Chapter 1

Plan Summary

Guide to the Plan	1-2
The Regional Planning Effort	1-6
Process for Adopting and Amending a Final Plan	1-7
Figure 1-1. Process for Development, Review, and Adoption of the Plan	1-7

Chapter 2

The System History, Mechanics of the Planning Process, and Governing Policies

Evolution of the Regional Transfer and Disposal System	2-1
Table 2-1. Chronology of the Development of the Regional Solid Waste Management System	2-4
Authorities, Responsibilities, and Governing Legislation	2-9
Table 2-2. Authorities and Roles	2-10
Participants in the Planning Process	2-13
Cities	2-13
Private Solid Waste Management Companies	2-14
Ratepayers	2-14
Solid Waste Advisory Committee	2-14
Division Employees	2-14
Regional Policy Committee and Utilities & Technology Committee	2-14
Washington Department of Ecology	2-15
Related Regional Planning Documents	2-15
Table 2-3. Relationship of the County’s Plan to Other Plans and Regulations	2-16
Organizational Structure and Mission of DNRP and the Division	2-18
Figure 2-1. King County Department of Natural Resources and Parks Organizational Chart	2-18
Figure 2-2. King County Solid Waste Division Organizational Chart	2-19
Governing Policies	2-20

Chapter 3

Fundamentals of Planning for the Region’s Future Needs

County Planning Policies	3-2
Snapshot of the Planning Area	3-2
Our Waste Stream – Past and Current	3-3
How Much Waste Do We Dispose?	3-3
Figure 3-1. Tons of MMSW Received Annually Since 1993	3-3

What Are We Throwing Away? 3-3

Figure 3-2. Composition of the Disposed Waste Stream 3-3

Who Is Generating the Wastes? 3-4

Forecasting for the Future 3-4

Demographic Projections 3-4

The Forecasting Methodology and Results 3-6

Figure 3-3. Estimated Generation, Disposal, and Recycling Per Person 3-6

Figure 3-4. 20-Year Forecast of Waste Generation in the
King County Regional System 3-7

Table 3-1. 20-Year Forecast of Waste Generation by Facility 3-8

The Regional Transfer and Disposal System and Its Users 3-8

Figure 3-5. MMSW and Mixed Recyclables Handling Facilities 3-9

Curbside Collection 3-10

Use of the Transfer Facilities 3-10

Figure 3-6. Mix of Waste Tonnage and Customer Transactions
at County Transfer Stations 3-11

Regional Direct Disposal at the Landfill 3-12

Figure 3-7. Trends in Regional Direct Activity at the Landfill 3-12

Where Do We Go From Here? 3-13

References 3-13

Chapter 4

Waste Reduction, Recycling, and Market Development

County Waste Reduction and Recycling Policies 4-2

What Have We Gained through Our Regional Efforts? 4-5

The History 4-6

Figure 4-1. Per Capita Recycling and Disposal Since 1977 4-7

Public Opinion About Waste Reduction and Recycling 4-8

Where Do We Go From Here? 4-8

Development of the Region’s Waste Reduction and Recycling Goal
for the Next 20 Years 4-9

First-Level Measurement Targets 4-10

Second-Level Measurement Targets 4-11

Table 4-1. Second-Level Measurement Targets for Recycling and Disposal .. 4-12

Designation of Recyclable Materials 4-13

Assessment of Recycling Potential in the Region 4-14

Issues 4-16

Table 4-2. Market Assessment for Recyclable
and Reusable Commodities 4-17

Management of Organic Materials 4-23

Collection and Management of Recyclable Materials 4-23

Integration with Other Resource Management Programs 4-25

Product Stewardship 4-25

Recycling of Construction, Demolition, and Landclearing Materials 4-27

Fostering Sustainable Building Principles	4-28
Market Development for Recyclable Materials	4-29
Utilization of Landfill Gas	4-30
Recommendations	4-30
City and County Roles and Responsibilities	4-37
References	4-37
Table 4-3. Waste Reduction and Recycling Recommendations	4-38

Chapter 5

Collection of Curbside Recyclables and Mixed Municipal Solid Waste

County Collection Policies	5-2
Collection of Mixed Municipal Solid Waste	5-3
Table 5-1. Roles and Authorities for MMSW Collection	5-4
Table 5-2. WUTC Certificate Franchise Holders in King County	5-5
