### What to expect:

- Review design concepts
- Learn more about the what you can expect during project design and construction
- Share your feedback and ask questions

### About the project

King County is upgrading nearly 4.5 miles of sewer pipe in Redmond to meet the needs of your growing community.

Construction is expected to begin in 2020. While the sewer pipe is under construction, King County will also install 1.5 miles of pipe to carry recycled water. When complete, the new pipes will provide reliable sewer service and an important connection for future use of recycled water in the area.
