Factoria Recycling & Transfer Station Replacement Project Open House & Presentation

The King County Solid Waste Division, which operates a regional landfill and ten solid waste facilities throughout the county, is in the process of renovating its aging facilities. Planning efforts are underway to replace the Factoria Recycling and Transfer Station on the existing site and adjoining property.

You are invited to an Open House and Presentation to learn about and give input on the major service and facility improvements being considered for the Factoria station. We'll discuss:

- **Site layout options** - review preliminary designs that show the location of the new enclosed transfer building, traffic flow, improved on-site queuing, etc.
- **Added recycling** - discuss new recycling services, including yard waste, other recyclables, and hazardous waste
- **Environmental design and public art** - discuss the green building features of the station and learn about the public art
- **Project schedule** – discuss major milestones for this multi-year project

Please Join Us:

Wednesday, May 12, 2010, 6-8:30 p.m.

Open House: 6-7 p.m., Presentation: 7 p.m. (followed by Q & A session)

East Shore Unitarian Church - Spring Hall
12700 Southeast 32nd St., Bellevue

Questions, Want to Comment, or Need More Information?
