

MAGNOLIA CONVEYANCE PROJECT

 **King County**
Department of
Natural Resources and Parks
Wastewater Treatment Division

TO: Magnolia CSO King County Listserv

DATE: December 18, 2017

SUBJECT: Update: Visit our Online Open House to learn more about construction activities

Hello from King County -

We have launched an interactive online open house to share construction and schedule information with you. You can review the information and give input at your own convenience, any time of the day, at <http://magnoliapipe.participate.online>. If you have additional thoughts after you have reviewed the open house and have provided questions and comments, you can return to the site and start a new session.

CHECK OUT OUR ONLINE OPEN HOUSE!

Visit <http://magnoliapipe.participate.online> using your computer or mobile device.

Please feel free to share this information with your neighbors, and encourage them to participate.

Continue reading for an update on construction activities underway and upcoming.

Construction activities beginning the week of December 18

King County's contractor for the Magnolia Conveyance Project will be installing another pipe to connect to the Magnolia Wet Weather Facility in Smith Cove Park. Over the next several months, crews will be working in the Smith Cove Park area and 32nd Avenue West.

Smith Cove Park – Work underway

Crews are preparing to excavate and install ground support near the entrance of the existing pipe in the southwest corner of the Smith Cove Park. People visiting the park can expect the following:

- Construction activities Monday through Friday from 7 a.m. to 6 p.m. and Saturday from 9 a.m. to 6 p.m.
- Construction equipment mobilized onsite such as drill rigs, trucks, and excavators
- Excavation and installation of shoring boxes
- Increased noise and vibration in the work area
- Traffic control personnel and signs to direct traffic and pedestrians around the work zone, as necessary

People will still be able to use the north athletic field.

32nd Avenue West – Landscape salvage in December, construction begins in January

Starting as early as January 2, crews will begin to mobilize the work area on 32nd Avenue West. During the week of December 18, landscapers will remove some shrubs and trees that were planted as part of the previous project. These plants will be transplanted on other King County property, and the area replaced in this work area before construction is completed. .

Crews continue to mobilize equipment at Smith Cove Park

Neighbors on 32nd Avenue West can expect:

- Landscape crews salvaging plants on December 19 and 20
- Construction fencing and site mobilization starting January 2

King County will work with the community every step of the way. Find information, get your questions answered, and contact us:

- **Briefings and site visits:** We will be working with community groups and neighbors to schedule briefings and site visits. If you would like us to attend your community group meeting or a neighborhood meeting, please feel free to [email us](#).
 - **Email updates:** We will continue to keep you informed through these email updates about what you can expect during construction.
 - **Online open house:** Over the next several months, we will update the [online open house](#) with new construction information, as it becomes available. Please share the online open house information with your neighbors who may not be on our email list.
 - **Website:** We will keep the [project web page](#) updated with the most up-to-date information on construction as it becomes available
 - **Hotline:** We have a 24-hour construction hotline (206-205-5969). You may call with questions and concerns. Please leave a message with your contact number and King County's team will get back to you.
 - **Contact us:** Email Monica Van der Vieren (monica.vandervieren@kingcounty.gov) with your questions.
