NORTH MERCER ISLAND/ENATAI Sewer Upgrade Project

December 19, 2022

Enatai Siphon pipe installation is complete!

Our contractor finished the pipe installation between Enatai Beach Park and the Sweyolocken Pump Station ahead of schedule on December 19.

What to expect for the remainder of the year:

- **At Enatai Beach Park:** Crews will work during typical permitted hours (7 AM to 5 PM) to temporarily restore and winterize the site.
- **At Sweyolocken Pump Station/Boat Launch:** Crews will continue 24-hour work until the site is temporarily restored and winterized. The boat launch will remain closed until further notice.
- **At both sites, for the remainder of the year:** We expect minimal construction activities, vibrations, and noise. Crews will monitor and maintain both construction sites.

We thank you again for your patience during construction.
