SHORT FORM FOR PRE-EMPLOYMENT PHYSICALS

PATIENT NAME: _________________________  JOB TITLE: Staff Physician, Senior (TB Clinic)
DEPARTMENT: Public Health       WORK SCHEDULE: 40/week
JOB DESCRIPTION: Provides medical oversight, consultation, direct client care and management of specialized health care programs for King County health programs.
WORK ENVIRONMENT: Clinic and office.
ESSENTIAL FUNCTIONS: Develop, review, revise and implement protocols and procedures for assigned programs. Provide consultative medical care to clients referred by other staff. Act as community liaison with health care agencies, facilities or providers. Plan and implement quality improvement, Quality Assurance and Quality Control (QA/QC) programs to support department health care goals and objectives. Provide specialized medical care for clients such as psychiatric evaluation or treatment of complex medical problems. Examine, diagnose, treat and refer clients to appropriate health care agencies or facilities. Prescribe medications and perform medical and surgical procedures. Assist staff in the design, implementation and evaluation of programs. Review clinical standards and develop treatment guidelines. Participate in the development of service delivery models. Provide oversight of data analysis and research. Train other staff on programs objectives, policies and/or procedures.

I have reviewed the following Job Analysis for the above-named candidate.
