

# NORTH MERCER ISLAND/ENATAI Sewer Upgrade Project

June 10, 2022

## Mercer Slough Bike Trail will be closed while crews work at Sweyolocken Boat Launch

Last month, our team shared that crews arrived at the Sweyolocken Boat Launch to prepare for Enatai Siphon construction. **While crews work in that area, a section of the Mercer Slough trail will be closed to the public.**

Mercer Slough Bike Trail traffic will detour along side streets near the South Bellevue Park & Ride to the I-90 Bike Trail near 108th Avenue SE. The I-90 Bike Trail will remain open throughout work at the Sweyolocken Boat Launch.

We expect to close the trail in this section around the clock for about nine months until the trail has been restored.

### Temporary hotline number:

Our outreach team staffs a 24-hour construction hotline daily to answer any questions you may have about the project. Unfortunately, our telecom service is not working. If you have called recently and did not receive a callback, please call our temporary hotline, and we will get back to you:
