

NORTH MERCER ISLAND/ENATAI Sewer Upgrade Project

February 16, 2018

Please join us for street “walk and talks” Saturday, March 3, to learn more about the North Mercer and Enatai Sewer Upgrade Project

Please join King County Wastewater Treatment Division on Saturday, March 3 for a ‘walk and talk’ from the North Mercer Pump Station to the corner of SE 22nd Way and 78th Ave SE. King County will upgrade the pump station as part of the North Mercer Island/Enatai Sewer Upgrade Project. Construction for the project will begin in 2020.

Between 10:00 and 11:00 a.m., project staff will walk around the pump station site and up to the corner of SE 22nd Way and 78th Ave SE with project neighbors to share the latest designs, gather feedback and answer questions.

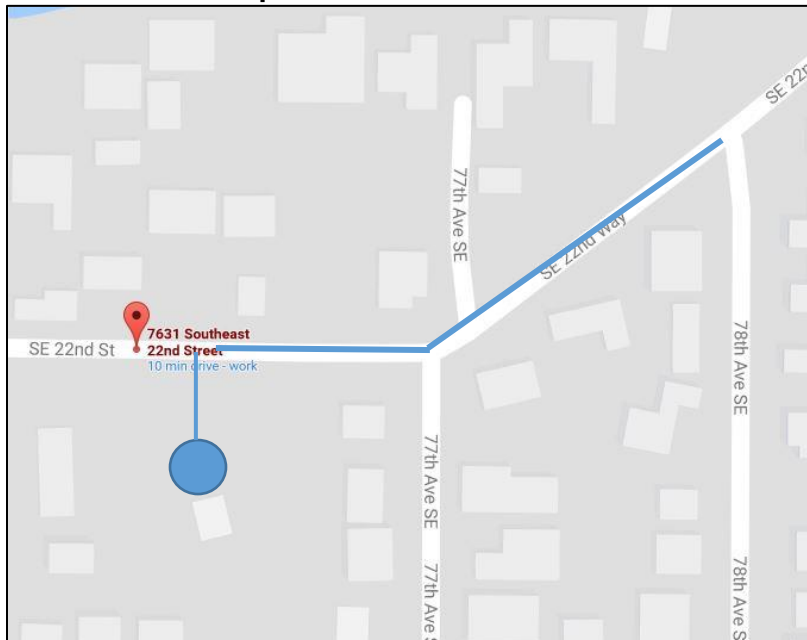

King County staff hold neighborhood “walk and talks” to help residents understand how projects will affect their street.

We’ll walk rain or shine, so please dress for the weather and wear sturdy shoes for walking.

To request special accommodations, please contact Kristine Cramer, kristine.cramer@kingcounty.gov or 206-477-5415.

North Mercer Pump Station to 78th Ave SE

Meet at the North Mercer Pump Station at 7631 S.E. 22nd Street at 10:00.

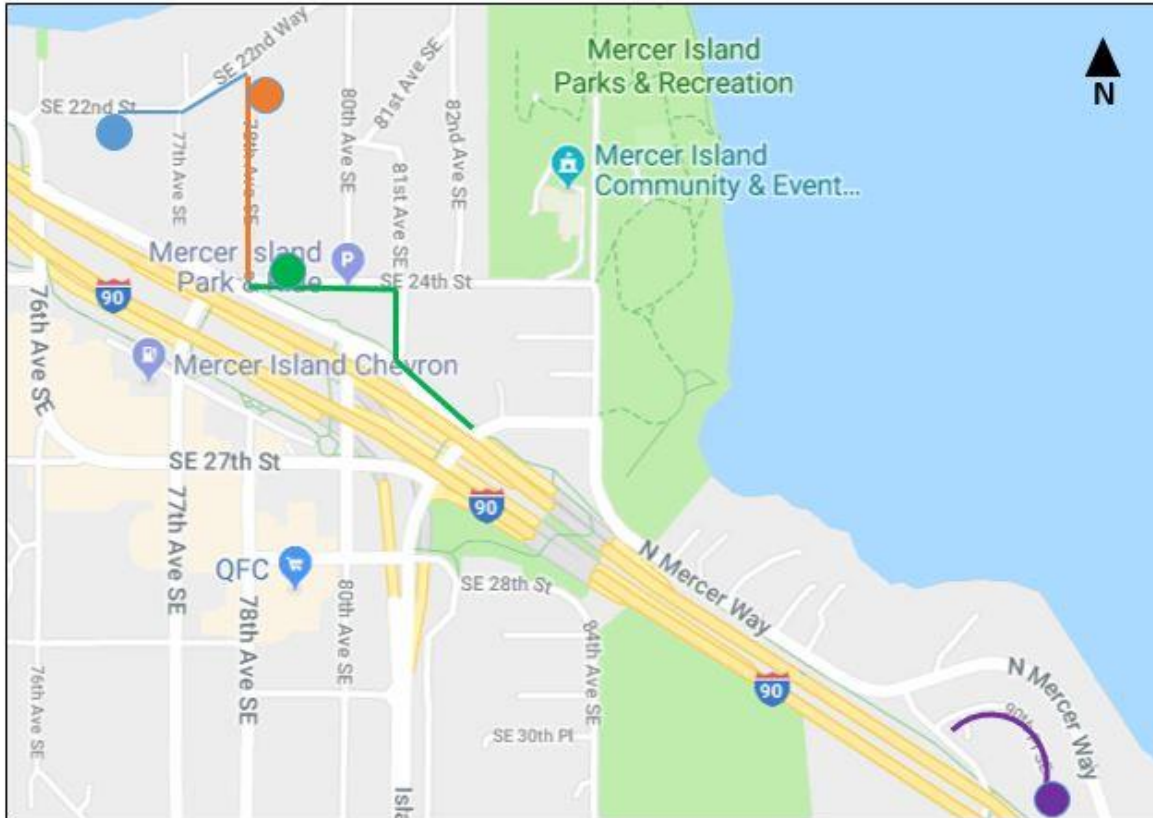

We will spend approximately 30 minutes at the pump station and then walk the sewer route up to the corner of 78th Ave S.E.

NORTH MERCER ISLAND/ENATAI Sewer Upgrade Project

You are welcome to attend one or multiple walk and talk sessions. Visit www.kingcounty.gov/MercerEnataiSewer for more detail on the other locations.
