ability to lead a crew and promote team building and conflict resolution as well as the ability to provide onsite monitoring, direction and correction of work performance. Must possess a valid Washington State driver's license. Must have the ability to lift up to 80 pounds unassisted.

ESSENTIAL FUNCTIONS

1. Plan, organize, schedule and coordinate daily work activities of assigned work unit; prepare work schedules and staffing plans.
2. Monitor work quality and quantity; provide input and/or prepare performance appraisals to evaluate subordinates; issue written reprimands and letters of counseling, and/or recommend further disciplinary actions to higher level supervisor when necessary.
3. Identify and recommend training needs of assigned work unit; provide training to subordinates.
4. Prepare job estimates.
5. Assist in budget preparation; monitor monthly and annual budget expenditures; authorize purchases and code invoices.
6. Develop and recommend policies and procedures for the work unit.
7. Oversee program safety for assigned work unit; conduct monthly safety meetings; monitor for safety hazards and unsafe personnel practices; and recommend work unit wide corrective actions as appropriate.
8. Provide input on new specifications and recommend modifications to existing equipment.
9. Organize, prepare and maintain records and reports to ensure that the work is accomplished in accordance with established goals and objectives; attend meetings with supervisor and management staff to discuss work projects, schedules and timeliness.

NON-ESSENTIAL FUNCTIONS

Participating in various committees.

PERSONAL PROTECTIVE EQUIPMENT USED

Hard hat, eye protection, hearing protection, breathing protection (half face respirator with HEPA filter), safety vest, gloves, chaps for chain saw, hazmat suit, fall protection gear and water safety gear.
