*Join us!*  
*South Magnolia CSO Control Project*

**January 21, 2012, 11 a.m.- 2 p.m.**

**Discovery Park Environmental Learning Center  
3801 Discovery Park Blvd  
Seattle, WA 98199**

King County's technical information project team invites you to a session to answer your questions about a new gravity sewer pipeline that will convey peak wastewater and stormwater flows from 32nd Avenue West to an underground storage tank in the Port of Seattle's Terminal 91 West Yard:

- What are findings from recent geotechnical investigations?
- What is the preferred pipeline alignment?
- How will the pipeline be constructed?
- What are the next steps?

**A light lunch will be served.**
