

# Join us Sunday, August 21 at Enatai Beach Park to learn about a sewer upgrade being planned for your neighborhood.

## NORTH MERCER ISLAND/ENATAI Sewer Upgrade Project

King County Wastewater Treatment Division invites our Enatai neighbors and interested people to join us at **Enatai Beach Park on Sunday, August 21, from 10 a.m. to 2 p.m.**

King County's North Mercer Island/Enatai Sewer project team will be on hand to talk about the services we provide and elements of the project in Enatai Beach Park, along the water front, and by Swaylocken Pump Station. You can walk the project area at Enatai with our team and talk about construction activities and restoration. We'll have some fun activities for kids (and their parents) to learn about how to treat the sewer system well.
