Ubicar una nueva estación de reciclaje y transferencia de basura en el sur del condado de King

El condado de King está estudiando los problemas medioambientales relacionados con la construcción de una nueva instalación de reciclaje y de transferencia de basura para reemplazar la estación de transferencia Algona Transfer Station. Dos posibles ubicaciones para construir la nueva instalación son:

- 901 C Street SW, Auburn, WA 98001
- 35101 West Valley Highway S., Algona, WA 98001

Una tercera opción es seguir utilizando la actual Algona Transfer Station, ubicada en 35315 West Valley Highway S., Algona, WA 98001.

El condado de King ya descartó la propiedad ubicada en 28721 West Valley Highway S., Auburn, WA 98001 como una ubicación posible para la nueva instalación.

Infórmele al condado de King si existe algún problema medioambiental específico que quisiera que se analizara en cada una de las ubicaciones potenciales, por ejemplo, aire, agua, ruido, transporte, etc.

Envíe sus comentarios por correo electrónico a: SCRTS.project@kingcounty.gov o por correo postal a: King County Solid Waste Division, 201 S. Jackson Street, Suite 701, Seattle, WA 98104-3855, ATTN: Tom Creegan, Project Manager.

La fecha límite para presentar comentarios es el 24 de noviembre de 2015. Para obtener más información, visite your.kingcounty.gov/solidwaste/facilities/algona/index.asp o llame al 206-477-4466.

킹 카운티 남쪽에 새로운 재활용 및 쓰레기 트랜스퍼 스테이션 건설계획

킹 카운티는 알고나(Algona) 트랜스퍼 스테이션을 대체 할 수 있는 새로운 재활용 및 쓰레기 트랜스퍼 설비 구축과 관련된 환경 문제를 연구하고있다. 새로운 시설을 구축 할 두 가능성 위치는 다음과 같다:

- 901 C 스트리트 SW, 어번(Auburn), WA 98001
- 35101 웨스트 밸리 하이웨이(S), 알고나, WA 98001

세 번째 선택은 35315 웨스트 밸리 하이웨이(S), 알고나, WA 98001에 위치한 알고나(Algona) 트랜스퍼 스테이션을 계속 사용하는 것이다.

킹 카운티는 새로운 시설에 대한 가능성 위치로 28721 웨스트 밸리 하이웨이(S), 어번, WA 98001의 재산을 더 이상 고려하지 않다.

각각의 가능성 위치에는 예를 들어, 공기, 물, 소음, 교통, 등에 대해 특정 환경 문제가있을 경우 킹 카운티에게 그 문제들을 연구하도록 알려주십시오.

이메일로 의견을 보내 주시기 바랍니다:

SCRTS.project@kingcounty.gov 또는 우편으로: 킹 카운티 고체 폐기물 부문, 201 S. 잭슨 스트리트, 스위트 701, 시애틀, WA 98104-3855, ATTN: 톰 크레에간(Tom Creegan), 프로젝트 관리자.

의견을 제출하실 수 있는 기한은 2015년 11월 24일까지입니다.

Размещение новой перегрузочной станции переработки мусора в южной части округа King

В южной части округа King проводятся исследования окружающей среды, связанные с постройкой новой перегрузочной станции переработки мусора вместо перегрузочной станции Algona. Адреса двух предполагаемых мест строительства новой станции:

- 901 C Street SW, Auburn, WA 98001
- 35101 West Valley Highway S., Algona, WA 98001

Третий вариант – продолжение использования существующей перегрузочной станции Algona по адресу: 35315 West Valley Highway S., Algona, WA 98001.

Южная часть округа King больше не рассматривает собственность, расположенную по адресу 28721 West Valley Highway S., Auburn, WA 98001 в качестве потенциального места для новой станции.

Сообщите южной части округа King, существуют ли особые проблемы окружающей среды, требующие, на ваш взгляд, проведения исследований во всех потенциальных местах строительства, например: воздух, вода, шум, транспорт и т.д.

Высылайте свои предложения на E-mail: SCRTS.project@kingcounty.gov или по почте: King County Solid Waste Division, 201 S. Jackson Street, Suite 701, Seattle, WA 98104-3855, ATTN: Том Криген (Tom Creegan), руководитель проекта.

Конечный срок отправки комментариев - 24 ноября 2015 г.

REVISED DETERMINATION OF SIGNIFICANCE AND REQUEST FOR COMMENTS ON SCOPE OF ENVIRONMENTAL IMPACT STATEMENT

Proponent/ Lead Agency: King County Department of Natural Resources and Parks, Solid Waste Division (the Division)

Description of Proposal: The Algona Transfer Station was built in the mid-1960s. It is over-capacity, has no space for recycling, and uses outdated technology. The *Solid Waste Transfer and Waste Management Plan* (the Plan), which was the result of a regional, multi-year planning effort, recommended replacing the Algona Transfer Station with a new south county station. The Plan was approved by the King County Council in 2007 and reviewed again by the Council and King County cities in 2014. The Plan review reaffirmed the need for a new South County Recycling and Transfer Station which will serve the communities of and areas surrounding Algona, Auburn, Federal Way and Pacific for the next 50 years.

Determination of Significance/Scoping Notice(s):

- On October 30, 2012, the Division issued a State Environmental Policy Act (SEPA) *Determination of Significance and Request for Comments on Scope of Environmental Impact Statement* (DS/Scoping Notice). The DS/Scoping Notice identified two potential sites as “Action Alternatives” for the location of a new transfer station to be built on an alternate property that would be evaluated in an Environmental Impact Statement (EIS):
 - 901 C Street SW, Auburn, WA 98001
 - 35101 West Valley Highway S., Algona, WA 98001

The DS/Scoping Notice also identified a “No Action Alternative”, which would retain the current Algona Transfer Station (located at 35315 West Valley Highway S., Algona, WA 98001). Agencies, Tribes, and members of the public were given until November 30, 2012 to provide comments on the scope of the EIS, with a public scoping meeting held on November 15, 2012.

- On February 7, 2013, the Division issued a *Notice of Revised Scope of Environmental Impact Statement and Extension of Scoping Comment Period*. That document identified a third potential site to be evaluated in the EIS: 28721 West Valley Highway S., Auburn, WA 98001, with public comments due February 28, 2013.
- On March 8, 2013, *Notice of Second Extension of Scoping Comment Period and Public Scoping Meeting* on the third site was issued. A public scoping meeting was held on March 27, 2013, with public comments due on April 5, 2013.

Revised Scope of EIS and Renewed Scoping Comment Period:

- Subsequent environmental review has determined that the third potential site, located at 28721 West Valley Highway S., Auburn, WA 98001 and including the two parcels immediately adjacent to the west, is not a reasonable alternative, cannot feasibly attain the proposal’s objectives, and will be eliminated as an alternative for the location of a new transfer station.
- An EIS, required under RCW 43.21C.030(2)(c), will be prepared for the two “Action Alternatives” and the “No Action” alternative listed in the DS/Scoping Notice issued on October 30, 2012. The EIS will cover aspects of the built and natural environment including, but not limited to, the following areas: earth, air, water, plants, animals, energy, natural resources, environmental health, land use, transportation, public services, and utilities.

Agencies, Tribes, and members of the public are invited to comment on the scope of the EIS. Comments will be accepted on the alternatives, mitigation measures, probable significant adverse impacts to the environment, and licenses, permits or other approvals that may be required. The Division will consider new comments, as well as comments received during the previous scoping periods. Comments may be submitted via email to SCRTS.project@kingcounty.gov. Comments sent by mail should be addressed to King County Solid Waste Division, 201 S. Jackson Street, Suite 701, Seattle, WA 98104-3855, Attn: Tom Creegan, Project Manager.

Comment Deadline: The deadline for submittal of comments is November 24, 2015.
