

Notice of Box Culvert Inspection

Weather depending, King County contractors will be conducting an inspection of the box culvert located under a portion of 102nd Avenue SE.

The King County Wastewater Treatment Division (WTD), in coordination with the City of Bellevue, will be inspecting the culvert located near your property. The culvert conveys Meydenbauer Creek under a portion of 102nd Avenue SE.

What to Expect:

- Workers will enter the culvert from the eastern opening near 410 102nd Avenue SE.
- The inspection equipment is small, portable and makes little to no sound when in use.
- This activity will not impact travel along 102nd Avenue SE, and should take less than 4 hours to complete.

If you have any questions or concerns please contact Maryann Petrocelli, King County Community Relations at (206) 263-7321 or via email maryann.petrocelli@kingcounty.gov.
