Lake Hills and NW Lake Sammamish Sewer Upgrade Project

Overview

King County WTD

- [illegible]

Project objective

- Upgrade 4.5 miles of sewer pipes in Redmond to provide service for another 50+ years

Lake Hills and NW Lake Sammamish Sewer Upgrade Project

Project timeline

City of Redmond permit process

We are here

*This is an estimated project timeline and is likely to shift over the course of the project.

Lake Hills and NW Lake Sammamish Sewer Upgrade Project

Construction expected to begin in 2024

- Primarily open trench construction
 - Ideal for shallow work zones
 - Surface impacts will include traffic and trail detours
- Trenchless construction
 - Protects environmentally sensitive areas
 - Limits surface impacts
 - Not appropriate for all situations

A crew member is standing in an open trench area.

Lake Hills and NW Lake Sammamish Sewer Upgrade Project

What to expect in construction

- Typical work hours
 - 7 a.m. to 7 p.m. weekdays
 - 9 a.m. to 6 p.m. Saturday
- Large equipment, truck traffic
- Noise, vibration, and dust
- Road closures and detours
- Trail closures and detours
- Vegetation removal and replacement

Lake Hills and NW Lake Sammamish Sewer Upgrade Project

What's new since 2020

Lake Hills and NW Lake Sammamish Sewer Upgrade Project

Minor route changes

- **NE 85th Street extension, east of Sammamish River Bridge**
- 177th Ave NE between West Lake Sammamish Parkway and NE 33rd Place

Lake Hills and NW Lake Sammamish Sewer Upgrade Project

Minor route changes

- NE 85th Street extension, east of Sammamish River Bridge
- **177th Ave NE between West Lake Sammamish Parkway and NE 33rd Place**

Tree removal and replacement

- Removing ~680 trees (includes 548 in the City of Redmond)
- Replanting ~1,367 trees
 - 338 trees on-site
 - 1,251 trees off-site
- Replanting plans in the City of Redmond still under discussion

Lake Hills and NW Lake Sammamish Sewer Upgrade Project

Replanting

Lake Hills and NW Lake Sammamish Sewer Upgrade Project

Sammamish River Trail closures & detours

- Intermittent closures over 3-year construction window
- Work will be completed in sections and may not be consecutive
- Closures will be between access points, requiring off-site detour routes

Old detour route: Leary to Marymoor Way

-  Pipe route
  Closure
-  Pedestrian detour
  Bicycle detour

New detour route: Leary to Marymoor Way

New detour route: Leary to Marymoor Way

- Closure
- Pipe route
- Pedestrian detour
- Bicycle detour

Lake Hills and NW Lake Sammamish Sewer Upgrade Project

Trail restoration

Lake Hills and NW Lake Sammamish Sewer Upgrade Project

Traffic impacts

- Sewer runs under:
 - West Lake Sammamish Parkway
 - 177th Ave NE
 - 179th Ave NE
 - NE 24th St
 - 180th Ave NE
- Expect delays, congestion, lane closures, detours
- Plans can be renegotiated between contractor and the City of Redmond
- Emergency and local access always maintained

West Lake Sammamish Parkway (WLSP)

- Leary Way to Marymoor Way
 - Northbound vehicle lane closure during trail work
- NE 51st Street to Bel-Red Rd
 - One lane of traffic maintained in each direction
 - Bikes merge with traffic
 - Restricted work hours in Bel-Red Rd intersection

West Lake Sammamish Parkway (WLSP)

- Bel-Red Rd to 172nd Ave NE during sewer construction
 - Will maintain northbound only traffic. Bikes merge with traffic
 - Southbound vehicles and bikes detoured
- Bel-Red Rd to 172nd Ave NE during culvert construction
 - Full road closure
 - Local and emergency access always maintained

Lake Hills and NW Lake Sammamish Sewer Upgrade Project

Country Creek culvert

- Partnering with the City of Redmond to improve the existing culvert so fish can swim through it

Existing culvert at Country Creek

Example of culvert construction

Lake Hills and NW Lake Sammamish Sewer Upgrade Project

New 12-ft-wide
path and planter
strip

Country Creek culvert

- Improved design to include:
 - Two-lane roadway
 - Bike lanes and curbs on both sides
 - Planter strip and 12-ft-wide shared use path on north side of road

West Lake Sammamish Parkway (WLSP)

- 172nd Ave NE to NE 36th St
 - 2-phased, full closure during working hours
 - Local and emergency access always maintained
 - One lane in both directions of traffic will be restored outside of working hours (nights and weekends)

Idylwood neighborhood

- Idylwood Park
 - One parking lot to always remain open
 - Memorial Day to Labor Day: No work in front of parking lot entrances
- 177th Ave NE
 - One lane will remain open with flaggers to maintain both directions of traffic

Audubon Elementary School

- 180th Ave NE
 - 3-phased rolling full road closure
 - Local and emergency access always maintained
 - No work in front of entrance to Audubon Elementary when school is in session

Audubon Elementary School

- 180th Ave NE
 - 3-phased rolling full road closure
 - Local and emergency access always maintained
 - No work in front of entrance to Audubon Elementary when school is in session

Audubon Elementary School

- 180th Ave NE
 - 3-phased rolling full road closure
 - Local and emergency access always maintained
 - No work in front of entrance to Audubon Elementary when school is in session

NE 24th Street

- NE 24th St
 - Full closure during working hours
 - Local and emergency access always maintained
 - One lane of thru traffic will be restored during nights and weekends

Vuelake neighborhood

- 179th Ave NE & 177th Ave NE
 - Rolling full road closures
 - Roads reopened nights and weekends
 - Local and emergency access always maintained

Lake Hills and NW Lake Sammamish Sewer Upgrade Project

Road restoration

- Crews will repair impacted areas of pavement, sidewalks, curbs and planter strips
- King County will install 24 new curb ramps at 11 locations
- May be delays between construction and restoration

Lake Hills and NW Lake Sammamish Sewer Upgrade Project

Next steps

Acquire necessary permits

Hire contractor in 2023

Begin construction in 2024
