Detention and Alternatives Report

December 2018

King County Department of Adult and Juvenile Detention

Detention and Alternatives Report For the Month of December 2018

Annual ADP

Year	Adult ADP	Juvenile ADP
2004	2,482	105
2005	2,627	109
2006	2,692	105
2007	2,748	95
2008	2,595	90
2009	2,423	83
2010	2,373	89
2011	2,224	70
2012	1,970	68
2013	1,983	58
2014	2,100	57
2015	2,048	60
2016	2,023	51
2017	2,186	50
2018	2,107	53

Definitions

- Average Daily Population (ADP): Mean number of inmates in the custodial populations on a daily basis. Total number of inmate days divided by the number of days in the time-period.

Notes:

- The adult population figures include secure detention, Electronic Home Detention (EHD), and Work Education Release (WER) population numbers.
- The juvenile population numbers are strictly secure detention counts.
- Changes may occur between months because of corrections to the database.

YTD Average	2,186	2,107	3,094	2,969	20.93	21.17

Definitions

- Adult Custodial Population: Inmates who are confined in the King County Correctional Facility or Regional Justice Center, and partially confined in Work Education Release or Electronic Home Detention.
- Average Daily Population (ADP): Mean number of inmates in the custodial populations on a daily basis. Total number of inmate days divided by the number of days in the time-period.
- Booking: The process of identifying, fingerprinting and gathering information about an arrested person who is being admitted to jail. Bookings are event based versus person based. In other words, there were 56,000 separate booking events in 2001 for 38,000 separate person. Some people are booked more than one time during the reporting period.
- Average Length of Stay (ALOS): The average number of days a person spends in a program or jail based upon release month.

Definitions

- Secure: Total confinement within a 24-hour detention facility in either the KCCF or RJC.
- Average Daily Population (ADP): Mean number of inmates in the custodial populations on a daily basis. Total number of inmate days divided by the number of days in the time-period.
- Number of Placements: The DAJD has traditionally reported the number of bookings as the measure of admission. A single booking covers all activity from the time of admission to the time of release from custody. For the purpose of data tracking, it was necessary to develop a new measure to track location movements within a booking. Placements are defined for only the custodial populations in Electronic Home Detention, Secure Detention and Work Education Release. A placement occurs the first time that a person enters a custodial population, but is only counted once in a booking for each of the three populations. One booking can therefore create no more than three placements. The placement is counted in the month the placement occurred, not necessarily in the month the booking occurred.
- Program Length of Stay: The total number of days during the total incarceration event that a person was placed in the various custodial locations (Secure, Work Release, Electronic Home Detention) or a specific status group with Secure Detention (Pre-Trial Felon, Pre-Trial Misdemeanant, Sentenced Felon, Sentenced Misdemeanant, State Holds, and Other). For DRC, it is the average imposed sentence length for participants who started during the month.

Definitions

- Electronic Home Detention (EHD): A program that allows offenders to be maintained under electronic surveillance within their home and work site. This program requires random drug and alcohol testing. People on EHD are considered to be in-custody.
- Average Daily Population (ADP): Mean number of inmates in the custodial populations on a daily basis. Total number of inmate days divided by the number of days in the time-period.
- Number of Placements: The DAJD has traditionally reported the number of bookings as the measure of admission. A single booking covers all activity from the time of admission to the time of release from custody. For the purpose of data tracking, it was necessary to develop a new measure to track location movements within a booking. Placements are defined for only the custodial populations in Electronic Home Detention, Secure Detention and Work Education Release. A placement occurs the first time that a person enters a custodial population, but is only counted once in a booking for each of the three populations. One booking can therefore create no more than three placements. The placement is counted in the month the placement occurred, not necessarily in the month the booking occurred.

Definitions

- Work/Education Release (WER): A custodial community corrections program operated by DAJD that allows inmates to be released from custody in order to go to work and/or school. When they are not at work and/or school, the inmates are in-custody.
- Average Daily Population (ADP): Mean number of inmates in the custodial populations on a daily basis. Total number of inmate days divided by the number of days in the time-period.
- Number of Placements: The DAJD has traditionally reported the number of bookings as the measure of admission. A single booking covers all activity from the time of admission to the time of release from custody. For the purpose of data tracking, it was necessary to develop a new measure to track location movements within a booking. Placements are defined for only the custodial populations in Electronic Home Detention, Secure Detention and Work Education Release. Definitions

- Community Center for Alternative Program (CCAP): A non-custodial community corrections based program that provides structured non-custodial programs that can consist of supervision, treatment services, and sanctions.
- CCAP Basic is for pre-sentenced, pre-trial and requires participants to report by telephone 7 days per week. The Court may order random urinalysis tests.
- Average Daily Enrollment: The number of days a participant has an open case during the month. It is the difference between the closed date and the active date within the month. When a case is closed, then subsequently reactivated, it is the sum of all "active spans" excluding days when the case was closed during the month.
- Admissions: Number of cases initially activated (i.e. using the first active date) in the month. There is one admission per case even when a case is closed and then reactivated.
- Calendar Length of Stay (in days): Average number of days participants were enrolled in CCAP for persons whose cases closed during the month. It is calculated as the total sum of days from the first active date to the final closed date less any time the case was closed.

Definitions

- Community Center for Alternative Program (CCAP): A non-custodial community corrections based program that provides structured non-custodial programs that can consist of supervision, treatment services, and sanctions.
- CCAP Enhanced participants typically report for programs and services offered from 9:00 AM to 4:00 PM, Monday through Friday. Participants receive an individual needs assessment and are scheduled for a variety of programs and services. CCAP also provides referrals to community-based programs. Court ordered random drug tests monitor illegal drug use and consumption of alcohol.
- Average Daily Enrollment: The number of days a participant has an open case during the month. It is the difference between the closed date and the active date within the month. When a case is closed, then subsequently reactivated, it is the sum of all "active spans" excluding days when the case was closed during the month.
- Admissions: Number of cases initially activated (i.e. using the first active date) in the month. There is one admission per case even when a case is closed and then reactivated.
- Average Daily Workload: Average number of CCAP participants attending a program during the month. It is calculated as the sum of all CCAP attendance contacts in the month for enhanced cases divided by the number of program days in the month.
- Average Sentence Length (in days): Average imposed sentence length for persons admitted in the month. It is calculated using only participants who have a sentence; values of "999" in COMCOR are excluded. If a case has more than one sentence, the longest sentence is used in the calculation.
- Calendar Length of Stay (in days): Average number of days participants were enrolled in CCAP for persons whose cases closed during the month. It is calculated as the total sum of days from the first active date to the final closed date less any time the case was closed.

Definitions

- Work Crew: A non-custodial community correction's sanction/program in which offenders perform work such as cleaning up garbage on highways or parks in lieu of incarceration.
- Average Daily Enrollment (ADE): Mean number of persons enrolled in a non-custodial program, irrespective of program participation. Total number of enrollee days divided by the number of days in the time-period; calculated as start date to closed date.
- Admission: A single event during a calendar month in which a person is processed into one of the non-custodial programs operated by the Division of Community Corrections and the Juvenile Alternatives to Secure Detention programs including Day Reporting, Evening Reporting, Group Care and Work Crew. For DRC, it is a count of new referrals in the month.
- Average Daily Workload (ADW): Mean number of persons in non-custodial populations based on program participation days within a time-period. Total number of active participation days divided by program participation days in the time-period.

Definitions

- Pre-Sentence: The portion of the criminal justice process from time of arrest to time of sentencing. The pre-sentence time is often significantly longer than the pre-adjudication time, due to the length of time between judgment and sentence.
- Average Daily Population (ADP): Mean number of inmates in the custodial populations on a daily basis. Total number of inmate days divided by the number of days in the time-period.
- Number of Placements: The DAJD has traditionally reported the number of bookings as the measure of admission. A single booking covers all activity from the time of admission to the time of release from custody. For the purpose of data tracking, it was necessary to develop a new measure to track location movements within a booking. Placements are defined for only the custodial populations in Electronic Home Detention, Secure Detention and Work Education Release. A placement occurs the first time that a person enters a custodial population, but is only counted once in a booking for each of the three populations. One booking can therefore create no more than three placements. The placement is counted in the month the placement occurred, not necessarily in the month the booking occurred.
- Program Length of Stay: The total number of days during the total incarceration event that a person was placed in the various custodial locations (Secure, Work Release, Electronic Home Detention) or a specific status group with Secure Detention (Pre-Trial Felon, Pre-Trial Misdemeanant, Sentenced Felon, Sentenced Misdemeanant, State Holds, and Other). For DRC, it is the average imposed sentence length for participants who started during the month.

Definitions

- Sentence: The portion of the Average Daily Population from the time the sentence date is entered to completion of the sentence.
- Average Daily Population (ADP): Mean number of inmates in the custodial populations on a daily basis. Total number of inmate days divided by the number of days in the time-period.
- Number of Placements: The DAJD has traditionally reported the number of bookings as the measure of admission. A single booking covers all activity from the time of admission to the time of release from custody. For the purpose of data tracking, it was necessary to develop a new measure to track location movements within a booking. Placements are defined for only the custodial populations in Electronic Home Detention, Secure Detention and Work Education Release. A placement occurs the first time that a person enters a custodial population, but is only counted once in a booking for each of the three populations. One booking can therefore create no more than three placements. The placement is counted in the month the placement occurred, not necessarily in the month the booking occurred.

Definitions

- Pre-Sentence: The portion of the criminal justice process from time of arrest to time of sentencing. The pre-sentence time is often significantly longer than the pre-adjudication time, due to the length of time between judgment and sentence.
- Misdemeanor: Misdemeanors and Gross Misdemeanors. A misdemeanor is any crime punishable by a fine of not more than one thousand dollars, or by imprisonment in a county jail for not more than ninety days or by both such fine and imprisonment. A gross misdemeanor is any crime punishable by imprisonment in the county jail for a maximum term of not more than one year or by a fine in an amount fixed by the court of not more than five thousand dollars, or by both such imprisonment and fine.
- Average Daily Population (ADP): Mean number of inmates in the custodial populations on a daily basis. Total number of inmate days divided by the number of days in the time-period.
- Number of Placements: The DAJD has traditionally reported the number of bookings as the measure of admission. A single booking covers all activity from the time of admission to the time of release from custody. Definitions

- State Hold: The State Hold status group, as reported in the King County Jail's population reports, consists of several different status groups as determined by their most serious charge. There are those inmates who have been sentenced to DOC awaiting transfer to the state institution, and there are those inmates who are accused of violating a condition of their felony sentence including probation, Community Supervision, Post-release Supervision, Insanity Acquittal, Community Custody, Interstate Detainer, Parole, and State Work Release. It also includes those prisoners who are already serving a prison sentence, but are returned to face new charges or for other court related matters.
- Average Daily Population (ADP): Mean number of inmates in the custodial populations on a daily basis. Total number of inmate days divided by the number of days in the time-period.
- Number of Placements: The DAJD has traditionally reported the number of bookings as the measure of admission. A single booking covers all activity from the time of admission to the time of release from custody. Note: In the fall of 2017, DAJD made a change in housing location for youth who are under the age of 18 and who are charged with adult crimes in Superior Court. In the past, these youth were housed in one of DAJD's adult facilities, but are now being housed at the Youth Service Center (YSC). DAJD has updated the Detention and Alternatives Report to reflect this change in housing location. The under 18 population that is housed at the YSC is now reported on two pages, one for youth whose crimes are being adjudicated by the Juvenile Division of the Superior Court (Juvenile Secure) and a new page (Long-term Juvenile Secure). This page reports on Juvenile Secure - youth that are being adjudicated by the Juvenile Division of the Superior Court.

Definitions

- Secure: Total confinement within a 24-hour detention facility.
- Average Daily Population (ADP): Mean number of inmates in the custodial populations on a daily basis. Total number of inmate days divided by the number of days in the time-period.
- Admission: A single event during a calendar month in which a person is processed into one of the non-custodial programs operated by the Division of Community Corrections and the Juvenile Alternatives to Secure Detention programs including Group Care, Work Crew and Weekend Reporting.
- Average Length of Stay (ALOS): The average number of days a person spends in a program or jail based upon release month.

Note: In the fall of 2017, DAJD made a change in housing location for youth who are under the age of 18 and who are charged with adult crimes in Superior Court. In the past, these youth were housed in one of DAJD's adult facilities, but are now being housed at the Youth Service Center (YSC). DAJD has updated the Detention and Alternatives Report to reflect this change in housing location. The under 18 population that is housed at the YSC is now reported on two pages, one for youth whose crimes are being adjudicated by the Juvenile Division of the Superior Court (Juvenile Secure) and a new page (Long-term Juvenile Secure). This page reports on Long-term Juvenile Secure - youth that are charged with adult crimes and held under the jurisdiction of Superior Court, or for whom the Prosecuting Attorney's Office has filed for a hearing to decline juvenile court jurisdiction.

Definitions

- Long-term Secure Youth: Youth under the age of 18 who are subject to the exclusive jurisdiction of the adult court, or who are awaiting a declination decision. (See RCW 13.04.030)
- Average Daily Population (ADP): Mean number of long term youth in the custodial population on a daily basis. Total number of inmates days where the youth is held on a decline status, divided by the number of days in the time-period.
- Admission: A single event during a calendar month in which a youth is processed into secure detention. Admissions to secure detention are event based rather than person based. Some youth may be booked into detention more than once during the reporting period. Declined youth are generally admitted to secure detention with a juvenile status rather than an adult status. Therefore, it will be rare to see an admission in the long term placement count.
- Average Length of Stay: The average number of days a person spends in a decline status, in secure custody based upon release month.

Definitions

- Group Care: The group home provides 24-hour staff supervision, school, counseling, work activities and recreation. Group home placement supplies the youth a window for court services, alternatives to secure detention and mental health staff to formulate strategies of intervention and treatment.
- Admission: A single event during a calendar month in which a person is processed into one of the non-custodial programs operated by the Division of Community Corrections and the Juvenile Alternatives to Secure Detention programs including Group Care, Work Crew and Weekend Reporting.
- Average Daily Workload (ADW): Mean number of persons in non-custodial populations based on program participation days within a time-period. Total number of active participation days divided by program participation days in the time-period.
- Program ALOS: The total days ordered by the court for all persons admitted to a non-custodial community correction program (Day Reporting, Work Crew, and Group Care) in that month divided by the number of persons admitted in that month.
- Calendar Length of Stay: The average number of actual calendar days that a person spends in a non-custodial community corrections based program. It is based on the day that a person is admitted into the program and the day that they leave the program. For DRC, it is calculated for persons whose cases are closed during the month.

Definitions

- KCCF: (King County Correctional Facility), located in Seattle. The KCCF includes the Tower with a bed capacity of 1262 and the West Wing with a capacity of 435.
- Forecast target for the KCCF is based on 1) the Tower capacity permitted under the Hammer lawsuit mediated agreement (1262), 2) less a 2.5% vacancy rate, 3) plus the forecasted Intake capacity of 30.
- RJC: (Regional Justice Center) located in Kent. Capacity in the table reflects expected number of beds in use out of the total fully double bunked capacity of 1457.
- YSC (Youth Services Center); EHD (Electronic Home Detention); WER (Work Education Release); CCAP (Community Center for Alternative Programs); ADP (Average Daily Population), term applied to incarcerated custodial populations; ADE (Average Daily Enrollment), term applied to average number enrolled, not participating on a daily basis; ADW (Average Daily Workload), refers to the average number of persons participating in a program per day and is applied to non-custodial programs.
- Secure facility capacities vary over the year; the annual forecast for KCCJ and RJC are averages for the year.

Definitions

- KCCF: (King County Correctional Facility), located in Seattle. The KCCF includes the Tower with a bed capacity of 1262 and the West Wing with a capacity of 435.
- Forecast target for the KCCF is based on 1) the Tower capacity permitted under the Hammer lawsuit mediated agreement (1262), 2) less a 2.5% vacancy rate, 3) plus the forecasted Intake capacity of 30.
- RJC: (Regional Justice Center) located in Kent. Capacity in the table reflects expected number of beds in use out of the total fully double bunked capacity of 1457.
- YSC (Youth Services Center); EHD (Electronic Home Detention); WER (Work Education Release); CCAP (Community Center for Alternative Programs); ADP (Average Daily Population), term applied to incarcerated custodial populations; ADE (Average Daily Enrollment), term applied to average number enrolled, not participating on a daily basis; ADW (Average Daily Workload), refers to the average number of persons participating in a program per day and is applied to non-custodial programs.
- Secure facility capacities vary over the year; the annual forecast for KCCJ and RJC are averages for the year.
