

Evergreen Heights Elementary School

School District: Auburn

School Location: Auburn

Began participating in the Green Schools Program: December 2016

Level One of the Green Schools Program: Achieved in May 2017

Waste Reduction and Recycling (Level One)

- Evergreen Heights Elementary School achieved a recycling rate of 58 percent.
- Waste reduction and recycling (WRR) practices were promoted and fun facts were shared via all school announcements.
- Students were invited to join the Green Team and were trained by the school custodian to help sort during lunch, clean up after lunch, and help collect extra recyclable materials.
- The Green Team created informational posters to display at sorting stations around the school to educate students about correctly sorting their waste into recycling, composting, and garbage bins.
