

Bike Safe on Beach Drive!

King County wants you to know about uneven road conditions along the 7000 block of Beach Dr. S.W., just north of the trail into Lincoln Park.

Due to a King County sewer project the road next to Lowman Beach Park could have loose gravel, pavement cuts, uneven surfaces, and steel plates on it for the next three months.

To protect public safety a number of vehicle and pedestrian restrictions are now in effect. Flaggers directing traffic around the site will ask bicyclists to walk their bikes through the area during work hours. Car access is limited to local and emergency access only. Pedestrians are being directed to the western sidewalk around the work area.

This work is part of a King County project to build an underground storage tank that will keep sewage and stormwater out of Puget Sound during storms.

Thank you for your patience during construction - and stay safe!

For more information, please contact the 24-hour construction hotline:

206-205-9186

WALK YOUR BIKE!

- LOOSE GRAVEL
- PAVEMENT CUTS
- UNEVEN SURFACES
- STEEL PLATES

CONSTRUCTION AREA

Flaggers and signs are stationed Beach Dr. S.W. to help vehicles and pedestrians pass safely through the construction area.
