## NORTH MERCER ISLAND/ENATAI Sewer Upgrade Project

### **Potholing to locate underground utilities is underway. Expect delays along North Mercer Way**

King County Wastewater Treatment Division is continuing field investigations to inform design of a sewer upgrade project in Mercer Island and Bellevue. This week crews began potholing to locate underground utilities including gas, sewer, power, water and telecommunication lines. Knowing the location of existing underground utilities is a critical step in determining the exact location for the new sewer pipe.

**See map on reverse for exact locations of potholes.**

Vacuum truck at work

#### **What you can expect**

- One lane of traffic closed while work is underway.
- Flaggers will direct vehicle and pedestrian traffic around the work site, as necessary.
- Bike path access will be maintained.
- Work hours 9:30 a.m. to 3:00 p.m. Monday to Friday.
- All work is expected to be complete by the end of the year, depending on field conditions. Each pothole location will take less than one day to complete.
- No work on December 25 or 26.
- A vacuum truck will be located in the right-of-way until the work is complete.
- Increased noise while vacuum truck is in use.
- When work is complete, the site will be restored according to City of Mercer Island standards.

**Please watch for equipment and signs in the area, travel slowly to stay safe, and follow direction from flaggers.**
