

King County's KIRKLAND PUMP STATION and SEWER UPGRADE PROJECT

December 23, 2011

Traffic Revisions - Kirkland Ave. (Sixth St. to Railroad Ave.)

Sewer Construction will require road closure to through traffic

Negocie Revisiones - Kirkland Avda. (calle Sexta a la avenida del ferrocarril)

La Construcción de la alcantarilla requerirá cierre de camino a por el tráfico

Sewer pipeline construction has shifted along Kirkland Avenue, just east of Sixth Street. In order to safely and efficiently complete this work, **Kirkland Avenue (between Sixth Street and Railroad Avenue) will be closed to through traffic during working hours. Local and emergency access will be maintained.** Force-main work in this area will last for approximately one month.

Properties on the north side of Kirkland Avenue may experience temporary access delays when work is occurring directly in front of driveways. The contractor will have steel plates available to place over construction and allow access; however, short delays should be expected while contractor moves plates.

Kirkland Avenue from Sixth Street to Railroad Avenue

- Road will be closed except for local access and emergency vehicles from 7 a.m. – 4:30 p.m.
- Parking will be restricted in the work area from 7 a.m. – 6 p.m.
- Signed detours and flaggers will assist drivers and pedestrians through the area.

What to expect

- Parking restrictions will be in place near the proposed work locations (24-hour advance notice).
- Road closure with local access only during working hours on Kirkland Avenue between Sixth Street and Railroad Avenue.
- Access to all properties will be maintained. Please plan for delays when construction is directly in front of your driveway. Crews will move steel plates over active construction to allow access.
- Notifications 48-hours in advance of work occurring directly in front of your location.
- Work hours Monday through Friday, from 7:00 a.m. until 4:30 p.m.
- Traffic control, including cones, signs and flaggers, will be used to manage traffic flow and local access.
- Noise and other activity typical of a construction site: work crews, dust, trucks, construction materials, heavy machinery, and excavation equipment.
- Excavation of an approximately seven-foot-deep trench in Kirkland Avenue to lay a new 16-inch pipe.
