

# NORTH MERCER ISLAND/ENATAI Sewer Upgrade Project

## North Mercer Island/Enatai Sewer Upgrade Project Neighborhood Meeting

Thursday, November 9, 6-8 p.m.  
Mercer Slough Environmental Education Center  
1625 118th Ave SE, Bellevue, WA 98005

### Overview

As part of the North Mercer Island and Enatai Sewer Upgrade Project, King County Wastewater Treatment Division (WTD) will rehabilitate a portion of the existing pipeline using cured-in-place pipe (CIPP) rehabilitation. WTD will use the CIPP rehabilitation method in the water from Enatai Beach Park to the Sweyolocken Pump Station. Part of that work includes installation of grinder pumps on waterfront properties to divert sewage to functioning pipes while the work is occurring.

### Meeting Purpose

- Provide a project overview
- Share information about grinder pumps and their need
- Answer questions about property rights and easement needs
- Hear about community perspectives, concerns and questions

### Meeting Agenda

6:00 – 6:30 Arrive and opportunity to speak one on one with project team

6:30 -7:00 Presentation: overview of CIPP, grinder pumps, and associated property needs

7:00 – 7:45 Discussion

7:45-8:00 Next steps and adjourn

Thank you for joining us this evening. A meeting summary will be posted to the project website ([www.kingcounty.gov/.mercerenataisewer](http://www.kingcounty.gov/.mercerenataisewer)) when it is complete. Should you have any questions after the meeting, please contact Kristine Cramer at 206-477-5415 or [kristine.cramer@kingcounty.gov](mailto:kristine.cramer@kingcounty.gov).

**ALTERNATIVE FORMATS AVAILABLE**

**206-477-5371/ 711 (TTY Relay)**
