SHORT FORM FOR PRE-EMPLOYMENT PHYSICALS

PATIENT NAME: _____ JOB TITLE: Project Program Manger III Basin Steward

DEPARTMENT: Natural Resources, Water & Land Office or Rural and Resource Management

WORK SCHEDULE: 40/week

WORK ENVIRONMENT: Office with some field.

JOB DESCRIPTION: This position is a part of the Watershed Stewardship unit and will principally work in the Rural Stewardship Planning Program. Will work closely with landowners to promote environmental stewardship through sustainable land use choices.

ESSENTIAL FUNCTIONS: Provides assistance to rural landowners in the development of customized site-specific Rural Stewardship Plans for individual properties. Plans may be used to secure flexibility in implementation of critical areas and clearing regulations, or to apply for reduced property taxes. Coordinates technical staff and leads evaluation of site conditions, review of site proposals and determination of appropriate types and levels of mitigation. Works closely with individual landowners and clearly communicates program goals and requirements, related County regulations and environmentally protective site development and management practices. Assists with ongoing improvements to Rural Stewardship Program technical and decision making tools, program monitoring approaches, etc. Assists with RSP outreach and education to introduce landowners to the program, coach them on plan development, and help them understand likely watershed management and site development issues associated with their properties so they can make informed decisions regarding their property and the program.
